John Cage's Theatre Pieces William Fetterman,2012-10-12 The experimental composer John Cage 1912 1992 is best known for his works in percussion prepared piano and electronic music but he is also acknowledged to be one of the most significant figures in 20th century theatre In Cage s work in theatre composition there is a blurring of the distinctions between music dance literature art and everyday life Here William Fetterman examines the majority of those compositions by Cage which are audial as well as visual in content beginning with his first work in this genre in 1952 and continuing through 1992 Much of the information in this study comes from previously undocumented material discovered among the unpublished scores and notes of Cage and his frequent collaborator David Tudor as well as author s interviews with Cage and with individuals closely associated with his work including David Tudor Merce Cunningham Bonnie Bird Mary Caroline Richards and Ellsworth Snyder **Interactive Storytelling** Ulrike Spierling,Nicolas Szilas,2008-11-27 This volume contains scientific papers and case studies presented at Interactive Storytelling 08 The First Joint International Conference on Interactive Digital Storytelling ICIDS held November 26 29 2008 in Erfurt Germany Interactive Digital Storytelling IDS is a cross disciplinary topic which explores new uses of interactive technologies for creating and experiencing narratives IDS is also a huge step forward in games and learning This can be seen through its ability to enrich virtual characters with intelligent behavior to allow collaboration of humans and machines in the creative process and to combine narrative knowledge and user activity in interactive artifacts IDS involves concepts from many aspects of Computer Science above all from Artificial Intelligence with topics such as narrative intelligence automatic dialogue and drama management and smart graphics In order to process stories in real time traditional storytelling needs to be formalized into computable models by drawing from narratological studies As it is currently hardly accessible for creators and e users there is a need for new authoring concepts and tools supporting the creation of such dynamic stories allowing for rich and meaningful interaction with the content **Previews** ,1975
