The Right Stuff Tom Charity, 2019-07-25 This study places The Right Stuff in the historical context of the political history of the Space Race It explores director Philip Kaufman's subversive adventurism his mastery of cinematic form and the way in which the film combines the mythology of the Western with counter cultural concerns The Right Stuff Tom Wolfe, 2008-03-04 Tom Wolfe at his very best The New York Times Book Review The Right Stuff is the basis for the 1983 Oscar Award winning film of the same name and the 8 part Disney TV mini series From America's nerviest journalist Newsweek a breath taking epic a magnificent adventure story and an investigation into the true heroism and courage of the first Americans to conquer space Millions of words have poured forth about man's trip to the moon but until now few people have had a sense of the most engrossing side of the adventure namely what went on in the minds of the astronauts themselves in space on the moon and even during certain odysseys on earth It is this the inner life of the astronauts that Tom Wolfe describes with his almost uncanny empathetic powers that made The Right Stuff a classic The Venture Alchemists Rob Lalka, 2024-05-14 Gold Medalist 2025 Axiom Business Book Awards Business Ethics Future Trends category Shortlist 2024 Best in Business Book Awards Society for Advancing Business Editing and Writing We once idolized tech entrepreneurs for creating innovations that seemed like modern miracles Yet our faith has been shattered We now blame them for spreading lies breaking laws and causing chaos Yesterday's Silicon Valley darlings have become today's Big Tech villains Which is it Are they superheroes or scoundrels Or is it more complicated some blend of both In The Venture Alchemists Rob Lalka demystifies how tech entrepreneurs built empires that made trillions Meta started as a cruel Halloween prank Alphabet began as a master s thesis that warned against corporate deception and Palantir came from a campus controversy over hateful speech These largely forgotten origin stories show how ordinary fears and youthful ambitions shaped their ventures making each tech tale relatable both wonderfully and tragically human Readers learn about the adversities tech entrepreneurs overcame the troubling tradeoffs they made and the tremendous power they now wield Using leaked documents and previously unpublished archival material Lalka takes readers inside Big Tech s worst exploitations and abuses alongside many good intentions and moral compromises But this story remains unfinished and The Venture Alchemists ultimately offers hope from the people who decades ago warned about the risks of the emerging Internet Their insights illuminate a path toward more responsible innovations so that technologies aren t dangerous weapons but valuable tools that ensure progress improve society and enhance our daily lives Tom Wolfe's America Kevin T. **Iet-set** ,1989 McEneaney, 2009-04-30 While The Right Stuff and The Bonfire of the Vanities remain perhaps his best known works Tom Wolfe's journalism and fiction continues to enjoy a large audience perhaps chiefly because of the variety of his subjects and his controversial approach to them Here McEneaney offers an account of the man and his works explaining along the way Wolfe's use of irony his obsessive themes and even his use of pranks More comprehensive in scope than any preceding book

on Wolfe it offers accurate and accessible commentary based upon what Wolfe admits about his own work In this new book Wolfe s work is put in journalistic and literary context The reliability of Wolfe s journalism is discussed especially when there are alternative narrations to events he has depicted McEneaney also examines the Wolfe's use of pranks that he plays on readers at times and uncovers the influences on Wolfe that have contributed to his unique style Finally the author discusses Wolfe's impact on other writers Readers will gain access into Wolfe's world through this detailed and colorful work York Magazine ,1984-02-27 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an **The Winning Team** Sederick Fluker, 2013-05-29 The Winning Team is a comprehensive victory guide designed to idea help teams and team based organizations succeed in winning In this book the reader will discover fundamentals for constructing a winning team the correlation between a teams performance and its win potential the traits of winning teams the role leadership plays in the success of winning teams team destroyers and how teams can defend against them the importance of keeping a Team over Talent philosophy how to sustain long term winning to establish a winning legacy and much more This is a powerful resource for any group entity working together to achieve a common goal Whether a team is sports based business based or organization based the practical concepts revealed in this book can transform average teams into winning teams The World Is Flat [Further Updated and Expanded; Release 3.0] Thomas L. The Diet for Your Mind to Help You Fin Oscar Settle,2005 The Diet for the Mind belongs on the bookshelf next to the many books for the body diet After all which is more important to diet to have a healthy fine scrupled physical body which will one day rot and return to the earth or to diet to have a mind fed with the spirit of good to save the soul which will live eternally The mind diet has completed my dieting because now I know the truth and I am free I am free in mind body and soul The Diet for the Mind will teach that God is a trinity Father Son and Holy Spirit and God created man as a trinity spirit body and soul Furthermore The Diet teaches on the trinity of evil the trinity of consciousness and the trinity of Christianity

The Diet for the Mind has a menu that begins with appetizers and ends with desserts The diet explains why humanity needs a diet the appetizers for the mind and how to diet and change the mind to find the dessert love The Holy Bible is used by Minister Settle as The Manual because The Manual is from the creator and all has to agree that the creator's manual is the best resource for the creation Thus as humanity supplies a manual for instructions on the existence of whatever is created the creator of humanity has provided his manual for the education edification and instructions to his creation humanity So Chevrolet instructs on the care and maintenance of the existence of the Chevrolet car and ditto is true with Ford cars Thus it doesn't take a PHD in the study of existence to accept that the creator knows what is best for the creation The Diet for the Mind is not based upon Minister Settle's diet or any other mortal's instructions Rather The mind diet is presented from the creator's instructions found in the manual for the diet the Holy Bible Making Sense of the Alt-Right George Hawley, 2017-09-19 During the 2016 election a new term entered the mainstream American political lexicon alt right short for alternative right Despite the innocuous name the alt right is a white nationalist movement Yet it differs from earlier racist groups it is youthful and tech savvy obsessed with provocation and trolling amorphous predominantly online and mostly anonymous And it was energized by Donald Trump's presidential campaign In Making Sense of the Alt Right George Hawley provides an accessible introduction and gives vital perspective on the emergence of a group whose overt racism has confounded expectations for a more tolerant America Hawley explains the movement's origins evolution methods and core belief in white identity politics The book explores how the alt right differs from traditional white nationalism libertarianism and other online illiberal ideologies such as neoreaction as well as from mainstream Republicans and even Donald Trump and Steve Bannon The alt right s use of offensive humor and its trolling driven approach based in animosity to so called political correctness can make it difficult to determine true motivations Yet through exclusive interviews and a careful study of the alt right's influential texts Hawley is able to paint a full picture of a movement that not only disagrees with liberalism but also fundamentally rejects most of the tenets of American conservatism Hawley points to the alt right's growing influence and makes a case for coming to a precise understanding of its beliefs without sensationalism or downplaying the movement s **Digital Nature Photography** John Gerlach, Barbara Gerlach, 2007 Digital Nature Photography is a how to radicalism guide for photographers who want to take their work to the next level Written by professionals with over 20 years experience the Gerlachs reveal enlightening techniques for shooting nature images in the field The combination of artistic approach and impeccable technique will help you capture your next great image The Adversity Advantage Paul Gordon Stoltz, Erik Weihenmayer, Paul Stoltz, 2008 From the world's foremost blind athlete and a Harvard Business School lecturer comes an inspiring seven step program for converting both mundane and dramatic struggles into the kind of fuel that spur personal and professional greatness Adversity is one of the most potent forces in life It shapes your character clarifies your priorities and defines your path It can also fuel your greatness Each of us faces a rich assortment of adversities every day ranging from
