People Parish:

A People's Church Jeremy Morris, 2022-04-07 A masterly vivid and original sketch not just of the history but of the culture or cultures of the Church of England across nearly five centuries Rowan Williams poet and former Archbishop of Canterbury It is hard to comprehend the last 500 years of England's history without understanding the Church of England From its roots in Catholicism through to the present day this is the extraordinary history of a familiar but much misunderstood institution The Church has frequently been divided between high and low Evangelical and Anglo Catholic For its first 150 years people sacrificed their lives to defend it the Anglican Church is and has always been defined by its complicated relationship to the state and power As Jeremy Morris shows the story of the Church central to British life has never been straightforward Weaving social political and religious context together with the significance of its music and architecture *A People's Church* skilfully illuminates a complex and pre eminent institution *The Living Church*, 1955 **The Ecclesiologist**, 1858

Good News Parish Leadership Michael L. Papesh, 2008 For many Catholics today the leaders described above don't exist For just as many parish leadership does not equal good news But Father Michael Papesh believes it certainly CAN and here he offers guidelines tools and ideas for making it happen By sharing pastoral leadership and structuring power distribution he says a parish can enjoy be mirror proclaim and bring to the world the transforming goodness of God And thus he offers a whole system model for pastoral leadership that is theologically grounded in the hospitality of God as revealed through the ministry of Jesus What Parish Are You From? Eileen M. McMahon, 2021-12-14 For Irish Americans as well as for Chicago's other ethnic groups the local parish once formed the nucleus of daily life Focusing on the parish of St Sabina's in the southwest Chicago neighborhood of Auburn Gresham Eileen McMahon takes a penetrating look at the response of Catholic ethnics to life in twentieth century America She reveals the role the parish church played in achieving a cohesive and vital ethnic neighborhood and shows how ethno religious distinctions gave way to racial differences as a central point of identity and conflict For most of this century the parish served as an important mechanism for helping Irish Catholics cope with a dominant Protestant American culture Anti Catholicism in the society at large contributed to dependency on parishes and to a desire for separateness from the American mainstream As much as Catholics may have wanted to insulate themselves in their parish communities however Chicago demographics and the fluid nature of the larger society made this ultimately impossible Despite efforts at integration attempted by St Sabina's liberal clergy white parishioners viewed black migration into their neighborhood as a threat to their way of life and resisted it even as they relocated to the suburbs The transition from white to black neighborhoods and parishes is a major theme of twentieth century urban history The experience of St Sabina's which changed from a predominantly Irish parish to a vibrant African American Catholic community provides insights into this social trend and suggests how the interplay between faith and ethnicity contributes to a resistance to change *Ministry Resources for Community Life* Ann Marie Eckert, 2004 Ministry Resources for Community Life offers

Parish Drama Alexandra F. Johnston, Wim N. M. Hüsken, 1996 This collection of essays presents the multiplicity of dramatic and paradramatic activity that flourished in medieval and early modern England at the parish level The evidence here adduced is largely from churchwardens accounts and from the records of the ecclesiastical courts The book contains ten articles that consider the various money making ventures undertaken by English parishes for the support of the church The authors study subjects ranging from paradramatic activities such as rushbearing dancing and bull and bear baiting through more hybrid and problematical events such as the king games and Robin Hood gatherings and plays to what can be considered true drama with sets props texts and actors All the contributors are editors in the Records of Early English Drama project and bring to their material the insights of scholars working with original material in what are still only partially charted waters Ludus intends to introduce those interested in literature in the performing arts or in history to the various aspects of theatre and drama from the Middle Ages and the Early Renaissance It publishes books on closely defined topics mostly seen from a comparative point of view *The Catholic Myth* Andrew Greeley, 1997-08 For the past three decades Andrew Greeley priest sociologist and bestselling author has researched the behavior and beliefs of American Catholics Here he translates his works into hard data as he describes the fascinating wonderful and slightly daffy story of American Catholicism since the end of the Second Vatican Council A powerful argument this survey dispels many myths and gives new meaning to the word Catholic Reports from the Commissioners Great Britain. The Desecularisation of the City David Goodhew, Anthony-Paul Cooper, 2018-09-21 Major cities have long been seen as centres of secularisation. However, the number of congregations in London grew by 50% between 1979 and the present. London's churches have been characterised more by growth than by decline in the decades since 1980. *The Desecularisation of the City* provides the first academic survey of churches in London over recent decades, linking them to similar developments in other major cities across the West. Produced by a large team of scholars from a range of disciplines, this volume offers a striking and original portrait of congregational life in London since 1980. Seventeen chapters explore the diverse localities, ethnicities and denominations that make up the church in contemporary London. The vitality of London's churches in the last four decades shows that secularisation is far from inevitable in the cities of the future. This study necessitates a significant reassessment of the dominant academic portrayal of Christianity in Britain and the West, which has mostly depicted cities as secular spaces within a secularising culture. It will be of great interest to scholars working across a wide range of disciplines, including history, sociology, religious studies and theology.

Deepening Faith Janet Schaeffler, 2016 Since the ending of Vatican II, the church has officially published no fewer than eight major documents calling for adults to be the center of the church's educational mission. And the Catholic faithful are calling on the church to quench their thirst for a deepening of their lived faith. They realize that the catechesis they received as children simply isn't enough to continue in the faith as adults in the church and world they desire a deepened faith. In *Deepening Faith*, Janet Schaeffler OP offers a practical guide and source of encouragement to parish and diocesan committees, catechists and adult faith formation teams. She outlines the essential foundations, methods and strategies that can support this journey for today's adults of all ages and generations.

Ukrainian Ritual on the Prairies Natalie Kononenko, 2023-05-01 While Canada is home to one of the largest Ukrainian diasporas in the world, little is known about the life and culture of Ukrainians living in the country's rural areas and their impact on Canadian traditions. Drawing on more than ten years of interviews and fieldwork, *Ukrainian Ritual on the Prairies* describes the culture of Ukrainian Canadians living in the Prairie provinces of Alberta and Saskatchewan. Despite powerful pressure to assimilate, these Ukrainians have managed both to preserve their sense of themselves as Ukrainian and to develop a culture sensitive to the realities of Prairie life, creating their own uniquely Ukrainian Canadian traditions. The Ukrainian church, an iconic though now rapidly disappearing feature of the Prairie landscape, takes centre stage as an instrument for the retention of Ukrainian identity and the development of a new culture. Natalie Kononenko explores the cultural elements of Ukrainian Canadian ritual practice with an emphasis on family traditions surrounding marriage, birth, death and religious holidays. *Ukrainian Ritual on the Prairies* gives voice to a group of everyday people who are too often overlooked, highlighting their accomplishments and their contributions to Canadian life.
