R. James, 1978 Mariners, Renegades and Castaways C. L. R. James, 1984-10-01 **Turncoats, Traitors, and Fellow Travelers** Arthur F. Redding, 2008 The Cold War was unique in the

way films books television shows colleges and universities and practices of everyday life were enlisted to create American political consensus This coercion fostered a seemingly hegemonic nationally unified perspective devoted to spreading a capitalist socially conservative notion of freedom throughout the world to fight Communism This book traces the historical contours of this manufactured consent by considering the ways in which authors playwrights and directors participated in responded to and resisted the construction of Cold War discourses **C.L.R. James** Kent Worcester, 1996-01-01 A

fascinating immensely readable biography of one of the most important radical intellectuals of the twentieth century

Black Empire Michelle Ann Stephens, 2005-07-18 Explores the writings of Marcus Garvey Claude McKay and C L R James and argues that these black transnationals articulated a novel conception of black identity that reconfigures the meaning of American nationality **The Cambridge Companion to Transnational American Literature** Yogita Goyal, 2017-02-15

This book provides a new map of American literature in the global era analyzing the multiple meanings of transnationalism

Virtual Americas Paul Giles, 2002-08-15 A discussion on the ways in which representations in the U S have been deflected from mythic to virtual phenomena in literary and cultural works of the modern era A A Historical Guide to James Baldwin Douglas Field, 2009-09-24 With contributions from major scholars of African American literature history and cultural studies A Historical Guide to James Baldwin focuses on the four tumultuous decades that defined the great author s life and art Providing a comprehensive examination of Baldwin s varied body of work that includes short stories novels and polemical essays this collection reflects the major events that left an indelible imprint on the iconic writer civil rights black nationalism and the struggle for gay rights in the pre and post Stonewall eras The essays also highlight Baldwin s understudied role as a trans Atlantic writer his lifelong struggle with faith and his use of music especially the blues as a key to unlock the mysteries of his identity as an exile an artist and a black American in a racially hostile era *Resisting Racial Capitalism* Ida Danewid, 2023-11-30 Excavates a global archive of refusal and ungovernability which challenges the statist political imagination of our time *A William V. Spanos Reader* Daniel T. O'Hara, Michelle Martin, Donald Pease, 2015-05-30 The American critic William V Spanos a pioneer of postmodern theory and co founder of one of its principal organs the journal boundary 2 is in the words of A William V Spanos Reader coeditor Daniel T O Hara everything that current post modern theory is accused of not being polemical engaged prophetic passionate Informed by his experience as a prisoner of

Spanos,2008-08-21 Oriented by the new Americanist perspective this book constitutes a rereading of Herman Melville's most prominent fiction after *Moby Dick* In contrast to prior readings of this fiction William V Spanos's interpretation takes as its point of departure the theme of spectrality precipitated by the metaphor of orphanage disaffiliation from the symbolic fatherland on the one hand and the myth of American exceptionalism on the other that emerged as an abiding motif in Melville's creative imagination This book voices an original argument about Melville's status as an American writer and foregrounds Melville's remarkable anticipation and critique of the exceptionalism that continues to drive American policy in the post 9 11 era **Weak Planet** Wai Chee Dimock,2020-11-10 Exploring weakness and vulnerability from the origins of

American literature to the present she provocatively argues for collateral resilience Viet Thanh Nguyen Pulitzer Prize winning author *Vulnerability* We see it everywhere In once permanent institutions In runaway pandemics In democracy itself And most frighteningly in ecosystems with no sustainable future Against these large scale hazards of climate change what can literature teach us This is the question Wai Chee Dimock asks in *Weak Planet* proposing a way forward inspired by works that survive through kinship with strangers and with the nonhuman world Drawing on Native American studies disability studies and environmental humanities Dimock shows how hope can be found not in heroic statements but in incremental and unspectacular teamwork Reversing the usual focus on hegemonic institutions she highlights instead incomplete gestures given an afterlife with the help of others She looks at Louise Erdrich's and Sherman Alexie's user amended captivity narratives nontragic sequels to *Moby Dick* by C L R James Frank Stella and Amitav Ghosh induced forms of Irishness in Henry James Colm T ib n W B Yeats and Gish Jen and the experimentations afforded by a blurry Islam in works by Henri Matisse James Joyce Ezra Pound and Langston Hughes Celebrating literature's durability as an assisted outcome *Weak Planet* gives us new ways to think about our collective future *Weak Planet* invites us to reflect on the deep interconnections between two threatened extinctions that of the humanities and that of a host of animal species not least our own The book is nothing short of a radical reorientation of literary history Stephen Best author of *None Like Us* *Blackness Belonging*

Aesthetic Life **Unbecoming Americans** Joseph Keith,2013-01-10 During the Cold War Ellis Island no longer served as the largest port of entry for immigrants but as a prison for holding aliens the state wished to deport The government criminalized those it considered unassimilable from left wing intellectuals and black radicals to racialized migrant laborers through the denial annulment and curtailment of citizenship and its rights The island ceasing to represent the iconic ideal of immigrant America came to symbolize its very limits *Unbecoming Americans* sets out to recover the shadow narratives of un-American writers forged out of the racial and political limits of citizenship In this collection of Afro Caribbean Filipino and African American writers C L R James Carlos Bulosan Claudia Jones and Richard Wright Joseph Keith examines how they

used their exclusion from the nation a condition he terms alienage as a standpoint from which to imagine alternative global solidarities and to interrogate the contradictions of the United States as a country a republic and an empire at the dawn of the American Century Building on scholarship linking the forms of the novel to those of the nation the book explores how these writers employed alternative aesthetic forms including memoir cultural criticism and travel narrative to contest prevailing notions of race nation and citizenship Ultimately they produced a vital counter discourse of freedom in opposition to the new formations of empire emerging in the years after World War II forms that continue to shape our world today

C. L. R. James Aldon Lynn Nielsen, 2010-12 This study of C L R James s writings is the first to look at them as literature and not as theory This sustained analysis of his major published works places them in the context of his less well known writings and offers an encompassing critique of one of the African diaspora s most significant thinkers and writers Here the author of *Black Jacobins* *World Revolution A History of Pan African Revolt* *Beyond a Boundary* and the lyric novel *Minty Alley* is seen not only as among the great political philosophers but also as the literary artist that he remained from his first writings in his native Trinidad through his underground years in America to his final essays and speeches in London The writings of James have inspired revolutionaries on three continents They have altered the course of historiography shown that way toward independent black political struggles and established a base for much of today s study of culture This study evaluates them as powerful works of literature **Aesthetics in a Multicultural Age** Emory Elliott, Louis Freitas Caton, Jeffrey Rhyne, 2002 Papers from conference titled *Aesthetics and Difference* held October 22-24 1998 by the Center for Ideas and Society at the University of California Riverside *A Companion to Herman Melville* Wyn Kelley, 2015-06-24 In a series of 35 original essays this companion demonstrates the relevance of Melville s works in the twenty first century Presents 35 original essays by scholars from around the world representing a range of different approaches to Melville Considers Melville in a global context and looks at the impact of global economies and technologies on the way people read Melville Takes account of the latest and most sophisticated scholarship including postcolonial and feminist perspectives Locates Melville in his cultural milieu revising our views of his politics on race gender and democracy Reveals Melville as a more contemporary writer than his critics have sometimes assumed
