Mario Merz ,1984 **Mario Merz** Mario Merz,Susan Krane,Albright-Knox Art Gallery,Hallwalls (Museum),1984 Mario Merz the late great proponent of Arte Povera envisioned the contemporary artist as a nomad ever mediating and meditating on the relationship between nature and culture He began to make work after his arrest in 1945 for anti fascist activities confined to jail he drew incessantly on whatever material he could find After his release he painted first in oil on canvas then began to pierce the canvas as well as objects such as bottles umbrellas and raincoats with neon tubes symbolically infusing them with energy In 1968 Merz adopted one of his signature motifs the igloo symbol of the transitory artist At base a metal skeleton the igloo could be covered with site specific fragments of clay wax mud glass burlap or bundles of branches and decorated with political or literary phrases in neon tubing Merz s iconography later came to incorporate the Fibonacci formula of mathematical progression 1 2 3 5 8 13 21 34 stacked newspapers archetypal animals motorcycles and the table symbol of the human need for fulfillment and interaction This posthumous monograph is the most complete publication on the artist It includes documentation of his entire artistic production including paintings sculptures installations drawings neon and Fibonacci series work plus many previously unpublished materials With a comprehensive history of Merz s career a bibliography a biographic chronology and critical essays it offers a deep and deserving reflection of the artist and his significant role in twentieth century art Mario Merz ,1984 *Mario Merz* ,1984 *Mario Merz : Paintings and Constructions* Fine Arts Academy (Buffalo). Art and Architecture Division,1975 **New York Magazine** ,1972-01-03 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Bridget Riley: Recent Paintings 2014-2017** Bridget Riley,Richard Shiff,2018-11-20 The quest for discovery through looking is the driving force of Bridget Riley s work as she has written More than anything else I want my paintings to exist on their own terms That is to say they must stealthily engage and disarm you There the paintings hang deceptively simple telling no tales as it were resisting in a well behaved way all attempts to be questioned probed or stared at and then for those with open eyes serenely disclosing some intimations of the splendors to which pure sight alone has the key This publication unfolds along the lines of Riley s 2018 exhibition at David Zwirner London Beginning with an exploration of black and white equilateral triangles Riley leads the viewer into an awareness of the ways in which a surface wall or canvas can affect a seemingly simple form the triangle While she demonstrates these subtle changes Riley manipulates this form by bending its sides At first sight the viewer may experience this as a breaking apart but as one continues to look serpentine movements appear or large shadowy triangles which advance and recede These paintings constantly reinvent themselves through looking Riley is revisiting and developing works which she initiated over fifty years ago as is shown here by the inclusion of Black to White Discs 1962 1965 in the exhibition This diamond formation of discs which graduates in tone from white to black and back again offers a lead in to her new body of work In Cosmos and the Measure for Measure series Riley recalls a group of subtly shaded colors used this time in discs While the compositions remain fundamentally the same the play of colors changes every time The exhibition ends with a surprisingly spacious wall painting that offers the viewer many delights not least among them a dance of fugitive white lights Here Riley disarms the viewer encouraging us once again in an adventure of discovery In his essay Richard Shiff explores Riley s ability to give new life to basic forms as she invites the audience any audience to help participate in the painting **Tunnels and Underground Cities. Engineering and Innovation Meet Archaeology, Architecture and Art** Daniele Peila,Giulia Viggiani,Tarcisio Celestino,2020-05-18 Tunnels and Underground Cities Engineering and Innovation meet Archaeology Architecture and Art Volume 1 Archaeology Architecture and Art in Underground Construction contains the contributions presented in the eponymous Technical Session during the World Tunnel Congress 2019 Naples Italy 3 9

May 2019 The use of underground space is continuing to grow due to global urbanization public demand for efficient transportation and energy saving production and distribution The growing need for space at ground level along with its continuous value increase and the challenges of energy saving and achieving sustainable development objectives demand greater and better use of the underground space to ensure that it supports sustainable resilient and more liveable cities The contributions cover a wide range of topics from urban tunnelling under archaeological findings in Naples Italy with ground freezing and grouting techniques via the functional role of heritage in metro projects to interdisciplinary research in geotechnical engineering and geoarchaeology a London case study The book is a valuable reference text for tunnelling specialists owners engineers archaeologists architects artists and others involved in underground planning design and building around the world and for academics who are interested in underground constructions and geotechnics **Rome** Robert Hughes, 2011-11-01 From Robert Hughes one of the greatest art and cultural critics of our time comes a sprawling comprehensive and deeply personal history of Rome as city as empire and crucially as an origin of Western art and civilization two subjects about which Hughes has spent his life writing and thinking Starting on a personal note Hughes takes us to the Rome he first encountered as a hungry twenty one year old fresh from Australia in 1959 From that exhilarating portrait he takes us back more than two thousand years to the city's foundation one mired in mythologies and superstitions that would inform Rome's development for centuries From the beginning Rome was a hotbed of power overweening ambition desire political genius and corruption Hughes details the turbulent years that saw the formation of empire and the establishment of the sociopolitical system along the way providing colorful portraits of all the major figures both political Julius Caesar Marcus Aurelius Nero Caligula and cultural Cicero Martial Virgil to name just a few For almost a thousand years Rome would remain the most politically important richest and largest city in the Western world From the formation of empire Hughes moves on to the rise of early Christianity his own antipathy toward religion providing rich and lively context for the brutality of the early Church and eventually the Crusades The brutality had the desired effect the Church consolidated and outlasted the power of empire and Rome would be the capital of the Papal States until its annexation into the newly united kingdom of Italy in 1870 As one would expect Hughes lavishes plenty of critical attention on the Renaissance providing a full survey of the architecture painting and sculpture that blossomed in Rome over the course of the fourteenth through the sixteenth centuries and shedding new light on old masters in the process Having established itself as the artistic and spiritual center of the world Rome in the seventeenth eighteenth and nineteenth centuries saw artists and eventually wealthy tourists from all over Europe converging on the bustling city even while it was caught up in the nationalistic turmoils of the Italian independence struggle and war against France Hughes keeps the momentum going right into the twentieth century when Rome witnessed the rise and fall of Italian Fascism and Mussolini and took on yet another identity in the postwar years as the fashionable city of La Dolce Vita This is the Rome Hughes himself first encountered and it's one he

contends perhaps controversially has been lost in the half century since as the cult of mass tourism has slowly ruined the dazzling city he loved so much Equal parts idolizing blasphemous outraged and awestruck Rome is a portrait of the Eternal City as only Robert Hughes could paint it New York Magazine ,1985-12-23 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Studio International ,1975 **New York Magazine** ,1984-03-12 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
