describing statistical data sources and methodology LP **Educational Administration** Judith Chapman, 2020-08-04 Both the theory and practice of educational administration have undergone major changes in recent years. There is now more theoretical diversity in the field than at any other time, with influences from traditional and post-positivist science, subjectivism, ethics, critical theory, and cultural studies. Similarly, social, political, and economic factors have brought about new approaches to practice. Schools administration, in particular, is increasingly being dominated by decentralization and pressures for accountability on curriculum and educational outcomes. *Educational Administration* is the first Australian text to offer a comprehensive survey of theory, context, and practice. It includes chapters from leading Australian scholars such as Richard Bates, Hedley Beare, Brian Caldwell, Gabriele Lakowski, and Fazal Rizvi. *International Encyclopedia of Education*, 2009-04-17 The field of education has experienced extraordinary technological, societal, and institutional change in recent years, making it one of the most fascinating yet complex fields of study in social science. Unequaled in its combination of authoritative scholarship and comprehensive coverage, *International Encyclopedia of Education*, Third Edition, succeeds two highly successful previous editions (1985, 1994) in aiming to encapsulate research in this vibrant field for the twenty-first-century reader. Under development for five years, this work encompasses over 1,000 articles across 24 individual areas of coverage and is expected to become the dominant resource in the field. Education is a multidisciplinary and international field, drawing on a wide range of social sciences and humanities disciplines, and this new edition comprehensively matches this diversity. The diverse background and multidisciplinary subject coverage of the Editorial Board ensure a balanced and objective academic framework, with 1,500 contributors representing over 100 countries capturing a complete portrait of this evolving field. A totally new work, revamped with a wholly new editorial board structure and brand new list of meta-sections and articles, developed by an international panel of editors and authors drawn from senior academia. Web-enhanced with supplementary multimedia audio and video files hotlinked to relevant references and sources for further study. Incorporates ca. 1,350 articles with timely coverage of such topics as technology and learning, demography, and social change, globalization, and adult learning, to name a few. Offers two content delivery options: print and online, the latter of which provides anytime, anywhere access for multiple users and superior search functionality via ScienceDirect, as well as multimedia content including audio and video files. **Financialization, Financial Literacy, and Social Education** Thomas A. Lucey, 2021-09-30 The objective of this book is to prompt a re-examination of financial literacy, its social foundations, and its relationship to citizenship education. The collection includes topics that concern indigenous people's perspectives, critical race theory, and transdisciplinary perspectives, which invite a dialogue about the ideologies that drive traditional and critical perspectives. This volume offers readers opportunities to learn about different views of financial literacy from a variety of sociological, historical, and cultural perspectives. The reader may perceive financial literacy as representing a multifaceted concept best interpreted through a non-segregated lens. The volume includes chapters that describe groundings for revising

standards provide innovative teaching concepts and offer unique sociological and historical perspectives This book contains 13 chapters with each one speaking to a distinctive topic that taken as a whole offers a well rounded vision of financial literacy to benefit social education its research and teaching Each chapter provides a response from an alternative view and the reader can also access an eResource featuring the authors rejoinders It therefore offers contrasting visions about the nature and purpose of financial education These dissimilar perspectives offer an opportunity for examining different social ideologies that may guide approaches to financial literacy and citizenship along with the philosophies and principles that shape them The principles that teach and inform about financial literacy defines the premises for base personal and community responsibility The work invites researchers and practitioners to reconsider financial literacy financial education and its social foundations The book will appeal to a range of students academics and researchers across a number of disciplines including economics personal finance personal economics business ethics citizenship moral education consumer education and spiritual education

Reforming Schools Kimberly Kinsler, Mae Gamble, 2004-12-30 *Reforming Schools* will transform the study of school reform development and improvement It not only provides an overview of research findings professional and political issues and policy developments and their history it also relates such thinking to practice through a rich and multi faceted case study of school reform Particular emphasis is given to urban schooling with a candid look at what can be learnt not only from successful school reforms but also from failure The authors provide questions and exercises throughout to help readers interact with case study material *Reforming Schools* enables the readers to experience what it is like to work in the field in a way that no other book on school reform does
