Three Tragedies Federico García Lorca,1955 Yerma is about a childless married woman who so obsessively wants a child that she will do almost anything Tragedy ensues **The Wall** Jean-Paul Sartre,2010-07-27 One of Sartre's greatest existentialist works of fiction The Wall contains the only five short stories he ever wrote Set during the Spanish Civil War the title story crystallizes the famous philosopher's existentialism The Wall the lead story in this collection introduces three political prisoners on the night prior to their execution Through the gaze of an impartial doctor seemingly there for the men's solace their mental descent is charted in exquisite often harrowing detail And as the morning draws inexorably closer the men cross the psychological wall between life and death long before the first shot rings out This brilliant snapshot of life in anguish is the perfect introduction to a collection of stories where the neurosis of the modern world is mirrored in the lives of the people that inhabit it This is an unexpurgated edition translated from the French by Lloyd Alexander

Enjoying the Song of Expression: An Mental Symphony within **Memoirs Of A Shy Pornographer**

In some sort of taken by displays and the ceaseless chatter of fast interaction, the melodic beauty and mental symphony created by the published word often disappear into the back ground, eclipsed by the relentless noise and disturbances that permeate our lives.
