Religious Reason The Rational And Moral Basis Of Religious Belief

Margaret A. Farley

Religious Reason The Rational And Moral Basis Of Religious Belief:

Religious Reason Ronald Michael Green,1978 The purpose of this book is to call the separation of reason and religion into question Kant and Theology at the Boundaries of Reason Chris L. Firestone,2009 This book examines the transcendental dimension of Kant's philosophy as a positive resource for theology Firestone shows that Kant's philosophy establishes three distinct grounds for transcendental theology and then evaluate the form and content of theology that emerges when Christian theologians adopt these grounds To understand Kant's philosophy as a completed process Firestone argues theologians must go beyond the strictures of Kant's critical philosophy proper and consider in its fullness the transcendental significance of what Kant calls rational religious faith This movement takes us into the promising but highly treacherous waters of Kant's Religion within the Boundaries of Mere Reason to understand theology at the transcendental bounds of reason **Religion and Morality** Paul W. Diener,1997-01-01 Some people see religion and morality as undeniably connected others see them as irreconcilably separate Paul Diener's accessible new book looks at the connection between these two concepts and examines how various religious and philosophical systems understand morality *Why Philosophy Matters for the Study of Religion—and Vice Versa* Thomas A. Lewis,2015-12-18 Work in philosophy of religion is still strongly marked by an excessive focus on Christianity and to a lesser extent Judaism almost to the exclusion of other religious traditions Moreover in many cases it has been confined to a narrow set of intellectual problems without embedding these in their larger social historical and practical contexts Why Philosophy Matters for the Study of Religion and Vice Versa addresses this situation through a series of interventions intended to work against the gap that exists between much scholarship in philosophy of religion and important recent developments that speak to religious studies as a whole This volume takes up what in recent years has often been seen as a fundamental reason for excluding religious ethics and philosophy of religion from religious studies their explicit normativity Against this presupposition Thomas A Lewis argues that normativity is pervasive not unique to ethics and philosophy of religion and therefore not a reason to exclude them from religious studies Lewis bridges more philosophical and historical subfields by arguing for the importance of history to the philosophy of religion He considers the future of religious ethics explaining that the field as whole should learn from the methodological developments associated with recent work in comparative religious ethics and comparative religious ethics should no longer be conceived as a distinct subfield The concluding chapter engages broader post 9 11 arguments about the importance of studying religion arguing that prominent contemporary notions of religious literacy actually hinder our ability to grasp religion's significance and impact in the world today *The Oxford Handbook of the Sociology of Religion* Peter Clarke,2011-02-04 The Oxford Handbook of the Sociology of Religion draws on the expertise of an international team of scholars providing both an entry point into the sociological study and understanding of religion and an in depth survey into its changing forms and content in the contemporary world The role and impact of religion and spirituality on the politics

culture education and health in the modern world is rigorously discussed and debated The study of the sociology of religion forges interdisciplinary links to explore aspects of continuity and change in the contemporary interface between society and religion Using a combination of theoretical methodological and content led approaches the fifty seven contributors collectively emphasise the complex relationships between religion and aspects of life from scientific research to law ecology to art music to cognitive science crime to institutional health care and more The developing character of religion irreligion and atheism and the impact of religious diversity on social cohesion are explored An overview of current scholarship in the field is provided in each themed chapter with an emphasis on encouraging new thinking and reflection on familiar and emergent themes to stimulate further debate and scholarship The resulting essay collection provides an invaluable resource for research and teaching in this diverse discipline

Political Theology for a Plural Age Michael Jon Kessler, 2013-05-07 New challenges that emerged in the postwar era have given rise to ongoing debate about the place of religion in public life in the United States and in other established democracies and this debate has dramatically reshaped the way scholars policymakers and religious leaders think about political theology Political Theology for a Plural Age examines historic and contemporary understandings of political engagement in Christianity Judaism and Islam engaging political theologies not merely as a set of theoretical concepts but as religious beliefs and principles that motivate specific political action The essays in this volume written by leading thinkers and practitioners within each tradition and their secular counterparts examine a number of core issues at the intersection of religion and politics They contest the definition of political theology establish a common discourse across the three Abrahamic traditions and closely examine how globalization secularization and pluralism affect the construction and plausibility of political theologies Finally they offer insight into how political theologies might adapt to the shared global challenges of the twenty first century

Ethics from a Theocentric Perspective: Theology and ethics James M. Gustafson, 1983

Personal Commitments Margaret A. Farley, 2013 Revised edition of a classic text long out of print a moral analysis of making keeping and breaking personal commitments In this groundbreaking book Dr Farley explores how commitments rooted in the story of God's love are acts of free choice and love that yield a claim Farley's reflections are also rooted in the concrete experiences of people who strive to be faithful to what they have claimed to love My concern is to name something that I think is after all common to all of our lives an experience a reality perhaps a problem a challenge something that is sometimes a source of joy sometimes a cause of tragedy In eight short chapters Farley explores the nature and meaning of commitment as it is played out in our lives addressing love fidelity a sense of obligation and covenant She also reflects on whether each commitment must be kept and what we should do if despite our best efforts our commitments break down A brilliant study in the literal sense that it brings needed light and clarity to a great deal of our everyday experience of sorting out changing reaffirming attempting to prioritize and wrestling with the constantly varying demands of our many freely chosen commitments Anne E Patrick of the original edition Of the original edition Paul Wadell

wrote *Personal Commitments* is a superb book that cannot be recommended too highly. Though richly researched and tightly argued, its style and method make it accessible to anyone wishing to explore the commitments we make and the wholeness we seek when we make them. Another reviewer wrote *Personal Commitments* is far more than a book on the ethics of commitment and obligation; rather, it is a searching account of love in both the personal and social relationships that form human life.

The Evangelical Counter-Enlightenment William R. Everdell, 2021-05-21 This contribution to the global history of ideas uses biographical profiles of 18th century contemporaries to find what Salafist and Sufi Islam, Evangelical Protestant and Jansenist Catholic Christianity and Hasidic Judaism have in common. Such figures include Muhammad Ibn Abd al Wahab, Count Nikolaus Zinzendorf, Jonathan Edwards, John Wesley, Jean Jacques Rousseau and Israel Ba'al Shem Tov. The book is a unique and comprehensive study of the conflicted relationship between the evangelical movements in all three Abrahamic religions and the ideas of the Enlightenment and Counter Enlightenment. Centered on the 18th century, the book reaches back to the third century for precedents and context and forward to the 21st for the legacy of these movements. This text appeals to students and researchers in many fields including Philosophy and Religion, their histories and World History, while also appealing to the interested lay reader.

Ethics in the Qumran Community Marcus K. M. Tso, 2010 Revised version of the author's thesis, Ph.D. University of Manchester, 2008

Kant and the Cultivation of Virtue Chris W. Surprenant, 2014-06-13 In this book, Chris W. Surprenant puts forward an original position concerning Kant's practical philosophy and the intersection between his moral and political philosophy. Although Kant provides a detailed account of the nature of morality, the nature of human virtue and how right manifests itself in civil society, he does not explain fully how individuals are able to become virtuous. This book aims to resolve this problem by showing how an individual is able to cultivate virtue, the aim of Kant's practical philosophy. Through an examination of Kant's accounts of autonomy, the state and religion and their effects on the cultivation of virtue, Surprenant develops a Kantian framework for moral education and ultimately raises the question of whether or not Kantian virtue is possible in practice.

God and Globalization: Volume 3 Max L. Stackhouse, Peter J. Paris, Diane Burdette Obenchain, 2001-12-01 These volumes examine both the promise and the threat of globalization using the tools of theological ethics to understand and evaluate the social contexts of life at the deepest moral and spiritual levels.

A Tapestry of Faiths Winfried Corduan, 2009-06-01 Drawing on his wide experience and knowledge of other religions as they are actually lived, Winfried Corduan helps you sort through the complex tapestry of faiths around the world.

A Time to Be Born and a Time to Die Barry S. Kogan, This volume brings together original essays by many of the best and most prominent figures in the emerging field of biomedical ethics and presents them in a dialogue that significantly updates their earlier work. Focusing on the moral dilemmas that recent medical advances have created at both ends of the life course, the contributors discuss such issues as patient autonomy, hospital policies of risk management, new developments in the abortion debate, genetic counseling and perinatal care, euthanasia and physician-assisted suicide.

testing and treatment policies for HIV infection and fairness in allocating health care and donated organs

The Concept of Faith William Lad Sessions, 1994 Faith lies at the heart of human life and not just in religious contexts But just what is faith In this book William Lad Sessions ventures a new approach to this age old problem Viewing it in global terms he provides an effective and insightful set of analytical tools for deepening our understanding of the ideas of belief

A Textbook of Christian Ethics, 3rd Edition Robin Gill, 2006-09-14 Robin Gill's Textbook of Christian Ethics has been a popular course book with students and lecturers for over 20 years Now in its third edition this classic textbook has been completely revised to bring it up to date with recent developments in the field of Christian Ethics All the popular features of the previous editions have been retained in this new edition The book's main strength has always been its layout and structure Integrating primary texts with explanatory material from the author the book provides the student with a reader and textbook combined The new edition focuses more strongly on current debates in all sections and expands on a variety of topics with contributions on natural law approaches virtue ethics in a pluralistic postmodern world the influential notion of the common good just war theory genetics and biotechnology euthanasia and global justice and sex and gender issues Important modern contributions to Christian ethics are set out alongside classical texts from Augustine Aquinas and Luther The modern writers range from thinkers such as Niebuhr Barth and Bonhoeffer to recent liberation and Third World theologians Each series of texts is systematically analysed The differing ethical positions and arguments are examined together with the social and historical factors which shaped them

Reinhold Niebuhr and Christian Realism Robin W. Lovin, 1995-01-26 A new and penetrating assessment of the work of the twentieth century's best known public theologian

In Defense of Kant's Religion Chris L. Firestone, Nathan Jacobs, 2008-10-09 Chris L Firestone and Nathan Jacobs integrate and interpret the work of leading Kant scholars to come to a new and deeper understanding of Kant's difficult book Religion within the Boundaries of Mere Reason In this text Kant's vocabulary and language are especially tortured and convoluted Readers have often lost sight of the thinker's deep ties to Christianity and questioned the viability of the work as serious philosophy of religion Firestone and Jacobs provide strong and cogent grounds for taking Kant's religion seriously and defend him against the charges of incoherence In their reading Christian essentials are incorporated into the confines of reason and they argue that Kant establishes a rational religious faith in accord with religious conviction as it is elaborated in his mature philosophy For readers at all levels this book articulates a way to ground religion and theology in a fully fledged defense of Religion which is linked to the larger corpus of Kant's philosophical enterprise

[Kant and Kierkegaard on Time and Eternity](#) Ronald Michael Green, 2011 Building on his earlier work Kierkegaard and Kant The Hidden Debt Ronald Green presents Kant as a major inspiration of Kierkegaard's authorship Green believes that Kant's ethics provided the rigor on which Kierkegaard drew in developing his concept of sin Green argues that the chief difference between Kant and Kierkegaard has to do with whether we need a historical savior to restore our broken moral wills Kant rejected faith in

vicarious atonement as undermining moral responsibility and he pointed to the Genesis 22 episode of Abraham's sacrifice of Isaac as an example of how reliance on historical reports can undermine ethics. Kierkegaard rejected Kant's rationalist solution to the problem of radical human evil. Kant had demolished the ontological proof by showing that whether something exists including God can never be logically deduced. Kierkegaard turns this great insight against Kant: whether God has forgiven our transgressions cannot be deduced from our moral need. Either God did or did not intervene on our behalf. This fact says Kierkegaard is the earnestness of existence. Green offers unique readings of *Fear and Trembling* and *Either/Or* in his analysis and interpretation of Kierkegaard's reading and response to Kant and their understanding of divine and ethics. A closing chapter focuses on love in time. In *Works of Love*, Kierkegaard places emotional feelings within a transcendent context. Erotic love is noble but it must be purged of self-love and seek the fulfillment of the beloved as an independent being. Only by assuming ethical and religious meaning can romantic love fulfill its promise of eternity.

[The Cambridge Companion to Christian Ethics](#) Robin Gill, 2011-11-24

In this second edition of the best-selling *Cambridge Companion to Christian Ethics*, Robin Gill brings together twenty essays by leading experts to provide a comprehensive introduction to Christian ethics which is both authoritative and up to date. This volume boasts four entirely new chapters while previous chapters and all bibliographies have been updated to reflect significant developments in the field over the last decade. Gill offers a superb overview of the subject examining the scriptural bases of ethics as well as discussing Christian ethics in the context of contemporary issues including war and the arms trade, social justice, ecology, economics, medicine, and genetics. All of the contributors have a proven track record of balanced, comprehensive, and comprehensible writing, making this book an accessible and invaluable source not only for students in upper-level undergraduate courses, graduate students, and teachers but anyone interested in Christian ethics today.

Religious Reason The Rational And Moral Basis Of Religious Belief Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Religious Reason The Rational And Moral Basis Of Religious Belief PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Religious Reason The Rational And Moral Basis Of Religious Belief PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual

property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Religious Reason The Rational And Moral Basis Of Religious Belief free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Religious Reason The Rational And Moral Basis Of Religious Belief Books
