John N. Vaughan

Megachurches And Americas Cities How Churches Grow:

Megachurches & America's Cities John N. Vaughan, 1993 Church growth specialist Vaughan observes that growth numerical and nurture is the natural result of compassion and that churches grow when people find concerned love in them Vaughan maintains The issue is not small churches versus large churches The major issue remains biblical obedience faith and reproductive multiplication as believers **The Routledge Handbook of Megachurches** Afe Adogame, Chad M. Bauman, Damaris Parsitau, Jeaney Yip, 2024-05-07 The Routledge Handbook of Megachurches provides a survey of global megachurch phenomena with an international slate of authors introducing existing and emerging research on a wide variety of relevant topics Over the past decade the field of megachurch studies has matured and become global in its scope and orientation The Handbook offers 33 chapters by top scholars in the field focusing in particular on The location demographic nature and transnational connections of megachurches Megachurch worship hermeneutics and theology in theory and practice Megachurch institutional dynamics The various ways that megachurches have both influenced and been influenced by their social contexts in terms of class age gender sexuality and pop culture The Handbook s interdisciplinary orientation makes it essential reading for sociologists political scientists anthropologists media specialists pop culture observers business strategists leadership consultants marketing analysts scholars of religion and Christian historians theologians and missiologists Experienced scholars of megachurches will gain valuable insight into aspects of megachurch research beyond their own specializations Scholars new to the field will find the chapters useful as signposts for where to begin their own academic exploration Christian pastors and laypeople will learn more about this increasingly prominent and influential form of their faith *Megachurches in Africa* Babatunde A. Adedibu, Felicity Apaah, Okelloh Ogera, Benson O. Igboin, 2024-10-04 The idea of megachurch is pivotal to the nature characteristics and vision of megachurches as a social divine structure grounded on the belief in grand mega God whose omnipotence is revealed encountered and dramatised in space and place Although the concept of megachurch has been discursively and theoretically problematic sprouting and scouting for a big idea grasping that is in itself elusive the book takes a pragmatic detour to engage and nuance and also beat into manageable shape what can readily be construed as megachurch at least in Africa It argues that megachurch is not only related to from the prism of its exponentiality and grandiosity a feature that is pervasive in its conceptualisation but it is also much more inserted into a socio cultural political and religious context that is at once empirical and relatable responsible and responsive daring and appealing local and transnational spiritual and mundane controversial and soothing The institutionalisation of megachurch legitimises its existence radar and reach in terms of social mobilisation charismatics and incarnationality Central to the praxis of megachurches is digital turn that zooms out the Mega Mega powers and affluence of mega pastors mega narratives mega miracles and mega messes All of this is sited and situated most profoundly within the mega failure of state to be responsible and account for mega wealth that African political rulers vanquished into their private lounges The

megachurch and state relations might appear complexified and mutually beneficial the knack with which some Africa s megachurches pastors churches churches dribble and meander through this midfield constantly calls to mind the Megachurches Megachurches claim of divine imprimatur and the future of its pentecostality Beyond Megachurch Myths Scott Thumma,Dave Travis,2007-08-10 Drawing on extensive broad based and well designed research as well as stories and anecdotes Beyond Megachurch Myths dispels popular myths about megachurches while highlighting the diversity within the megachurch phenomenon Defining a megachurch as a Protestant church that averages at least 2000 total attendees in their weekend services Scott Thumma and Dave Travis reveal what these churches are and are not why they are thriving what their members say about their experiences and why they have many valuable lessons to teach smaller churches **The Commercial Church** Mary Hinton,2011-05-19 In this new book on the rise of commercial black mega churches Mary Hinton examines the rich legacy of the historic black church from the dual perspectives of theology and religious education She explores the new religious models emerging from the tradition of the historic black church and questions whether they are continuing to operate and practice according to the wisdom of this unique form of American religion Two mega church ministries those of T D Jakes and Creflo Dollar are examined in detail with regards to how they align with black church religious history Hinton concludes by proposing that the fastest growing religious phenomenon within and outside of the black community in the United States the mega church should no longer be analyzed based on size alone Instead Hinton urges readers to consider the ecclesiastical structures of churches in making appropriate assessments in determining should and should not be classified as a commercial church From Meetinghouse to Megachurch Anne C. Loveland,Otis B. Wheeler,2003 Table of contents **Live Long and Prosper:How Black Megachurches Address HIV/AIDS and Poverty in the Age of Prosperity Theology** Sandra L. Barnes,2013 This title offers an intriguing examination of 16 representative black megachurches and explores some of their motivations and subsequent programmatic efforts in light of prosperity or health and wealth theology The Everychurch Guide to Growth Elmer L. Towns,C. Peter Wagner,Thom S. Rainer,1998-08-01 Shows churches of every size how to revive and expand their ministries breaking through barriers and growing into the future **Black Megachurch Culture** Sandra L. Barnes,2010 This book identifies how church cultural components are created developed and used to educate and empower adherents and whether and how these tools are associated with the historic Black Church The book is particularly interested in how large Black congregations megachurches use rituals found in worship theology racial beliefs programmatic efforts and other tools from their cultural repertoire to instruct congregants to model success in word and deed The book s findings illustrate that Black megachurches strive to model success on various fronts by tapping into effective historic Black Church tools and creating cultural kits that foster excitement expectation and entitlement **Confessions of a Reformission Rev.** Mark Driscoll,2009-05-26 This is the story of the birth and growth of Seattle s innovative Mars Hill Church one of America s fastest growing churches located in one of

America's toughest mission fields. It's also the story of the growth of a pastor, the mistakes he's made along the way, and God's grace and work in spite of those mistakes. Mark Driscoll's emerging missional church took a rocky road from its start in a hot upstairs youth room with gold shag carpet to its current weekly attendance of thousands. With engaging humor, humility, and candor, Driscoll shares the failures, frustrations, and just plain messiness of trying to build a church that is faithful to the gospel of Christ in a highly post-Christian culture. In the telling, he's not afraid to skewer some sacred cows of traditional, contemporary, and emerging churches. Each chapter discusses not only the hard lessons learned but also the principles and practices that worked and that can inform your church's ministry, no matter its present size. The book includes discussion questions and appendix resources. After reading a book like this, you can never go back to being an inwardly focused church without a mission. Even if you disagree with Mark about some of the things he says, you cannot help but be convicted to the inner core about what it means to have a heart for those who don't know Jesus. Dan Kimball, author *The Emerging Church*, will make you laugh, cry, and get mad. School, you shape you and mold you into the right kind of priorities to lead the church in today's messy world. Robert Webber, Northern Seminary.

Cities Roger S. Greenway, Timothy M. Monsma, 2000-06. As cities continue to expand, Christ calls the church to bring the gospel to these centers of population, culture, and political power.

Planting and Growing Urban Churches Harvie M. Conn, 1997-07-01. If the church is to thrive in the twenty-first century, it will have to take on a new form as it ministers to the 120 million unchurched people in the United States. *Planting and Growing Urban Churches* is still virtually the only available text on church planting in North America and beyond. In this third edition, readers will find material on the importance of healthy biblical change in our churches, updated appendices, insight on our postmodern ministry context, and strategies for reaching new population demographics such as Generation X and Y. Pastors, ministry leaders, and church planters will find the information and advice found in this book invaluable as they carry out their ministries.

The Making of the American Landscape Michael P. Conzen, 2014-06-03. The only compact yet comprehensive survey of environmental and cultural forces that have shaped the visual character and geographical diversity of the settled American landscape. The book examines the large-scale historical influences that have molded the varied human adaptation of the continent's physical topography to its needs over more than 500 years. It presents a synoptic view of myriad historical processes working together or in conflict and illustrates them through their survival in or disappearance from the everyday landscapes of today.

Numrich,Elfriede Wedam,2015-04-14 Through an in depth study of fifteen Chicago congregations Catholic parishes Protestant churches Jewish synagogues Muslim mosques and a Hindu temple city and suburban neighborhood based and commuter this book describes congregational life and measures the influences of those congregations on urban environments Hard Times Tough Churches Awesome God! John N. Vaughan,2010-02-26 hard times tough churches awesome god 13 Churches that faced losing almost Everything Miami Detroit Orlando San Diego Jacksonville New Orleans Mobile Springfield Oklahoma City Birmingham **A Theology for the Church** Dr. Daniel L. Akin,2014-06-01 The revised edition of A Theology for the Church retains its original structure organized under these traditional theological categories revelation God humanity Christ the Holy Spirit salvation the church and last things Each chapter within these sections contains answers to the following four questions What does the Bible say What has the church believed How does it all fit together How does this doctrine impact the church today Contributions from leading Baptist thinkers R Albert Mohler Jr Paige Patterson and Mark Dever among others will also appeal to the broader evangelical community Included in this revision are new chapters on theological method from a missional perspective Bruce Ashford and Keith Whitfield and theology of creation providence and Sabbath that engages current research in science and philosophy Chad Owen Brand Chapters on special revelation David Dockery and human nature John Hammett have also been updated **Handbook of Denominations in the United States 13th Edition** ,2010-10-01 Handbook of Denominations in the United States 13th Edition *Sensational Devotion* Jill C. Stevenson,2013-04-15 Sensational Devotion examines contemporary Passion plays biblical theme parks Holy Land recreations creationist museums and megachurches in order to understand how they serve their evangelical believer users while also shaping larger cultural and national dialogues Jill Stevenson explores how performative media support specific theologies and core beliefs by creating sensual live experiences for those who use them The book explores evangelical performance across a range of media and sites including film television theater tourist attractions museums and places of worship Using historical research coupled with firsthand experiences it critically examines these spaces and events within their specific religious cultural and national contexts while placing them within a long devotional tradition to suggest how they cultivate religious belief by generating vivid sensual affectively oriented and individualized experiences Stevenson s analysis builds upon existing work on performance and cognition as well as theories of affect as it contributes to existing scholarship on American evangelicalism and evangelical Christian media Everyday Theology (Cultural Exegesis) Kevin J. Vanhoozer,Charles A. Anderson,Michael J. Sleasman,2007-03-01 Everyday theology is the reflective and practical task of living each day as faithful disciples of Jesus

Christ In other words theology is not just for Sundays and it s not just for professional theologians Everyday Theology teaches all Christians how to get the theological lay of the land It enables them to become more conscious of the culture they inhabit every day so that they can understand how it affects them and how they can affect it If theology is the ministry of the Word to the world everyday theologians need to know something about that world and Everyday Theology shows them how to understand their culture make an impact on it Engaging and full of fresh young voices this book is the first in the new Cultural Exegesis series
