Rinaldo On The Run:

Departures on the House Scott Crass, 2020-01-09 The word change stormed onto the political lexicon in 1992 when Democratic Presidential nominee Bill Clinton aimed to deny George H W Bush a second term Often overlooked however is that change also caused a ruckus in Congress Redistricting a check overdraft scandal that consumed the chamber and overall frustration with the system produced a wild and woolly year that sent 110 House members into retirement or defeat

Departures On The House portrays comprehensive biographies of each of those members *Morgante* Luigi

Pulci, 2000-09-22 A classic picaresque epic detailing the thrilling exploits of Orlando Morgante is a tale of war and of the calamities that befall the romantic hero his fellow knights and their sovereign Charlemagne After encountering the fierce Morgante Orlando converts the giant who then becomes his squire and trusted companion This annotated English translation will lead to a new appreciation of Luigi Pulci's singular epic masterpiece and contribute to a reassessment of the author's influence on modern English literature *The Opera of the Twentieth Century* William Schoell, 2015-01-24 In the late 1500s

in Florence aristocrats of the Renaissance renovated classical Greek dramas into dramatic musicals and gave birth to the first operas After centuries of transformation the opera is still appreciated as a historically dynamic paradigm of the fine arts Composers of the twentieth century have worked hard to fashion a voice distinct from the romantic composers of the nineteenth century and the traditions that preceded them and this volume explores the extent of their success Beginning with a thorough introduction to the history of operatic forms and transformation this book presents a comprehensive discussion of twentieth century opera Giving ear to many composers and many styles romantic and modern and assorted variations the discussion includes such globally renowned composers as Strauss Puccini Prokofiev and Mascagni as well as the esoteric works of less famous composers Spanning as it does from Puccini's *Tosca* and Charpentier's *Louise* to Heggie's *Dead Man Walking* and Corigliano's *The Ghosts of Versailles* twentieth century operatic form has something for every taste The discussion is therefore structured chronologically and directed at exploring this complex diversity and ingenuity of twentieth century styles Examples from across the globe and firsthand commentary from contemporary operatic professionals complement the discussion Concluding chapters comment upon the operatic presence in the twenty first century and the future of operatic forms *Hearings, Reports and Prints of the House Committee on Interstate and Foreign Commerce*
