Through the Eyes of a Lost Soul Tony Egbuna Ford,2006-09-01 It s said that the eyes are the windows to the soul Well what would it say of your soul if your eyes had been viewing a form of hell for a span of 12 years For the average person they most likely would have become a reflection or victim of their surroundings But today we are not dealing with your average person This collection of writings is a candid and vivid look into the mind emotions thoughts and experiences of one of Texas Death Row s most valiant and undervalued political prisoners Without fear Tony bares what makes him weak and strong unconcerned with embarrassment or ridicule These stories tell the tale of America s biggest contradiction These stories tell the tale of hope and hopelessness battling each other They tell the tale of a man who has found himself and the reason to love life intensely

Seasons for Your Soul Sheila Cox Gagen,2012-12-18 Seasons for Your Soul paints pictures for your mind as you reflect on how God is working and moving in your life Sheilas collection of poems psalms and reflections bring a feeling of peace and contentment The author keeps returning to one constant the love and mercy of God No matter where it is in the calendar year you are living through today Whether good or bad happy or sad you are dealing with life on some emotional level How often do you stop to be in tune with your feelings at any given moment Some people are more naturally inclined to relate to their inner selves while others may need to prime the pump Either way this book was brought together for you We pray that whatever type of day you are living you might connect with many pages and stages of life given throughout this book We would love for you to pause a moment each day for thought and reflection and to open up to your feelings The psalmists of the Bible seemed to understand this very process and were unafraid to share all of their feelings with a Holy yet infinitely compassionate God We are all in different places on our paths through this life We pray that you will be blessed with Gods peace and guidance as you move forward toward Him Join us in the journey Taste and see that the Lord is good blessed is the one who takes refuge in him Psalm 34 8

teaching in ways that go beyond the merely technical and for the academic developers who support them Advocating active engagement with literary and nonliterary texts as one way of prompting deep thinking about teaching practice and teacher identities Daphne Loads shows how to read poems stories academic papers and policy documents in ways that stay with the physicality of words how they sound how they look on the page or the screen how they feel in the mouth She invites readers to bring into play associations allusions memories and insights to examine their own ways of meaning making and to ask what all of this means for their development as teachers Bringing together scholarship and experiential activities the author challenges both academics and academic developers to reject narrowly instrumental approaches to professional development bring teachers and teaching into view in contrast with misguided interpretations of student centredness that tend to erase them from the picture claim back literary writings as a source of wisdom and insight trust readers responses and reintroduce beauty and joy into university teaching that has come to be perceived as bleak and unfulfilling This book does not attempt to construct a single coherent argument but rather to indicate a range of good things to choose from Readers are encouraged to explore the overlaps and the gaps The Nation and Athenæum ,1912
