Czigányik,2023-01-01 This book focuses on the most important utopian and dystopian literary texts in nineteenth and twentieth century Hungarian literature and therefore widens the scope of the traditionally Anglophone canon Utopian studies is becoming increasingly interdisciplinary and this research integrates literary hermeneutics with ideas and methods from political science and the history of ideas In doing so it argues that Hungarian utopianism was influenced by the region s and Hungarian culture s position of permanent liminality between Western and Eastern European patterns of power structures social and political order After a thorough methodological introduction some early modern texts written in Hungary are discussed while the detailed analyses focus on nineteenth century texts written by Bessenyei Mad ch and J kai whereas the twentieth century is represented by Karinthy Babits and Szathm ri In the interpretations the results of contemporary scholarship is applied particularly the works of Lyman Tower Sargent Gregory Claeys and F tima Vieira      **Queens, Queenship, and Natural Resource Management in Premodern Europe, 1400-1800** Susan Broomhall,Clare

Davidson,2025-04-14 This innovative collection examines how European queens participated in the conceptualisation mobilisation and transformation of natural resources from the fifteenth to the end of the eighteenth century Early modern queens interacted with human and nonhuman worlds through natural resource management activities that have rarely been the focus of sustained historical analysis This volume engages with the wide range of nonhuman materials living and inanimate that premodern queens had the power to direct and dispose of to utilise enjoy and commercialise to visualise and commemorate and even to destroy on and in their lands forests waterways and oceans Both queenship and natural resource management were configured by contemporary gender ideologies which structured a dynamic relationship between queenship and the more than human world The case studies in this collection explore how queens natural resource management was impacted by their cultural and personal contexts particularly their changing status as queens regnant consort dowager or regent The contributors draw on diverse materials and employ a variety of historical approaches including political economic cultural literary legal and animal studies to demonstrate how queens interacted with the nonhuman world and how their engagements were embedded in premodern gender rules This collection will be of great value for undergraduate and postgraduate students and scholars in gender and women s history environmental history queenship studies and early modern studies      **World Monarchies and Dynasties** John Middleton,2015-06-01 Throughout

history royal dynasties have dominated countries and empires around the world Kings queens emperors chiefs pharaohs czars whatever title they ruled by monarchs have shaped institutions rituals and cultures in every time period and every corner of the globe The concept of monarchy originated in prehistoric times and evolved over centuries right up to the

present Efforts to overthrow monarchies or evade their rule such as the American French Chinese and Russian revolutions are considered turning points in world history Even today many countries retain their monarchies although in vastly reduced form with little political power One cannot understand human history and government without understanding monarchs and monarchies This fully illustrated encyclopedia provides the first complete survey of all the major rulers and ruling families of the world past and present No other reference work approaches the topic with the same sense of magnitude or connection to historical context Arranged in A Z format for ease of access World Monarchies and Dynasties includes information on major monarchs and dynasties from ancient time to the present This set includes overviews of reigns and successions genealogical charts and dynastic timelines addresses concepts problems and theories of monarchy provides background and information for further research highlights important places structures symbols events and legends related to particular monarchs and dynasties includes a master bibliography and multiple indexes
