Milwaukee Wisconsin Images Of America:

Milwaukee's Early Architecture Megan E. Daniels, 2010 Initially dominated by simple renditions of East Coast architecture Milwaukee developed from three pioneer settlements those of Solomon Juneau Byron Kilbourn and George Walker three hubs from which three villages radiated outward into one city Following the Civil War Milwaukee's growth at the onset of the Industrial Era afforded the city a fanciful array of Victorian streetscapes The 1890s followed with an era of ethnic architecture in which bold interpretations of German Renaissance Revival and Baroque designs paid homage to Milwaukee's overwhelming German population At the turn of the century Milwaukee's proximity to Chicago influenced the streetscape with classicized civic structures and skyscrapers designed by Chicago architects World War I and the ensuing anti German sentiment as well as Prohibition inevitably had adverse effects on Brew City By the 1920s Milwaukee's architecture had assimilated to the national aesthetic suburban development was on the rise and architectural growth would soon be stunted by the Great Depression **Milwaukee's Bronzeville, 1900-1950** Paul H. Geenen, 2006 With the migration of African American sharecroppers to northern cities in the first half of the 20th century the African American population of Milwaukee grew from fewer than 1 000 in 1900 to nearly 22 000 by 1950 Most settled around a 12 block area along Walnut Street that came to be known as Milwaukee's Bronzeville a thriving residential business and entertainment community Barbershops restaurants drugstores and funeral homes were started with a little money saved from overtime pay at factory jobs or extra domestic work taken on by the women Exotic nightclubs taverns and restaurants attracted a racially mixed clientele and daytime social clubs sponsored matinees that were dress up events featuring local bands catering to neighborhood residents Bronzeville is remembered by African American elders as a good place to grow up times were hard but the community was tight **The Image in American Painting & Sculpture, 1950-1980**, 1981 Inaugural exhibition of the Akron Art Museum in a new facility focusing on representational art in Abstract Expressionism Pop 70's Realism Photo Realism Includes early appearances by Neo Expressionists Susan Rothenberg Julian Schnabel and Jonathan Borofsky **American Photo**, 1999-05 **Both Hands Tied** Jane L. Collins, Victoria Mayer, 2010-05-15 Both Hands Tied studies the working poor in the United States focusing in particular on the relation between welfare and low wage earnings among working mothers Grounded in the experience of thirty three women living in Milwaukee and Racine Wisconsin it tells the story of their struggle to balance child care and wage earning in poorly paying and often state funded jobs with inflexible schedules and the moments when these jobs failed them and they turned to the state for additional aid Jane L. Collins and Victoria Mayer here examine the situations of these women in light of the 1996 national Personal Responsibility and Work Opportunity Reconciliation Act and other like minded reforms laws that ended the entitlement to welfare for those in need and provided an incentive for them to return to work Arguing that this reform came at a time of gendered change in the labor force and profound shifts in the responsibilities of family firms and the state Both Hands Tied provides a stark but poignant

portrait of how welfare reform afflicted poor single parent families ultimately eroding the participants economic rights and affecting their ability to care for themselves and their children *Milwaukee's Historic Bowling Alleys* Manya Kaczowski,2010-10-25 From the U S Olympic team to Bowling with the Champs to countless corner bars with a couple of lanes in the basement Milwaukee has lived and breathed this sport In the late 1800s German brewers like Capt Frederick Pabst and the Uihleins offered bowling in their Milwaukee beer gardens When Abe Langtry brought the American Bowling Congress here in 1905 Brew City became bowling central Today owning a bowling alley is a labor of love with good reason Its the place where you rolled that 700 series met your wife and taught your son how to bowl in the junior league Even in this high tech immediate gratification society bowling still thrives in Milwaukee Several old school lanes still have steady business and this book is a tribute to the people the places and the sport that made Milwaukee Americas Bowling Capital

American Photo ,1997-01 *Selling America* Christina A. Ziegler-McPherson,2017-02-16 An in depth look at the motivations behind immigration to America from 1607 to 1914 including what attracted people to America who was trying to attract them and why Between 1820 and 1920 more than 33 million Europeans immigrated to the United States seeking the American Dream an image of America as a land of opportunity and upward mobility sold to them by state governments railroads religious and philanthropic groups and other boosters But Christina A Ziegler McPherson shows that the desire to make and keep America a white man s country meant that only Northern Europeans would be recruited as settlers and future citizens while Africans Asians and other non whites would either be grudgingly tolerated as slaves or guest workers or be excluded entirely This book reframes immigration policy as an extension of American labor policy and connects the removal of American Indians from their lands to the settlement of European immigrants across the North American continent Ziegler McPherson contends that western and midwestern states with large American Indian Asian or Mexican populations developed aggressive policies to promote immigration from Europe to help displace those peoples while Southern states sought to reduce their dependency upon Black labor by doing the same Chapters highlight the promotional policies and migration demographics for each region of the United States **The Descendants of Mathew Martine Forde Vol I**
