THERISEOF RUSSIA AND THE FALLOFTHE SOVIET EMPIRE

JOHN B. DUNLOP

Rise Of Russia And The Fall Of The Soviet Empire

René De La Pedraja

Rise Of Russia And The Fall Of The Soviet Empire:

The Rise of Russia and the Fall of the Soviet Empire John B Dunlop, 1993-01-01 This is the first work to set one of the great bloodless revolutions of the twentieth century in its proper historical context John Dunlop pays particular attention to Yeltsin's role in opposing the covert resurgence of Communist interests in post coup Russia and faces the possibility that new institutions may not survive long enough to sink roots in a traditionally undemocratic culture This is the first work to set one of the great bloodless revolutions of the twentieth century in its proper historical context John Dunlop pays particular attention to Yeltsin's role in opposing the covert resurgence of Communist interests in post coup Russia and faces the possibility that new institutions may not survive long enough to sink roots in a traditionally undemocratic culture Whv Did the Soviet Union Collapse?: Understanding Historical Change Robert Strayer, 2016-06-16 Taking the Soviet collapse the most cataclysmic event of the recent past as a case study this text engages students in the exercise of historical analysis interpretation and explanation In exploring the question posed by the title the author introduces and applies such organizing concepts as great power conflict imperial decline revolution ethnic conflict colonialism economic development totalitarian ideology and transition to democracy in a most accessible way Questions and controversies and extracts from documentary and literary sources anchor the text at key points This book is intended for use in history and political science courses on the Soviet Union or more generally on the 20th century Russia's Revolution from Above 1985-2000 Gordon M. Hahn, Relying on a wealth of detailed institutional policy and elite information Hahn presents a magisterial study that fills a significant void in our understanding of USSR's destruction While readers may at times feel overwhelmed readers are presented with a conceptual approach that can be useful for appreciating ongoing institutional changes and oftern subtle elite maneuverings in the post Soviet era John P Willerton University of Arizona This is a big book in all respects weighty both in size and scholarship The core is a meticulous analysis of the perestroika period of the Soviet Union 1985 91 Followed by a concluding general chapter that applies the earlier analysis to post Communist Russia 1992 2000 The work is based on years of painstaking analysis considerable archival research and numerous interviews The Russian Review This is an important book with a number of substantive strengths Slavic Review The fall of the Soviet communist regime in 1991 offers a challenging contrast to other instances of democratic transition and change in the last decades of the twentieth century The 1991 revolution was neither a peaceful revolution from below as occurred in Czechoslovakia nor a negotiated transition to democracy like those in Poland Hungary or Latin America It was not primarily the result of social modernization the rise of a new middle class or of national liberation movements in the non Russian union republics Instead as Gordon Hahn argues the Russian transformation was a bureaucrat led state based revolution managed by a group of Communist Party functionaries who won control over the Russian Republic RSFSR in the mid 1990s Hahn describes how opportunistic Party and state officials led by Boris Yeltsin defected from the Gorbachev camp and proceeded in 1990 91 to dismantle the

institutions that bound state and party These revolutionaries from above seized control of political economic natural and human resources and then separated the party apparatus from state institutions on Russian Republic territory With the failed August 1991 hard line coup Yeltsin banned the Communist Party and decreed that all Union state organs including the KGB and military were under RSFSR control In Hahn's account this mode of revolutionary change from above explains the troubled development of democracy in Russia and the former Soviet republics Hahn shows how limited mobilization of the masses stunted the development of civil societies and the formation of political parties and trade unions with real grass roots The result is a weak society unable to nudge the state to concentrate on institutional reforms society needs for the development of a free polity and economy Russia's Revolution from Above goes far in correcting the historical record and reconceptualizing the Soviet transformation It should be read by historians economists political scientists and Russia area scholars Gordon M Hahn is visiting scholar at the Hoover Institution Stanford University His articles on Soviet and Russian politics have appeared in Europe Asia Studies Problems of Post Communism Russian Review and Russian History Histoire The Fall of the Soviet Union, 1991 Susan Sales Harkins, William H. Harkins, 2020-02-04 Soviet History begins Russe with bloodshed oppression and strife Civil War stained the Russian landscape with the blood of its people after Nicholas II abdicated his throne to a provisional government The Bolsheviks wanted Russia and eventually they took her Peasants became citizens with rights but the truth is the civil war only changed the name of their oppressor from czar to Communist dictator After decades of isolation and sometimes harsh living conditions Mikhail Gorbachev ushered in an age of reform but in doing so he made enemies Then Boris Yeltsin championed reform and the rights of the people When Communist hard liners made one last effort to regain control Yeltsin held his ground Unlike its birth the death of the Soviet Union saw little bloodshed After seventy years even the Communist hard liners no longer had the stomach for killing citizens to keep control The union dissolved in 1991 Russian Nationalism and the Politics of Soviet Literature S. Cosgrove, 2004-01-29 Russian nationalism increasingly important as the Russian Federation finds its place in the world is not a new phenomenon Who were the Russian nationalists before the creation of today s Russia What were their views What was their political influence This book seeks answers to these questions by looking in detail at the last decade of the USSR through the eyes of a group of Russian nationalist intellectuals gathered around the literary journal Nash sovremennik The author suggests that in the Twenty first century a specifically Russian type of nationalism ethnic and statist could provide the ideological underpinning for a new authoritarianism The Rise and Fall of the Soviet Empire Dmitrii Antonovich Volkogonov, 1998 Following his great trilogy of biographies of the giants who dominated the history of the Soviet Union Stalin 1991 Lenin 1994 and Trotsky 1996 Dmitri Volkogonov delves deeper into the Soviet archives to produce new character evaluations and political assessments of the seven leaders who ruled the Soviet Union from 1917 to 1991 A former general in the Soviet Army s propaganda department Director of the Institute for Military History and Defence Adviser to President Yeltsin from 1991 to

his death from cancer in December 1995 Dmitri Volkogonov had unrivalled access to Soviet military archives Communist Party documents and secret presidential files Basing his new book on these inside sources he has continued his pioneering work of revealing the truth behind the activities of the world's most secretive political leaders. He throws new light on Lenin's paranoia about foreigners in Russia his creation of a privileged system for top Party members Stalin's repression of the nationalities and his singular conduct of foreign policy the origins and conduct of the Korean War Khrushchev's relationship with the odious secret service chief Beria Brezhnev s vanity and stupidity the Afghan War Poland and Solidarity Soviet bureaucracy Gorbachev s Leninism and role in history Conscience, Dissent and Reform in Soviet Russia Philip Boobbyer, 2008-08-05 This book embraces the political intellectual social and cultural history of Soviet Russia Providing a useful perspective of Putin's Russia and with a strong historical and religious background the book looks at the changing features of the Soviet ideology from Lenin to Stalin and the moral universe of Stalin's time explores the history of the moral thinking of the dissident intelligentsia examines the moral dimension of Soviet dissent amongst dissidents of both religious and secular persuasions and includes biographical material explores the ethical assumptions of the perestroika era firstly amongst Communist leaders and then in the emerging democratic and national forces The Russian Dilemma Gordon M. Hahn, 2021-11-17 From the end of the Mongol Empire to today Russian history is a tale of cultural political economic and military interaction with Western powers The depth of this relationship has created a geopolitical dilemma Russia has persistently been both attracted to and at odds with Western ideas and technological development which have tended to threaten Russia's sense of identity and create destabilizing divisions within society Simultaneously deepening involvement in Western international affairs brought meddling in Russian domestic politics and military invasion This book examines how the centuries old Western threat has shaped Russia's political and strategic structures creating a culture of security rooted in of the Soviet Union unleashed the specter of the largest wave of nuclear proliferation in history Why did Ukraine ultimately choose the path of nuclear disarmament The collapse of the Soviet Union in 1991 left its nearly 30 000 nuclear weapons spread over the territories of four newly sovereign states Belarus Kazakhstan the Russian Federation and Ukraine This collapse cast a shadow of profound ambiguity over the fate of the world's largest arsenal of the deadliest weapons ever created In Inheriting the Bomb Mariana Budjeryn reexamines the history of nuclear predicament caused by the Soviet collapse and the subsequent nuclear disarmament of the non Russian Soviet successor states Although Belarus and Kazakhstan renounced their claim to Soviet nuclear weapons Ukraine proved to be a difficult case with its demand for recognition as a lawful successor state of the USSR a nuclear superpower the country became a major proliferation concern And yet by 1994 Ukraine had acceded to the Treaty on the Non proliferation of Nuclear Weapons NPT as a non nuclear weapon state and proceeded to transfer its nuclear warheads to Russia which emerged as the sole nuclear successor of the

USSR How was this international proliferation crisis averted Drawing on extensive archival research in the former Soviet Union and the United States Budjeryn uncovers a fuller and more nuanced narrative of post Soviet denuclearization She reconstructs Ukraine s path to nuclear disarmament to understand how its leaders made sense of the nuclear armaments their country inherited Among the various factors that contributed to Ukraine's nuclear renunciation including diplomatic pressure from the United States and Russia and domestic economic woes the NPT stands out as a salient force that provided an international framework for managing the Soviet nuclear collapse 1993 Patt Leonard, Rebecca Routh, 1996 Journal articles books book chapters book reviews dissertations and selected government publications on East Central Europe and the former Soviet Union published in the United States and Canada Russia and the Russians Geoffrey A. Hosking, 2001 Chronicles the history of the Russian Empire from the Mongol Invasion through the Bolshevik Revolution to the aftereffects of the Cold War Before Intelligence Failed Mark Wilkinson, 2018-05-15 In the wake of the 2003 Iraq War the term intelligence failure became synonymous with the Blair Government and how it had used intelligence to construct a case for war This book examines British secret intelligence over the thirty years preceding its very public failings From the Soviet Union to South Africa and Libya Mark Wilkinson provides a detailed analysis and vivid account of the development and functioning of Britain's intelligence agencies in the struggle against the proliferation of chemical and biological weapons Based on archival research and interviews with key players in the intelligence establishment he shows how a handful of chemical and biological weapons experts battled to make their voices heard They had evidence that illegal weapons development was taking place but were continually rebuffed by adversaries in Whitehall Fascinating surprising and sometimes shocking Before Intelligence Failed is a compelling account of what was known about chemical and biological weapons proliferation before the Iraq War Twentieth Century Russia Donald Treadgold, 2018-05-04 Donald Treadgoldwas one of the most distinguished Russian historians of his generation His Twentieth Century Russia a standard text in colleges and universities for several decades has been regularly revised and expanded to reflect new events and scholarship The present revision by Professor Herbert Ellison contains a major chapter on the Yeltsin era and brings the Russian story to the final year of the century Twice in the twentieth century the collapse of the Russian state and empire has been followed by an effort to build a democracy on the Western model The first effort succumbed within a few months to Lenin s communist revolution whose ideas and institutions dominated the history of Russia and eventually much of the world during the succeeding seventy four years In August 1991 an attempt by Soviet leaders to suppress democratic and nationalist movements unleashed by the Gorbachev reforms and already victorious in Eastern Europe precipitated instead an anti communist revolution under the leadership of Boris Yeltsin The revolution and the sweeping transformation that followed are treated in the new edition which assesses the aims and scope of the first decade of Russia's second revolution The transformation included a new constitutional structure two fully democratic parliamentary elections and a presidential

election with another of each soon to come a vigorous revival of political parties and political debate and major questions about Russia's political future Against the broad background of the Russian experience over a turbulent century it raises the major questions What are the prospects for Russian democracy Why are the communists following an anti communist revolution the most powerful parliamentary party in Russia's new parliament and what is their impact Why has the conversion to a market economy proved so difficult and painful and what are its prospects How has Russia related to the new states that were once fellow republics of the USSR Why has the foreign policy of the new Russian democracy moved from a vision of partnership with the US to a reality of conflict and confrontation Twentieth Century Russia poses these questions and many more for the student and the general reader alike against the fascinating background of Russia's experience before during and since the era of communist rule exploring the roots of current developments in the communist and pre communist Transitions to Democracy Kathryn Stoner, Michael McFaul, 2013-04-15 What issues and consequences surround the fall of a government what type of regime replaces it and to what extent are these efforts successful This title provides a collection of writings by scholars and practitioners that are organized into three parts successful transitions incremental transitions and failed transitions Collapse Vladislav M. Zubok, 2021-11-30 A major study of the collapse of the Soviet Union showing how Gorbachev's misguided reforms led to its demise A deeply informed account of how the Soviet Union fell apart Rodric Braithwaite Financial Times A masterly analysis Joshua Rubenstein Wall Street Journal In 1945 the Soviet Union controlled half of Europe and was a founding member of the United Nations By 1991 it had an army four million strong with five thousand nuclear tipped missiles and was the second biggest producer of oil in the world But soon afterward the union sank into an economic crisis and was torn apart by nationalist separatism Its collapse was one of the seismic shifts of the twentieth century Thirty years on Vladislav Zubok offers a major reinterpretation of the final years of the USSR refuting the notion that the breakup of the Soviet order was inevitable Instead Zubok reveals how Gorbachev s misguided reforms intended to modernize and democratize the Soviet Union deprived the government of resources and empowered separatism Collapse sheds new light on Russian democratic populism the Baltic struggle for independence the crisis of Soviet finances and the fragility of authoritarian state power Beyond Soviet Studies Daniel Orlovsky, 1995-02 Daniel Orlovsky brings together a group of leading scholars attempt a systematic assessment of the state of studies of the former Soviet Union after its collapse The authors re examine the transition from communism and review the study of post Soviet society national identity and nationalism politics and political institutions economics foreign policy and culture They offer constructive criticisms of the field and set out research questions for an uncertain future The Russian Military Resurgence René De La Pedraja, 2018-12-11 The transition from the Soviet to the post 1991 Russian military is a fascinating story of decline and reinvention The Soviet army suffered a slow demise dissolving in 2000 and only gradually reforming based on radically different principles The First Chechnya War 1994 1996 was the lowest point for the Soviet military but the Second Chechnya

War 1999 2004 saw the initial stirrings of the new Russian army The Five Day War with Georgia in August 2008 was its first major success and marked Russia's return to world power status Lively accounts and maps describe the actions of these wars along with the Crimea operation of 2014 the separatist struggles in eastern Ukraine and the ongoing Russian intervention in Global Century Series One World Divisible David Reynolds, 2001-03-06 A magisterial account of our time by a distinguished historian Walter LaFeber author of The Clash This brilliant history vividly captures the great political events of the past 50 years while carefully avoiding an encyclopedia approach of illustrations The War Against the Working Class Will Podmore, 2015-05-29 This book traces the history of revolutions and counterrevolutions since 1917 in Russia Korea Vietnam China the countries of Eastern Europe and Cuba I present the evidence of their achievements and describe the wars they were forced to fight in self defence We can learn from the efforts and the errors of the pioneers even though their conditions of being pre industrial and dependent societies were very different from Britains today. The hope is that this book will provoke thought about the future of our nation in order to help us to decide what we need to do not to copy but to Vladimir Putin and Russia's Imperial Revival David E. McNabb, 2017-07-05 Discerning the early stages of the create rebirth of a new Russian empire from the ashes of the Soviet Union Vladimir Putin and Russia's Imperial Revival argues that Russia's recent overtly aggressive actions and foreign policy doctrines have signaled a renewal of the Cold War At the least Russia's actions represent the potential for renewal This book explains these developments in a historical context The book begins by describing Russia's initial policy of rapprochement after the collapse of the Soviet Union and its development into a foreign policy of threatened or actual armed aggression It identifies today s Russia as a nation determined to re establish itself as a political and military force As a prominent figure in the development and continuation of its current foreign policy Vladimir Putin plays a central role in the topics covered Previous literature often treats Putin as an individual phenomenon examining his connections to corruption or the secret police but here David E McNabb examines him as the latest in a long history of Russian despots who followed similar expansionist policies He details some of the tactics Putin uses to instill fear and dominate political policies of republics newly independent from Russia These tactics include the use of energy as a weapon cyber terrorism and military support for ethnic Russian separatists in other sovereign nations most recently exemplified by Russia s annexation of Crimea from Ukraine via armed invasion In an attempt to demystify Russia s re emergence as an international political force Vladimir Putin and Russia's Imperial Revival grounds its analyses in history It explores as far back as the establishment of the first Russian empire and regards Putin as a leader determined to establish a fifth imperial incarnation It provides a nuanced understanding of how Russia arrived at its current position through recent and distant internal and international events

Rise Of Russia And The Fall Of The Soviet Empire Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and

manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Rise Of Russia And The Fall Of The Soviet Empire PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Rise Of Russia And The Fall Of The Soviet Empire PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Rise Of Russia And The Fall Of The Soviet Empire free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Rise Of Russia And The Fall Of The Soviet Empire Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone.
