urgent need for reconciliation The author offers telling insights into well known individuals in a society with no easy answers to challenging problems and asks why the Christian message has been so badly represented by all the main churches He questions the role of journalists over decades when balanced reporting was so important but at times very difficult and suggests that truth has never been more in danger than it is today His journey of faith through the unholy alliance between religion and politics does not make for easy reading but he still retains his personal faith in the best of human nature which can shine through inspiring even in the worst of times
