Marcos Lopez Fotografias:

Marcos López Marcos López,1993 **Debut and Farewell** Marcos López,Valeria González,2010 Photographer Marcos López has been celebrated internationally for his Pop Latina take on his native Argentina in which the country is portrayed as a painted cardboard shopping center that flutters in the Patagonian winds This survey collects all of his work from the 1970s to the present tracking his abrupt change to color photography and his recent documentary projects **Marcos López** Marcos López,2003 *Urban Photography in Argentina* David William Foster,2007-08-17 This work examines the cultural impact of photography in Argentina following the end of the country's military dictatorship in the early 1980s The interpretive study surveys nine modern photographers in Argentina Marcelo Brodsky Gabriel Valansi Eduardo Gil Gaby Messina Adriana Lestido Gabriel Diaz Marcos Lopez Silvio Fabrykant and Gabriela Liffschitz and covers the major themes in each of their works The author details each photographer's cultural and artistic contributions and provides a listing of the websites where their works can be viewed *Argentine, Mexican, and Guatemalan Photography* David William Foster,2014-10-01 One of the important cultural responses to political and sociohistorical events in Latin America is a resurgence of urban photography which typically blends high art and social documentary But unlike other forms of cultural production in Latin America photography has received relatively little sustained critical analysis This pioneering book offers one of the first in depth investigations of the complex and extensive history of gendered perspectives in Latin American photography through studies of works from Argentina Mexico and Guatemala David William Foster examines the work of photographers ranging from the internationally acclaimed artists Graciela Iturbide Pedro Meyer and Marcos López to significant photographers whose work is largely unknown to English speaking audiences He grounds his essays in four interlocking areas of research the experience of human life in urban environments the feminist matrix and gendered cultural production Jewish cultural production and the ideological principles of cultural works and the connections between the works and the sociopolitical and historical contexts in which they were created Foster reveals how gender marked photography has contributed to the discourse surrounding the project of redemocratization in Argentina and Guatemala as well as how it has illuminated human rights abuses in both countries He also traces photography's contributions to the evolution away from the masculinist dominated post 1910 Revolution ideology in Mexico This research convincingly demonstrates that Latin American photography merits the high level of respect that is routinely accorded to more canonical forms of cultural production

Photography in Argentina Idurre Alonso,Judith Keller,2017-09-15 From its independence in 1810 until the economic crisis of 2001 Argentina has been seen in the national and international collective imaginary as a modern country with a powerful economic system a massive European immigrant population an especially strong middle class and an almost nonexistent indigenous culture In some ways the early history of Argentina strongly resembles that of the United States with its march to the prairies and frontier ideology the image of the cowboy as a national symbol equivalent to the Argentine

gaucho the importance of the immigrant population and the advanced and liberal ideas of the founding fathers But did Argentine history truly follow a linear path toward modernization How did photography help shape or deconstruct notions associated with Argentina Photography in Argentina examines the complexities of this country's history stressing the heterogeneity of its realities and especially the power of constructed photographic images that is the practice of altering reality for artistic expression an important vein in Argentine photography Influential specialists from Argentina have contributed essays on various topics such as the shaping of national myths the adaptation of gesture as related to the disappeared during the dictatorship period the role of contemporary photography in the context of recent sociopolitical events and the reinterpreting of traditional notions of documentary photography in Argentina and the rest of Latin America

Image and Memory Wendy Watriss, Lois Parkinson Zamora, 1998 FotoFest 1992 a major festival of international photography brought Latin American photography into focus for a wide audience Offering a diverse selection of photographers countries artistic movements and subject matter the show revealed a photographic tradition rich in history and creativity Drawing from the more than 1 000 images exhibited by FotoFest this book documents the work of fifty two photographers from ten countries The photographs range from the opening of the Brazilian frontier in the 1880s to a secret archive of documentary images from El Salvador's recent civil war to works of specifically aesthetic intent Many of the photographs appear here in print for the first time Watriss's opening essay provides the curatorial overview for the book Lois Zamora examines the roots of visual image making in Latin American cultures Boris Kossoy addresses the history of Latin American photography through the nineteenth century while Fernando Castro covers the contemporary scene With its compelling images and English Spanish text this book will serve as a benchmark for future studies of photography in Latin America

Artbibliographies Modern, 1995 Abstracts of journal articles books essays exhibition catalogs dissertations and exhibition reviews The scope of ARTbibliographies Modern extends from artists and movements beginning with Impressionism in the late 19th century up to the most recent works and trends in the late 20th century Photography is covered from its invention in 1839 to the present A particular emphasis is placed upon adding new and lesser known artists and on the coverage of foreign language literature Approximately 13 000 new entries are added each year Published with title LOMA from 1969 1971

Fotografía latinoamericana, 2008 The collection of photographs of Anna Gamazo de Abell was conceived on the basis of two criteria geographical it embraces Latin America and Spain and chronological it consists solely of photographs taken after the beginning of the twentieth century This book is limited to the Latin American context The collection reflects the diversity of influences to which the different regions are subject The works of Francisco Toledo and Mart n Chambi for example draw on the indigenous legacies of Mexico and Peru those of Horacio Coppola and Paolo Gasparini reflect its European ancestry and the documentary images of Jos Luis Venegas in Tijuana show the influence of the United States Rather than attempt to give an idea of Latin American photography as a whole we have sought to isolate

significant groups of work by a small number of artists such as Gabriel Orozco Milagros de la Torre and Juan Manuel Echavarr a Publisher

Arte argentino de los 90 Fabián Lebenglik, Gustavo Bruzzone, 2024-09-16 El material aquí reunido fue pensado y escrito durante los años noventa o apenas concluida la década Y ahora se publica por primera vez cuando el interés por el arte argentino de aquellos años sigue creciendo de manera muy notoria local e internacionalmente Fabián Lebenglik desde la crítica militante y Gustavo Bruzzone desde el coleccionismo y el registro programático en video de la escena de aquellos años fueron testigos y protagonistas del fenómeno y presentan aquí un volumen exhaustivo y heterogéneo cuya primera parte está dedicada a un conjunto de ensayos especialmente comisionados y escritos apenas clausurado el siglo XX por especialistas que vieron y pensaron muy bien las artes visuales argentinas de aquel período La segunda parte del volumen se compone de una amplia selección de artículos reseñas y entrevistas de Lebenglik publicados entre 1990 y 1999 en el diario Página 12 La tercera parte reúne decenas de testimonios de los protagonistas de las artes visuales de entonces que hoy se resignifican por su lucidez Por último al final del recorrido se encontraron completas cronologías de las exposiciones artistas y lugares de exhibición

Fotografía de creación José Gómez Isla, 2016-06-30 El presente ensayo pretende ofrecer una amplia panorámica del uso heterogéneo y dispar que los creadores contemporáneos han venido haciendo con la fotografía sobre todo en las últimas décadas Resulta complejo por no decir difícil delimitar la frontera entre fotografía de creación y cualquier otro tipo de práctica fotográfica pues buena parte de estos artistas han promovido la amateurización y el mestizaje del medio fotográfico como recurso estético contraviniendo así las tesis clásicas que defendían el virtuosismo o el profundo conocimiento técnico como condiciones indispensables para legitimar cualquier discurso genuino de autor Con el apoyo de una amplia selección de obras fotográficas de los creadores más emblemáticos de las últimas décadas y un discurso tan accesible como pleno de datos la obra permite recorrer la historia de la fotografía contemporánea y dilucidar sus principales claves De indudable interés para estudiantes aficionados y especialistas de la fotografía la obra resulta igualmente atractiva para un público general más amplio atento a la creación contemporánea y a la que es sin duda una de sus disciplinas más productivas e innovadoras

Escritos en carbonilla Horacio González, 2006

Latin American Art, 1993

Pasado de moda, 2016-06-06 La moda siempre ha sido parte de la historia argentina pero como afirma el presente volumen también ha tenido sus propias historias para contar Tiene un pasado de moda revelado continuamente en los procesos culturales y en las nuevas filosofías que afirman una diversidad de estilos y tendencias Con un enfoque detenido en los momentos clave que definen la moda desde el siglo XVIII hasta nuestros días los ensayos de este libro dan cuenta de las múltiples relaciones entre la moda y la identidad nacional hasta llegar a la complejidad de nuestra época posmoderna global rápida y sumamente mediatizada heterogénea y líquida a la vez Por medio de una perspectiva interdisciplinaria y de un paciente trabajo de archivo esta obra colectiva aborda el problema de la traducción cultural y la necesaria lectura de la cultura material como base de la historia y ofrece en su conjunto un riguroso acercamiento a la moda y su lugar en los debates sobre política cuerpo y nación

La imagen compleja Josep Mengual Català, Josep M. Català Doménech, 2005 El autor propone la idea de imagen compleja como una nueva forma de pensar las imágenes dado que las nuevas complejidades de la imagen proponen situaciones híbridas por las que las dos formas de gestión del conocimiento cultura textual y cultura visual se alían a favor de la comprensión de una realidad también compleja que no admite las vicisitudes de antiguos paradigmas como el de la imagen mimética que han regido la comprensión de lo visual hasta muy recientemente Como ejemplo concreto de imagen compleja se propone el estudio de la interfaz entendida como nuevo modelo mental que nos impulsa a pensar de forma distinta las relaciones entre sujeto y objeto y entre espectador e imágenes como el propio funcionamiento de esta investigando el concepto de metáfora visual y proponiendo una alianza entre el saber y la imagen como salida al estancamiento de una cultura atascada en un temor a la imagen de raíces ancestrales pero obsoletas tras más de un siglo de continua y completa visualización de lo real

Nacho Lopez, Mexican Photographer John Mraz, 2003 Annotation Photographer Nacho Lopez was Mexico's Eugene Smith fusing social commitment with searing imagery to dramatize the plight of the helpless the poor and the marginalized in the pages of glossy illustrated magazines Even today Lopez's photographs forcefully belie the picturesque exoticism that is invariably presented as the essence of Mexico In *Nacho Lopez Mexican Photographer* John Mraz offers the first full length study in English of this influential photojournalist and provides a close visual analysis of more than fifty of Lopez's most important photographs Mraz first sets Lopez's work in the historical and cultural context of the authoritarian presidentialism that characterized Mexican politics in the 1950s the cult of wealth and celebrity promoted by Mexico's professional photographers and the government's attempts to modernize and industrialize Mexico at almost any cost Mraz skillfully explores the implications of Lopez's imagery in this setting the extent to which his photographs might constitute further victimization of his downtrodden subjects the relationship between them and the middle class readers of the magazines for which Lopez worked and the success with which his photographs challenged Mexico's economic and political structures Mraz contrasts the photos Lopez took with those that were selected by his editors for publication He also compares Lopez's images with his theories about documentary photography and considers Lopez's photographs alongside the work of Robert Capa Dorothea Lange Henri Cartier Bresson and Sebastiao Salgado Lopez's imagery is further analyzed in relation to the Mexican Golden Age cinema inspired by Sergei Eisenstein the pioneering digital imagery of Pedro Meyer and the work of Manuel Alvarez Bravo who Mraz provocatively argues was the first Mexican photographer to take an anti picturesque stance The definitive English language assessment of Nacho Lopez Los límites de la fotografía, 1996 **Crisis in Buenos Aires**
