Guitar World Presents Pink Floyd Alan Di Perna, Jeff Kitts, Brad Tolinski, 2002-06. Pink Floyd's extraordinary career has now spanned four decades, from their early days pushing the cutting edge of British psychedelic pop to their massive successes with moody conceptual masterpieces like *Dark Side of the Moon*, *Wish You Were Here* and *The Wall*, to their acrimonious split with Roger Waters and finally the immense stadium tours that followed. Throughout, Pink Floyd has influenced everyone from David Bowie to Nine Inch Nails to Radiohead, and their albums continue to have timeless appeal. Now, premier interview journalist Alan Di Perna and the editors of *Guitar World* have collected penetrating interviews and insights into Roger Waters, David Gilmour, Nick Mason and Rick Wright to create a vivid portrait of a notoriously reclusive band.

Pink Floyd in the 1970s Georg Purvis, 2021-02-09 It may have all started with Syd Barrett but the persistence and creativity of Roger Waters Rick Wright Nick Mason and David Gilmour meant that Pink Floyd went from one of England's top underground psychedelic bands to one of the biggest rock bands on the planet all thanks to an album wondering if there really was a dark side of the moon Pink Floyd in the 1970s Decades focuses on the band throughout the 1970s undoubtedly the peak of their success from the weird brilliance of Atom Heart Mother to the epic autobiographical storytelling of The Wall In between the band achieved tremendous success with Meddle and Dark Side of the Moon yet struggled to come to terms with their place in the pantheon of rock music on Wish You Were Here and Animals The decade of Pink Floyd's greatest successes was dominated by shifting musical trends and a balance in power in the band changing from democratic equality to Waters calling most of the shots These factors and the looming spectre of Barrett their erstwhile founder inspired some of the greatest albums of all time The book explores the music the defining moments and the personality clashes that very nearly destroyed the band The author Georg Purvis is the author of Queen The Complete Works currently in its third edition While Queen was his gateway band he has come to appreciate all kinds of music over the years and considers himself lucky that his first ever concert at the age of 10 was on Pink Floyd's The Division Bell tour at Veteran's Stadium on June 2 1994 He has since turned his love of writing about music into a hobby with several unfinished manuscripts collecting dust on an external hard drive He lives in Philadelphia with his wife Meredith and their two cats Spencer and William
