Milestones in Glasnost and Perestroyka: Politics and people Edward A. Hewett, Victor H. Winston, 1991 Contains articles drawn largely from the journal Soviet Economy which chronicle and analyze significant events in the development of the revolutionary reforms in the Soviet Union This book part of a two book set focuses on the politics and people of the Soviet Union

Milestones in Glasnost and Perestroyka Hewett, Edward A Hewett, Victor H. Winston, 1991 **Milestones in Glasnost and Perestroyka** Ed A. Hewett, Victor H. Winston, 2010-12-01 The momentous changes in the Soviet Union brought about by glasnost and perestroyka have far reaching implications that continue to grip the attention of the international community This volume and its companion volume The Economy feature research and analysis of the significant events in the development of the revolutionary reforms in the Soviet Union from the beginning stage through the period of great euphoria to the recent troubled times Ed A Hewitt founding editor of Soviet Economy and formerly a senior fellow at Brookings is now Special Assistant to the President on National Security Affairs and Senior Director of Soviet Affairs at the National Security Council Victor H Winston is an adjunct professor of international affairs at George Mason University and coeditor of Soviet Economy

Decentralized Authoritarianism in China Pierre F. Landry, 2008-10-16 China like many authoritarian regimes struggles with the tension between the need to foster economic development by empowering local officials and the regime's imperative to control them politically Landry explores how the Chinese Communist Party CCP manages local officials in order to meet these goals and perpetuate an unusually decentralized authoritarian regime Using unique data collected at the municipal county and village level Landry examines in detail how the promotion mechanisms for local cadres have allowed the CCP to reward officials for the development of their localities without weakening political control His research shows that the CCP's personnel management system is a key factor in explaining China's enduring authoritarianism and proves convincingly that decentralization and authoritarianism can work hand in hand

Changing Channels Ellen Propper Mickiewicz, 1999 New in paperback Revised and expanded During the tumultuous 1990s as Russia struggled to shed the trappings of the Soviet empire television viewing emerged as an enormous influence on Russian life The number of viewers who routinely watch the nightly news in Russia matches the number of Americans who tune in to the Super Bowl thus making TV coverage the prized asset for which political leaders intensely and sometimes violently compete In this revised and expanded edition of Changing Channels Ellen Mickiewicz provides many fascinating insights describing the knowing ways in which ordinary Russians watch the news skeptically analyze information and develop strategies for dealing with news bias Covering the period from the state controlled television broadcasts at the end of the Soviet Union through the attempted coup against Gorbachev the war in Chechnya the presidential election of 1996 and the economic collapse of 1998 Mickiewicz draws on firsthand research public opinion surveys and many interviews with key players including Gorbachev himself By examining the role that television has played in the struggle to create political pluralism in

Russia she reveals how this struggle is both helped and hindered by the barrage of information advertisements and media created personalities that populate the airwaves Perhaps most significantly she shows how television has emerged as the sole emblem of legitimate authority and has provided a rare and much needed connection from one area of this huge crisis laden country to the next This new edition of *Changing Channels* will be valued by those interested in Russian studies politics media and communications and cultural studies as well as general readers who desire an up to date view of crucial developments in Russia at the end of the twentieth century

What Happened to the Soviet Union? Christopher I. Xenakis, 2002-09-30 Xenakis examines the responses of Soviet experts in American academia primarily political scientists but also economists and defense scholars who specialized in the USSR to the unfolding evidence of Soviet reform during the 1970s and 1980s and to its ultimate collapse He concludes that American Sovietologists and other political scientists were more responsive to the Cold War consensus to the needs of the State Department Defense and CIA policy makers and to the official Washington line of the moment than to the changing face of the Soviet Union As Xenakis makes clear many of the Cold War ideas and attitudes shared by Sovietologists the notion that the USSR was an evil empire the idea that Soviet society was irredeemably xenophobic and indolent that the Soviet political and economic system could not be fixed or reformed and the view that the best way for Washington to deal with Moscow's influence was to contain the USSR through arms races global and proxy wars were reminiscent of the policies and arguments of the Truman and Eisenhower administrations not to the facts on the ground in the 1970s and 1980s An important work for scholars students and researchers involved with Soviet and Russian studies international political and military affairs intellectual history and the relationship between academia and the government

Russia's Path from Gorbachev to Putin David Kotz, Fred Weir, 2007-05-07 In their 1996 book for Routledge *Revolution from Above* David Kotz and Fred Weir shed light on the oligarchs emergence and pointed out that many of their number had ironically been influential under the Soviet regime In this new book the authors bring the story up to date and also examine the liberalization program that the IMF imposed on this once powerful country

Revolution From Above David Kotz, Fred Weir, 2013-04-15 Controversially this book argues that the ruling party state elite in the USSR itself moved to dismantle the old system Topics discussed include the beginnings of economic decline in 1975 Gorbachev's efforts to democratize and decentralize the complex political battle through which the coalition favouring capitalism took power the flaws in economic policies intended to rapidly build capitalism the surprising resurgence of Communism Research includes interviews with over 50 former Soviet government and Communist party leaders policy advisors new private businessmen trade union leaders and intellectuals

The End of the Cold War Michael J. Hogan, 1992-06-26 This book first published in 1992 examines the end of the Cold War and the implications for the history and future of the world order

Soviet and Russian Press Coverage of the United States Jonathan A. Becker, 2016-01-05 This book examines changing Soviet and Russian press coverage of the United States from the emergence

of Mikhail Gorbachev through the presidency of Vladimir Putin A new afterword focuses on recent developments in the Russian media and Russian press coverage of the terrorist attacks of September 11 2001 Becker argues that due to the absence of a language to support the reform strategy the Soviet press presented positive images of its chief ideological and military opponent the United States as a means of supporting political social and economic reform He suggests that the end of the Cold War and the emergence of a more self confident Russia means that the symbolic and discursive significance of the United States for Russia has diminished

Internationalization and Domestic Politics Robert O. Keohane, Helen V. Milner, 1996-04-26 This volume focuses on the effects of the internationalization of national markets on domestic politics

University Autonomy in Russian Federation Since Perestroika Olga Bain, 2004-06-01 This study focuses on the national higher education policies and institutional strategies that foster or hinder individual Russian universities in applying newfound principles of autonomy This new autonomy has become more dramatic with the decentralization of power transition to the market economy and severe state austerity since Perestroika This book suggests a model of a university that utilizes its autonomous discretion to institute innovations that build on its potential so as to overcome adverse situations

A People's Music Helma Kaldewey, 2020 Chronicles the history of jazz over the complete lifespan of East Germany from 1945 to 1990 for the first time

Slavophiles and Commissars J. Devlin, 1999-05-17 This book examines contemporary Russian nationalism as it reemerged in the wake of Gorbachev's liberalisation The book argues that the new nationalism provided opponents of reform with an apparently novel justification for their hostility to the liberalisation inaugurated by Gorbachev and erratically pursued by Yeltsin

Politics and the Russian Army Brian D. Taylor, 2003-06-09 Military coups have plagued many countries around the world but Russia despite its tumultuous history has not experienced a successful military coup in over two centuries In a series of detailed case studies Brian Taylor explains the political role of the Russian military Drawing on a wealth of new material including archives and interviews Taylor discusses every case of actual or potential military intervention in Russian politics from Peter the Great to Vladimir Putin Taylor analyzes in particular detail the army's behavior during the political revolutions that marked the beginning and end of the twentieth century two periods when the military was uncharacteristically heavily involved in domestic politics He argues that a common thread unites the late Imperial Soviet and post Soviet Russian army an organizational culture that believes that intervention against the country's political leadership whether tsar general secretary or president is fundamentally illegitimate

Russia in Search of Its Future Amin Saikal, William Maley, 1995 The contributors to this book analyse a Russia which is searching for its future amid a maelstrom of complex forces political economic socio cultural and international

Beyond Soviet Studies Daniel Orlovsky, 1995-02 Daniel Orlovsky brings together a group of leading scholars attempt a systematic assessment of the state of studies of the former Soviet Union after its collapse The authors re-examine the transition from communism and review the study of post Soviet society national identity and nationalism politics and political institutions economics foreign

policy and culture They offer constructive criticisms of the field and set out research questions for an uncertain future

Handbook of the Economics and Political Economy of Transition Paul Hare, Gerard Turley, 2013-05-02 Transition from central planning to a market economy involving large scale institutional change and reforms at all levels is often described as the greatest social science experiment in modern times As more than two decades have passed since the fall of the Berlin Wall and the collapse of the Soviet Union it is now an excellent time to take stock of how the transition process has turned out for the economies that have moved on from socialism and the command economy This new handbook assembles a team of leading experts many of whom were closely involved in the transition process as policymakers and policy advisors to explore the major themes that have characterized the transition process After identifying the nature of initial conditions and the strengths and weaknesses of institutions the varying paths and reforms countries have taken are fully analyzed from the shock therapy privatization or gradualism of the early years to the burning issues of the present including global integration and sustainable growth Topics covered include the socialist system pre transition economic reforms institutions the political economy of transition performance and growth enterprise restructuring and people and transition The country coverage is also extensive from the former socialist countries of the USSR and the satellite states of Central and Eastern Europe to the Asian countries of China Vietnam and others The rise of China as a key actor in the drama is chronicled along with the emergence of a new more confident oil rich Russia The comparative prosperity of the Central European countries such as Poland and the Czech Republic is contrasted with the mixed fortunes of the former USSR where some countries are stagnating while others boom This Handbook of the Economics and Political Economy of Transition is the definitive guide to this new order of things in the former Communist world

The Walls Came Tumbling Down Gale Stokes, 2012 Gale Stokes The Walls Came Tumbling Down offered one of the most respected interpretations of the East European revolutions of 1989 for many years It provides a sweeping yet vivid narrative of the two decades of developments that led from the Prague Spring of 1968 to the collapse of communism in 1989 Highlights of that narrative include among other things discussions of Solidarity and civil society in Poland Charter 77 and the Velvet Revolution in Czechoslovakia and the bizarre regime of Romania's Nicolae Ceaușescu and his violent downfall In this second edition now appropriately subtitled Collapse and Rebirth in Eastern Europe Stokes not only has revised these portions of the book in the light of recent scholarship but has added three new chapters covering the post communist period including analyses of the unification of Germany and the collapse of the Soviet Union narratives of the admission of many of the countries of the region to the European Union and discussion of the unfortunate outcomes of the Wars of Yugoslav Succession in the Western Balkans

Peace Studies Matthew Evangelista, 2005 The academic field of Peace Studies emerged during the Cold War to address the nature and sources of interstate and internal conflict and methods to prevent it and deal with its consequences
