Ritual And Experiment In Modern Poetry:

Ritual and Experiment in Modern Poetry Jacob Korg,1995 Korg's study illuminates the manner in which the major poets of the early twentieth century attempted to overcome the division between the cultures of religion and science

Ritual and the Idea of Europe in Interwar Writing Patrick R. Query,2016-04-08 While most critical studies of interwar literary politics have focused on nationalism Patrick Query makes a case that the idea of Europe intervenes in instances when the individual and the nation negotiate identity He examines the ways interwar writers use three European ritual forms verse drama bullfighting and Roman Catholic rite to articulate ideas of European cultural identity Within the growing discourse of globalization Query argues Europe presents a special though often overlooked case because it adds a mediating term between local and global His book is divided into three sections the first treats the verse dramas of T S Eliot W B Yeats and W H Auden the second discusses the uses of the Spanish bullfight in works by D H Lawrence Stephen Spender Jack Lindsay George Barker Cecil Day Lewis and others and the third explores the cross cultural impact of Catholic ritual in Graham Greene Evelyn Waugh and David Jones While all three ritual forms were frequently associated with the most conservative tendencies of the age Query shows that each had a remarkable political flexibility in the hands of interwar writers concerned with the idea of Europe *Jerome Rothenberg's Experimental Poetry and Jewish Tradition* Christine Meilicke,2005-07 On a more specific level this book analyses Rothenberg's use of postmodern appropriative strategies such as collage assemblage palimpsest parody pastiche forgery found poetry and theft These strategies illustrate the concept practice and problematics of appropriation Embracing postmodern experimentation and drawing on heterodox Jewish sources Rothenberg constructs a contemporary American Jewish identity that does not rely on institutionalized Judaism Jacket

The Image of the Feminine in the Poetry of W.B. Yeats and Angelos Sikelianos Anastasia Psoni,2018-12-19 Modernism as a powerful movement saw the literary and artistic traditions as well as pure science starting to evolve radically creating a crisis even chaos in culture and society Within this chaos myth offered an ordered picture of that world employing symbolic and poetic images Both W B Yeats and Angelos Sikelianos embraced myth and symbols because they liberate imagination and raise human consciousness bringing together humans and the cosmos Being opposed to the rigidity of scientific materialism that inhibits spiritual development the two poets were waiting for a new age and a new religion expecting that they themselves would inspire their community and usher in the change In their longing for a new age archaeology was a magnetic field for Yeats and Sikelianos as it was for many writers and thinkers After Sir Arthur Evans's discovery of the Minoan Civilization where women appeared so peacefully prominent the dream of re-creating a gynocentric mythology was no longer a fantasy In Yeats's and Sikelianos's gynocentric mythology the feminine figure appears in various forms and like in a drama it plays different roles Significantly a gynocentric mythology permeates the work of the two poets and this mythology is of pivotal importance in their poetry their poetics and even in their life as the intensity of their creative

desire brought to them female personalities to inspire and guide them Indeed in Yeats's and Sikelianos's gynocentric mythology the image of the feminine holds a place within a historical context taking the reader into a larger social political and religious space

The Feminist Avant-Garde in American Poetry Elisabeth A. Frost, 2005-04 The Feminist Avant Garde in American Poetry offers a historical and theoretical account of avant garde women poets in America from the 1910s through the 1990s and asserts an alternative tradition to the predominantly male dominated avant garde movements Elisabeth Frost argues that this alternative lineage distinguishes itself by its feminism and its ambivalence toward existing avant garde projects she also thoroughly explores feminist avant garde poets' debts and contributions to their male counterparts

A Companion to Twentieth-Century Poetry Neil Roberts, 2008-06-09 In the twentieth century more people spoke English and more people wrote poetry than in the whole of previous history and this Companion strives to make sense of this crowded poetical era The original contributions by leading international scholars and practising poets were written as the contributors adjusted to the idea that the possibilities of twentieth century poetry were exhausted and finite However the volume also looks forward to the poetry and readings that the new century will bring The Companion embraces the extraordinary development of poetry over the century in twenty English speaking countries a century which began with a bipolar transatlantic connection in modernism and ended with the decentred heterogeneity of post colonialism Representation of the canonical and the marginal is therefore balanced including the full integration of women poets and feminist approaches and the in depth treatment of post colonial poets from various national traditions Discussion of context intertextualities and formal approaches illustrates the increasing self consciousness and self reflexivity of the period whilst a Readings section offers new readings of key selected texts The volume as a whole offers critical and contextual coverage of the full range of English language poetry in the last century

Whitman's Queer Children Catherine A. Davies, 2012-04-19 The first full length study to explore the idea of a gay epic in American poetry

The Figure of the Shaman in Contemporary British Poetry Shamsad Mortuza, 2014-08-11 This genealogical study focuses on the work of five contemporary British poets in order to locate them in a counter cultural tradition that is informed by strategic responses to state terrorism It identifies some historical moments of ruptures such as the persecution of the Celtic druids by the Romans the killing of the Welsh bards by Edward I the appropriation of bardic materials by Romantic poets writing in a post French Revolution era and the beatnik response to a post World War bipolar world in order to contextualise and discuss the poets of British Poetry Revival writing under Thatcherism Drawing on Mircea Eliade's notion of shamanism as archaic techniques of ecstasy these poets have transformed Eliade's version of the shaman's elective trauma and enacted a critical rejection of totalitarian tools of the state

and society Categorised as the Technicians of the Sacred and the Technicians of the Body these shamanic poets include Iain Sinclair Jeremy Prynne Brian Catling Barry MacSweeney and Maggie O Sullivan Their poetic strategy is not a New Age fad it rather investigates and inventories the hidden energies of past and present to wrest spirituality away from the confines of religion and politics while embodying it in textual praxis

documented in this text **British Literature in Transition, 1900-1920: A New Age?** James Purdon, 2021-12-02 During the first two decades of the twentieth century Britain's imperial power and influence was at its height. These were years of daring when adventurers sounded the mysteries of the deep sea and the distant poles; aviators sped through the skies and new media technologies transformed communication. They were years of social upheaval during which long suppressed voices, particularly those of women of the labouring classes and of colonial subjects, grew louder and demanded to be heard. They were years of violence, of insurrection and political agitation and of imperial conflicts that would encompass continents. By subjecting specific developments in literature and related culture to a fine-grained and historically informed analysis, *British Literature in Transition 1900-1920: A New Age* explores the writing of this extraordinary period in all its complexity and vibrancy.
