Embodiment and the New Shape of Black Theological Thought Anthony B. Pinn, 2010-06-07 Black theology tends to be a theology about no body Though one might assume that black and womanist theology have already given significant attention to the nature and meaning of black bodies as a theological issue this inquiry has primarily taken the form of a focus on issues relating to liberation treating the body in abstract terms rather than focusing on the experiencing of a material fleshy reality By focusing on the body as a physical entity and not just a metaphorical one Pinn offers a new approach to theological thinking about race gender and sexuality According to Pinn the body is of profound theological importance In this first text on black theology to take embodiment as its starting point and its goal Pinn interrogates the traditional source materials for black theology such as spirituals and slave narratives seeking to link them to materials such as photography that highlight the theological importance of the body Employing a multidisciplinary approach spanning from the sociology of the body and philosophy to anthropology and art history *Embodiment and the New Shape of Black Theological Thought* pushes black theology to the next level

Preaching on Wax Lerone A. Martin, 2014-11-14 The overlooked African American religious history of the phonograph industry Winner of the 2015 Frank S and Elizabeth D Brewer Prize for outstanding scholarship in church history by a first time author presented by the American Society of Church History Certificate of Merit 2015 Award for Excellence in Historical Recorded Sound Research presented by the Association for Recorded Sound Collections From 1925 to 1941 approximately one hundred African American clergymen teamed up with leading record labels such as Columbia Paramount Victor RCA to record and sell their sermons on wax While white clerics of the era such as Aimee Semple McPherson and Charles Fuller became religious entrepreneurs and celebrities through their pioneering use of radio black clergy were largely marginalized from radio Instead they relied on other means to get their message out teaming up with corporate titans of the phonograph industry to package and distribute their old time gospel messages across the country Their nationally marketed folk sermons received an enthusiastic welcome by consumers at times even outselling top billing jazz and blues artists such as Bessie Smith and Ma Rainey These phonograph preachers significantly shaped the development of black religion during the interwar period playing a crucial role in establishing the contemporary religious practices of commodification broadcasting and celebrity Yet the fame and reach of these nationwide

media ministries came at a price as phonograph preachers became subject to the principles of corporate America In *Preaching on Wax* Lerone A Martin offers the first full length account of the oft overlooked religious history of the phonograph industry He explains why a critical mass of African American ministers teamed up with the major phonograph labels of the day how and why black consumers eagerly purchased their religious records and how this phonograph religion significantly contributed to the shaping of modern African American Christianity

Daddy Grace Marie W Dallam, 2007-11-01 This edgy and resourceful analysis of the early twentieth century preacher expands our understanding of a critical period in the black church experience Shayne Lee author of *T D Jakes America s New Preacher* In 1919 Charles Manuel Sweet Daddy Grace founded the United House of Prayer for All People long regarded as one of the most extreme Pentecostal sects in the country The flamboyant Grace wore purple suits with glitzy jewelry purchased high profile real

estate and conducted baptisms in city streets with a fire hose He was also reputed to accept massive donations from his poverty stricken followers and use the money to live lavishly Though Grace appeared to be the glue that held this church together it has continued to thrive long after his death in 1960 After a period of restructuring and streamlining the House of Prayer remains active with a national membership in the tens of thousands In Daddy Grace Marie W Dallam offers both a religious history of the House of Prayer and an intellectual history of its colorful and enigmatic leader Dallam examines the religious nature of the House of Prayer the dimensions of Grace s leadership strategies and the connections between his often ostentatious acts and the intentional infrastructure of the church itself Furthermore woven through the text are analyses of the race class and gender issues manifest in the House of Prayer structure under Grace s aegis

Afro-Pentecostalism Amos Yong, Professor of Theology Amos Yong, PH.D., Estrela Alexander, 2011 In 2006 the contemporary American Pentecostal movement celebrated its 100th birthday Over that time its African American sector has been markedly influential not only vis a vis other branches of Pentecostalism but also throughout the Christian church Black Christians have been integrally involved in every aspect of the Pentecostal movement since its inception and have made significant contributions to its founding as well as the evolution of Pentecostal charismatic styles of worship preaching music engagement of social issues and theology Yet despite its being one of the fastest growing segments of the Black Church Afro Pentecostalism has not received the kind of critical attention it deserves Afro Pentecostalism brings together fourteen interdisciplinary scholars to examine different facets of the movement including its early history issues of gender relations with other black denominations intersections with popular culture and missionary activities as well as the movement OCOs distinctive theology Bolstered by editorial introductions to each section the chapters reflect on the state of the movement chart its trajectories discuss pertinent issues and anticipate future developments Contributors Estrela Y Alexander Valerie C Cooper David D Daniels III Louis B Gallien Jr Clarence E Hardy III Dale T Irvin Ogbu U Kalu Leonard Lovett Cecil M Robeck Jr Cheryl J Sanders Craig Scandrett Leatherman William C Turner Jr Frederick L Ware and Amos Yong **Race** J. Kameron Carter, 2008-09-02 In Race A Theological Account J Kameron Carter meditates on the multiple legacies implicated in the production of a racialized world and that still mark how we function in it and think about ourselves These are the legacies of colonialism and empire political theories of the state anthropological theories of the human and philosophy itself from the eighteenth century Enlightenment to the present Carter s claim is that Christian theology and the signal transformation it along with Christianity underwent is at the heart of these legacies In that transformation Christian anti Judaism biologized itself so as to racialize itself As a result and with the legitimation of Christian theology Christianity became the cultural property of the West the religious ground of white supremacy and global hegemony In short Christianity became white The racial imagination is thus a particular kind of theological problem Not content only to describe this problem Carter constructs a way forward for Christian theology Through engagement with figures as disparate in outlook and as varied

across the historical landscape as Immanuel Kant Frederick Douglass Jarena Lee Michel Foucault Cornel West Albert Raboteau Charles Long James Cone Irenaeus of Lyons Gregory of Nyssa and Maximus the Confessor Carter reorients the whole of Christian theology bringing it into the twenty first century **American Muslim Women** Jamillah Karim,2009 Focusing on women who sometimes move outside of their ethnic Muslim spaced and interact with other Muslim ethnic groups in search of gender justice this ethnographic study of African American and South Asian immigrant Muslims in Chicago and Atlanta explores how Islamic ideas of racial harmony amd equality create hopeful possibilities in an American society that remains challenged by race and class inequalities Page 4 of cover *Contentious Spirits* David Yoo,2010-03-31 Contentious Spirits explores the central role of religion particularly Protestant Christianity in Korean American history during the first half of the twentieth century in Hawai i and California New Directions in Spiritual Kinship Todne Thomas,Asiya Malik,Rose Wellman,2017-04-17 This volume examines the significance of spiritual kinship or kinship reckoned in relation to the divine in creating myriad forms of affiliations among Christians Jews and Muslims Rather than confining the study of spiritual kinship to Christian godparenthood or presuming its disappearance in light of secularism the authors investigate how religious practitioners create and contest sacred solidarities through ritual discursive and ethical practices across social domains networks and transnational collectives This book s theoretical conversations and rich case studies hold value for scholars of anthropology kinship and religion **The Black Coptic Church** Leonard Cornell McKinnis II,2023-07-25 Provides an illuminating look at the diverse world of Black religious life in North America focusing particularly outside of mainstream Christian churches From the Moorish Science Temple to the Peace Mission Movement of Father Divine to the Commandment Keepers sect of Black Judaism myriad Black new religious movements developed during the time of the Great Migration Many of these stood outside of Christianity but some remained at least partially within the Christian fold The Black Coptic Church is one of these Black Coptics combined elements of Black Protestant and Black Hebrew traditions with Ethiopianism as a way of constructing a divine racial identity that embraced the idea of a royal Egyptian heritage for its African American followers a heroic identity that was in stark contrast to the racial identity imposed on African Americans by the white dominant culture This embrace of a royal Blackness what McKinnis calls an act of fugitive spirituality illuminates how the Black Coptic tradition in Chicago and beyond uniquely employs a religio performative imagination McKinnis asks What does it mean to imagine Blackness Drawing on ten years of archival research and interviews with current members of the church The Black Coptic Church offers a look at a group that insisted on its own understanding of its divine Blackness In the process it provides a more complex look at the diverse world of Black religious life in North America particularly within non mainstream Christian churches Race and Ethnicity: The Basics Peter Kivisto,Paul R.
