Removing the Mask Paul D. Slocumb, Ruby K. Payne, 2000-01-01 **Removing the Mask** Paul D. Slocumb, Ruby K. Payne, Ellen Williams, 2018 Removing the Mask Paul D. Slocumb, Ruby K. Payne, 2011 Effective Curriculum for Underserved Gifted Students Tamra Stambaugh, Kimberley Chandler, 2021-09-03

Effective Curriculum for Underserved Gifted Students explains the need for a differentiated curriculum for gifted students typically underrepresented in gifted programs including children of poverty and those who are from culturally and linguistically diverse populations. Features of research based curriculum found to be effective in enhancing the academic achievement of these populations are highlighted. In addition, practical evidence based strategies for curriculum development and instruction are shared.

Exploring Critical Issues in Gifted Education Christine L. Weber, Cecelia Boswell, Wendy A. Behrens, 2025-02-11

The new edition of *Exploring Critical Issues in Gifted Education* presents problem based learning scenarios that explore authentic situations found in K 12 classrooms. The real world current issue scenarios and cases described in this text are designed to be read and discussed in a short amount of time, allowing the reader to gain greater understanding through empathy, analyze multiple perspectives, and support the standards of excellence set forth in the 2019 NAGC Pre K 12 Gifted Programming Standards and the Global Principles for Professional Learning in Gifted Education. This new edition features additional cases focusing on professional learning practices in the areas of equity, thrice exceptionality, psychosocial development, and talent development. An engaging course text and a valuable professional development tool, this book will provide decision making strategies to analyze cases and personalize solutions, allowing educators to gain the insight needed to improve the identification of and services for gifted and talented students.

Using the National Gifted Education Standards for Teacher Preparation National Assoc For Gifted Children, NAGC, Joyce VanTassel-Baska, Ann Robinson, 2021-09-23

Standards have benefits particular to the field of gifted education. In order to ensure equity and systematic talent search and programming, it is essential that current and future teachers are educated in the relevant theory, research, pedagogy, and management techniques important for developing and sustaining classroom based opportunities specifically designed for gifted learners. By incorporating the 2013 NAGC CEC Teacher Preparation Standards in Gifted and Talented Education, this guidebook helps university faculty at the undergraduate and graduate levels design or revise gifted education programs and partner with other educators in developing gifted education teachers.

Valencia,2010-09-13 Deficit thinking is a pseudoscience founded on racial and class bias It blames the victim for school failure instead of examining how

schools are structured to prevent poor students and students of color from learning Dismantling Contemporary Deficit Thinking provides comprehensive critiques and anti deficit thinking alternatives to this oppressive theory by framing the linkages between prevailing theoretical perspectives and contemporary practices within the complex historical development of deficit thinking Dismantling Contemporary Deficit Thinking examines the ongoing social construction of deficit thinking in three aspects of current discourse the genetic pathology model the culture of poverty model and the at risk model in which poor students students of color and their families are pathologized and marginalized Richard R Valencia challenges these three contemporary components of the deficit thinking theory by providing incisive critiques and discussing competing explanations for the pervasive school failure of many students in the nation s public schools Valencia also discusses a number of proactive anti deficit thinking suggestions from the fields of teacher education educational leadership and educational ethnography that are intended to provide a more equitable and democratic schooling for all students **Quicklet on Ruby**

K. Payne's A Framework for Understanding Poverty (CliffNotes-like Summary) Jeff Davis, 2012-02-24 ABOUT THE BOOK A Framework for Understanding Poverty provides important insight into the nation s ongoing difficulty educating poor children Students from impoverished backgrounds at all levels of America s education system achieve success at lower rates than students who are not impoverished The author Ruby Payne suggests that individuals who have experienced generational poverty that is individuals whose parents also grew up in poverty behave in certain characteristics ways that put them at a disadvantage in institutional settings like public school Payne defines generational poverty as different from situational poverty that is the condition of poverty caused by lack of resources due to a particular event like death chronic illness or divorce The idea is that raising oneself out of situational poverty is easier than raising oneself out of generational poverty MEET THE AUTHOR Jeff Davis is a life long educator with a Ph D in English Studies who has taught at both the high school and university levels He is also an artist and an amateur anthropologist who is a proponent of First Art that art which our ancient ancestors practiced some 30 000 years ago and even earlier His most recent book The First Generation Student Experience expanded the college student affairs field describing the challenges of contemporary nontraditional students Related to his interest in evolutionary biology he is currently working on a writing pedagogy book that argues that motivation is the most important dimension of the creative process even more important than skill and native ability EXCERPT FROM THE BOOK Payne establishes her working definition of poverty as the extent to which an individual does without resources such as financial emotional mental spiritual physical support systems relationships role models and knowledge of hidden rules 8 The challenge for the school or work setting is to analyze and understand the available resources before problem solving and to utilize opportunities that impact the non financial resources She describes three aspects of language registers of language discourse patterns and story structure 27 Registers of language include frozen formal consultative casual and intimate Dropping down one register in the same conversation is socially acceptable dropping down two registers is socially

Demetrikopoulos, John L. Pecore, 2015-12-17 This book explores education for juvenile offenders in relation to Passages Academy which is both similar to and representative of many school programs in juvenile correctional facilities Examining the mission and population of this school contributes to an understanding of the ways in which the teachers think about and ultimately act with respect to their detained juveniles students and particularly illustrates how the tension between punishment and rehabilitation is played out in school policies and design By calling attention to the decisions that surround juvenile detention education the extant research concentrates on three main areas first the social political and pedagogical forces that determine who enters the juvenile justice systems second how these court involved youths are educated while they are in the system and third the practical problems and the social justice issues youths encountered when transitioning back to their community schools *I Hope I Don't See You Tomorrow* is both heartwarming and heartbreaking its vast empathy for the students that L A Gabay teaches is edifying while its unsparing examination of the forces that push youth into detention is soul shearing Gabay is at once Tocqueville and Kozol he brilliantly guides us through the educational territory that is foreign to most of us even as he paints a searing portrait of teachers who shape lesson plans for students who must learn under impossible conditions Gabay's haunting and eloquent missive from the front lines of pain and possibility couldn't be more timely as the nation's first black president seeks to lessen the stigma of nonviolent ex-offenders in our society Gabay's book confronts the criminal justice system at its institutional roots in the economic misery and racial strife of schooling that compounds the suffering of poor youth as they are contained by a state that often only pays attention to them when they are in trouble Gabay opens eyes and vexes minds with this stirring and sober account of what it means to teach those whom society has deemed utterly expendable Michael Eric Dyson author of *The Black Presidency* Barack Obama and the Politics of Race in America As a beneficiary of Lee Gabay and his colleague's patience discipline and compassionate teaching at the school this timely book

beautifully decrypts the pedagogical framework within the juvenile justice system As America comes to term with its zeal for incarceration policymakers educators government officials parents and advocates should take advantage of this carefully written book and use it as reflection and pause as we prepare our young court involved students towards adulthood Jim St Germain Advisory counsel on President Obama s Taskforce on Police Community Relations and Mayor Bloomberg s Close to Home initiative

Making ALL Kids Smarter John DeLandtsheer,2011 This book helps teachers plan a challenging program for students particularly gifted students within a regular education classroom It addresses brain compatible learning which makes it appropriate for a much wider group of students than just the very brightest Approaches and strategies are explained in a unique and personal style and include the following use of inter disciplinary themes analytical thinking exercises teaching moral dilemmas Socratic questioning techniques increasing depth and complexity through interactive games activities to promote creative thinking using graphic organizers and teaching research skills and methods The author demonstrates how all these strategies and approaches work together to help teachers create a more meaningful learning experience for all students An added benefit of the author s training as reflected in this book is to help put the creativity and search for knowledge back into the learning process

Consultants and Consultancy: the Case of Education Helen M. Gunter,Colin Mills,2017-02-27 This book is a comprehensive study into and about consultants doing consultancy and having influence in ways that generate concerns about an emerging consultocracy with privileged access to governments and public services It presents a detailed mapping of consultants and consultancy in education as a site of change and modernisation in public sector service provision It considers consultancy at a macro level of globalised policy at a meso level of national government policy and at a micro level with vivid descriptions and analyses of consultants at work The rapid rise of edubusinesses combined with the restructuring of public services in western style democracies has generated new types of knowledge actors within education policy Three main developments that have led to this change are the entry of education policy and service consultants from within major companies into the public education market place the emergence of celebrity entrepreneurial actors and private businesses who make interventions into Universities and schools and the rapid growth of small businesses based on individuals who have relocated their work from the public to the private sector Such knowledge actors and the complexities they bring to public education are as yet under described and largely un theorized Based on current research and drawing upon a range of theoretical tools this book fills the gap Gunter and Mills provide an invaluable contribution to scholarship on the neoliberal restructuring of public education by mapping and analyzing the under examined yet central role of corporate education consultants Their thoughtful and thorough discussion expands our understanding of how consultants promote and trade in the ideologies of corporate culture Gunter and Mills show how consultants are integral to both knowledge making practices in schools and a radical reform agenda for schools in the UK and around the globe This is an accessible and important volume for not just policy and politics scholars but anyone
