## **Marianne Williamson On Simplicity:**

*A Simplicity Revolution: Finding Happiness in the New Reality* Sue Schell, 2011-08-31 Optimism had been a mainstay since the post World War II days Few of us expected the economic slowdown would be more than a pause A SIMPLICITY REVOLUTION FINDING HAPPINESS IN THE NEW REALITY is a commentary on Americas Boom and Bust decade and the Corporatocracy that caused it The book is divided into chapters full of practical advice to assist readers on their personal lifestyle journeys We now can see that Americas desire to supersize everything was unsustainable What economists refer to as Americas New Normal Author Sue Schell calls our New Reality She writes After millions of people lost their jobs and some ultimately their homes we had heightened anxiety over the possibility that Americas best days may be behind us Would our American Dream survive for future generations What was to become of the vanishing middle class Anthropology Professor Dr Robert Launay of Northwestern University penned the forward to the book He writes The challenges we are facing are new and so the solutions and values we forge to meet them must also be new Here Sue Schell has hit the nail on the head A Simple life is not about frugality It is about living an authentic life that lets you live the life that you dream of living A life that is rooted not in the stuff you own but in your relationships with family and friends This may very well prove to be the silver lining we find in this Great Recession By M W Carlson U S Feeling lost and disillusioned after the financial crash and never ending recession Maybe you lost your job or are working at a job you hate You re not alone This book helped me sort things out and clarify what s most important for long term happiness According to this author there are four guideposts to a simpler life 1 protect our environment 2 always be financially responsible 3 use thoughtful consumption and 4 community involvement This all makes perfect sense you say yet it does need reinforcement which author Schell does effectively with her own life stories You get the feeling she is a person with compassion for others something we need more of these days No matter what stage of life you re in you will benefit from reading this book It may give you some new ideas about how to approach life how to get more satisfaction from your life or it may reinforce what you re already doing Either way GET THIS BOOK AND READ IT you ll feel more hopeful thoughtful and even peaceful after reading it It s funny too You ll enjoy the related quotes from famous historical figures Thoreau da Vinci Confucius to name a few After all simplicity isn t new but we need to be reminded during these difficult times By the way my 80 something year old mom read this and liked it too

**Simplicity and Success** Bruce Elkin, 2006-09-29 I would not give a fig for the simplicity this side of complexity but I would give my life for the simplicity on the other side of complexity Oliver Wendell Holmes Crafting a simple life would be easy if getting rid of stress and clutter was all that simplicity seekers sought but it isn t we also seek success We long to create results that matter in our lives work and relationships However by defining simplicity as a solution to life s stress and complexity many approaches point us toward relief rather than results Because relief is usually temporary we often oscillate between simplicity and success without realizing either At best the simplicity we achieve is the simplicity on this side of

complexity Simplicity and Success Creating the Life You Long For will help you go beyond merely getting rid of what you don't want It will help you discover what you love and create a life that shows it It will help you integrate conflicting desires by shifting your focus from solving problems to creating what matters It will empower you to embrace life's complexity appreciate its richness and move through its often chaotic messiness to the deep lasting and fulfilling simplicity on the other side of complexity Driven by vision grounded in reality and focused on results that matter this simple yet powerful approach will help you simplify your life achieve the success you long for and feel energized authentic and whole *The Simplicity of God's Plan* Sandra Thompson Davis, 2011-01-12 I have been close to my Lord Jesus and my God since age 6 I live in SE TN USA with my husband of 47 years We have two grown sons and four grandchildren I am a retired teacher who writes about everything But this book came to me by the Holy Spirit in January of 2010 I published it only because it is a book I know God wants many people to have I never thought to have a book published until this one came along But it is a book that I cannot lay aside and forget I know my great God will send it out to those who can benefit from it I pray that you will give a copy of this book to those whom you know need it It is not a Bible study book but rather a book for those who have been skeptical about the Bible and for those who disregarded it as a work of fiction Time is short for this world My heart hurts for everyone who does not know my Jesus I pray this book will help many come to Him and accept Him as their Savior and Lord
