Re/Marks on Power Remi Kalir, 2025-04-15 An interdisciplinary exploration of annotation that shows how this participatory act marks public memory struggles for justice and social change Annotation the seemingly simple act of marking a text is often diminished as a marginal practice It is prohibited in physical objects and considered irrelevant to social and political concerns But what if annotation were reimagined as a critical and civic literacy that can inscribe public memory struggles for justice and social change In Re Marks on Power education researcher Remi Kalir argues that enduring traces of annotation can be read and re written to advance counternarratives and more just social futures Kalir s interdisciplinary approach examines annotation in archives and libraries on walls and in books atop maps and monuments and along byways and all manner of margins to describe the relevance of re marks With a series of vivid and wide ranging

cases Kalir describes how groups of annotators make public remarks of resistance and creativity often with simple tools and accessible methods These annotations alter familiar texts oppose hateful ideology and broadcast solidarity and social activism Among the book's fresh reads of annotation are considerations of how Harriet Tubman's legacy is remembered and honored how the US Mexico border was defined and is restored how problematic public monuments are contested and reimagined and how books featuring LGBTQIA topics are classified censored and celebrated *Re Marks on Power* honors the actions of annotators whether eminent or anonymous and highlights how material traces have mediated justice oriented possibility Throughout this book the author makes visible a new social language of annotation that can be read across time and texts
