Pernoud,2009-01-01 For centuries historians and novelists have portrayed the Knights Templar as avaricious and power hungry villains Indignant at the discrepancies between fact and fantasy Pernoud draws a different portrait of these Christian warriors **The History of the Knights Templar** Charles Addison,2018-06-21 A richly detailed sometimes challenging work Charles Addison s The History of the Knights Templar traces the rise and fall of this legendary religious military organization Addison was an official member of the Templar Inner Table when he composed his definitive study This newly

edited 2018 edition from The Templar Press updates some of Addison s more archaic wording into modern English **The Knights Templar** Michael Kerrigan,2023-04-27 The Knights Templar tells the stories of the major and minor military orders

**The Catholic Church's Most Influential Religious Military Orders** Charles River Editors,2025-05-01 For centuries Christians and Muslims were embroiled in one of the most infamous territorial disputes of all time viciously and relentlessly battling one another for the Holy Land In the heart of Jerusalem sat one of the shining jewels of the Christian faith the Church of the Holy Sepulchre Legend has it that this was where their Savior had been buried before his fabled resurrection What was more it was said to house the very cross Jesus Christ had died upon It was for precisely these reasons that fearless pilgrims near and far risked their lives and made the treacherous trek to Jerusalem The Order of the Temple of Solomon also known as the Templars or the Knights Templar is one of the best known and least understood groups in history They appear prominently in everything from novels The Da Vinci Code to films as the Knights of the Cruciform Sword in Indiana Jones and the Last Crusade to videogames Assassin s Creed In these stories they are a sinister cult that manipulated historical events since the Middle Ages via intimidation and assassination They are usually connected to the Freemasons and sometimes to other historical cults like the Hindu Thuggees The real Templars were both more mundane and more fascinating than the myths and legends They were the first military religious order monks who were also knights The founding members were veterans of the First Crusade in Palestine and their main goal was in fact benign They formed their group as a small tertiary order Lay people who took monastic vows but lived in the larger community in Jerusalem policing the pilgrim routes and shrines of the Levant and protecting travelers from the many bandits that infested the area Even though they were used as the core of Crusader armies during the later crusades the Templars never wavered from their original goal The Templars were split into knights about ten percent of the Order sergeants and chaplains the other ninety percent with the non noble sergeants comprising the majority of the Order according to historians like Malcolm Barber in his history of the Order The New Knighthood The knights fought in the main part of the Templar army but the sergeants appear to have backed up the knights in battle both as horsemen and as a small infantry The sergeants also worked as servants and in non military support functions on the Templar farms granges that supported the Order The chaplains were a small group of priests who were rotated into the Order on a temporary basis and served the monks religious needs As the dissipating fog gave way to an unnerving sight the mass of frightening figures clad head to toe in gleaming armor would have been enough to take anyone s breath away Some of them were mounted on the backs of handsome stallions while others leaned forward

with squared shoulders ready to attack In one swift motion the men unsheathe their swords and raise it over their heads their weapons winking as the glare of the sunlight bounces off the blade To the somewhat trained eye these warriors in Norman inspired gear would have appeared to be one of the Crusader forces but it is that bold black cross painted across their chests and shields that give them away These men were none other than the fabled Teutonic Knights The knights of the Teutonic Order have since been compared to the surreal creature that appeared to the biblical Ezekiel one that bore 2 faces one of a man s and one of a lion s The human side of the creature is said to symbolize the order s charity whereas the lion was a metaphor for its valor and gallant spirit which they relied on to vanquish the heathens of the world **The Ritual of the**

**Lady-Knights of Templars** Anonymous,Literary Licensing, LLC,2014-03 This Is A New Release Of The Original 1922 Edition **The Templars** Regine Pernoud,2009-09-03 Foreword by Piers Paul Read For centuries historians and novelists have portrayed the Knights Templar as avaricious and power hungry villains Who were these medieval monastic knights whose exploits were the stuff of legend even in their own day Were these elite crusaders corrupted by their conquests which amassed them such power and wealth as to become the envy of kings Indignant at the discrepancies between the fantasies on which writers on history of every kind and hue have indulged themselves without restraint and the available evidence RTgine Pernoud draws a different portrait of these Christian warriors From their origins as defenders of pilgrims to the Holy Land to their dramatic finish as heretics burned at the stake Pernoud offers a concise but thorough account of the Templars contribution to Christendom Sketch of the History of the Knights Templars James Burnes,2021-01-24 The Knights Templars have become associated with legends concerning secrets and mysteries handed down to the select from ancient times Their financial acumen their military prowess and their work on behalf of Christianity during the Crusades still circulate throughout modern culture They were formed in the early 12th century to protect pilgrims to Jerusalem from the Muslims This large organization of devout Christians during the medieval era served the nations of Europe mightily in the Crusades Unfortunately over time they became too rich and powerful and in the mid 14th century support for the order faded This book describes the immoral scheme of the French King Philip IV and the Pope Clement V to arrest and try for heresy a lot of the Knights Templars like James of Molay the Last Grand Master But the persecution of the Templars in the fourteenth century does not close the history of the Order for though the Knights were spoliated the Order was not annihilated James Burnes examines their beginning their end and their legacy Edition LARGE PRINT with illustrations and complete footnotes Excerpt It was in the year 1119 the twentieth of the Christian dominion in Syria that nine pious and valiant Knights the greater part of whom had been the companions of Godfrey de Bouillon formed themselves into an association the object of which was to protect and defend Pilgrims on their visits to the holy places These Knights of whom the two chief were Hugo de Payens and Godfrey de St Omer vowed in honour of the sweet Mother of God to unite Monkhood and Knighthood their pious design met with the warm approbation of the King and the Patriarch and in the hands of the latter they made the three

ordinary vows of poverty chastity and obedience and a fourth of combating without ceasing against the heathen in defence of Pilgrims and of the Holy Land and bound themselves to live according to the rule of the canons of St Augustine at Jerusalem The King assigned them for their abode a part of his palace which stood close by where had stood the Temple of the Lord He and his barons contributed to their support and the abbot and canons of the Temple assigned them for the keeping of their arms and magazines the street between it and the royal palace and hence they took the name of the soldiery of the Temple or Templars     The history of the Knights Templars, the Temple church, and the Temple Charles Greenstreet Addison, 1842
