

Sacred Path of Midwifery

by
Karen Melody Shatar

*"The Sacred Path of Midwifery is a guide to our souls ...
an inspirational gem to be read and reread, opening the heart with empathy."
—Anne Klein, M.D., M.P.H., Dr. Oriental Medicine*

Sacred Path Of Midwifery

Karen Melody Shatar

Sacred Path Of Midwifery:

Sacred Path of Midwifery Karen Melody Shatar, 2003-04-01 Karen Melody Shatar explores both the actual and metaphorical roles of midwifery as fertile ground for spiritual emotional and psychological growth The Sacred Path of Midwifery is an interweaving of stories from perspectives of the midwife and the birthing woman *The Art of Spiritual Midwifery* Stephen Faller, 2015-09-24 What comes after reflective listening What comes after the ministry of presence Spiritual midwifery is a powerful framework for offering pastoral care in today's fast paced environment Midwifery offers ways of thinking about those who are served the work itself and what it means to be a clinical caregiver within the tradition of the care of souls Spiritual midwifery has philosophical and spiritual roots that stem from the earliest seeds of Western thought even back to Jesus and Socrates Readers will find an inductive approach toward a conceptual model that offers insight for richer assessments and outcome oriented goals of care Part One sets out the metaphors of the midwife and the dialogue Part Two unpacks the methodology behind the mechanics Part Three looks at creative applications of midwifery and is followed by a Symposium patterned after Plato's own Symposium A rigorous theory remains at the centre of the work but the tone is poetically balanced enough to invite the transformation of the spiritual caregiver From the philosophy of Heraclitus to the theology of Kierkegaard and the spiritual direction of Guenther The Art of Spiritual Midwifery brings forth a comprehensive conception of pastoral care and its delivery **Imagery, Ritual, and Birth** Anna M. Hennessey, 2018-12-11 Every human being is born and has gone through a process of birth Yet the topic of birth remains deeply underrepresented in the humanities overshadowed by a scholarly focus on death This book explores how imagery is used ritualistically in religious secular and nonreligious ways during birth through analysis of a wide variety of art iconography poetry and material culture Objects central to the book's study include religious figurines paintings about birth and other items representative of pregnancy crowning or giving birth that have an historical or original meaning connected to religion Contemporary artists are also creating new art in which they represent birth and mothering as nonreligious events that are sacred or divine Framed through the concept of social ontology which examines the nature of the social world and studies how people create meaning out of the various objects images and processes that make up human social life the book theorizes a social ontology of birth focusing on how the meaning of imagery undergoes metamorphosis between the spheres of religion secularity nonreligion and the sacred when used during birth as a rite of passage Included in the study are more than thirty images of birth some of which have never been written about before **Fundamentals of Nursing & Midwifery** Helen Hall, Paul Glew, Johanna Rhodes, 2022-01-03 A trusted person centred resource to start you on the path to professional success Fundamentals of Nursing and Midwifery is a popular foundational nursing text specifically developed for Australian and New Zealand students This comprehensive resource provides a detailed overview of key information with person centred care highlighted throughout to focus on the individualistic interactive and holistic nature of nursing and midwifery practice It uses accessible

language that introduces students to the why as well as the how of nursing and midwifery. It focuses not only on a person's physical healthcare needs but also on the intellectual, emotional, sociocultural, and spiritual aspects of care. In this way, students learn to be holistic health care professionals while acquiring the foundational knowledge, procedures, and skills required for successful nursing or midwifery practice. **Mesoamerican Healers** Brad R. Huber, Alan R.

Sandstrom, 2010-01-01 Healing practices in Mesoamerica span a wide range from traditional folk medicine with roots reaching back into the prehispanic era to westernized biomedicine. These sometimes cooperating, sometimes competing practices have attracted attention from researchers and the public alike as interest in alternative medicine and holistic healing continues to grow. Responding to this interest, the essays in this book offer a comprehensive state-of-the-art survey of Mesoamerican healers and medical practices in Mexico and Guatemala. The first two essays describe the work of prehispanic and colonial healers and show how their roles changed over time. The remaining essays look at contemporary healers, including bonesetters, curers, midwives, nurses, physicians, social workers, and spiritualists. Using a variety of theoretical approaches, the authors examine such topics as the intersection of gender and curing, the recruitment of healers and their training, healers' compensation and workload, types of illnesses treated, and recommended treatments, conceptual models used in diagnosis and treatment, and the relationships among healers and between indigenous healers and medical and political authorities. **Rituals of Sacrifice** Vincent James Stanzione, Angelika Bauer, 2003

Living and working among the Tzutujil Maya people of Santiago Atitlán in highland Guatemala for some fifteen years, Vincent Stanzione has observed, photographed, and participated in their ritual and ceremonial life, which he describes with unique authority in this account of the continuities in Mayan culture from pre-Columbian times to the present. This book represents both a confirmation and an innovation in the scholarship and field work about the religious imagination and rites of passage of Maya peoples. I know of no book that is as able to link the pre-Hispanic, colonial, and contemporary religious practices of these peoples into a coherent narrative, to combine anthropological, religious studies theory with linguistics and ongoing field work as creatively, and to illuminate the debate between models of syncretism and transculturation about a contemporary ritual cycle as Stanzione's beautifully illustrated work. David Carrasco, Harvard University. **Engendering Mayan History** David Carey Jr., 2013-01-11

Presenting Mayan history from the perspective of Mayan women whose voices until now have not been documented, David Carey allows these women to present their worldviews in their native language, adding a rich layer to recent Latin American historiography and increasing our comprehension of indigenous perspectives of the past. Drawing on years of research among the Maya that specifically documents women's oral histories, Carey gives Mayan women a platform to discuss their views on education, migrant labor work in the home, female leadership, and globalization. These oral histories present an ideal opportunity to understand indigenous women's approach to history, the apparent contradictions in gender roles in Mayan communities, and provide a distinct conceptual framework for analyzing Guatemalan Mayan and Latin

American history Life's Miracle: A Journey Through Midwifery Pasquale De Marco, 2025-05-21 In the realm of childbirth where life's greatest miracle unfolds there lies a profession dedicated to nurturing and empowering women midwifery This book a profound exploration of the world of midwifery unveils the extraordinary stories of midwives and the transformative care they provide Through the eyes of these dedicated caregivers we witness the beauty and power of natural birth the challenges and triumphs of high risk pregnancies and the profound impact of postpartum support on the well being of mothers and families We delve into the history of midwifery uncovering a rich tapestry of traditions beliefs and practices that have shaped the profession over centuries Furthermore we examine the contemporary midwifery landscape exploring the ongoing debates surrounding the scope of practice collaboration with other healthcare providers and the integration of midwifery care into healthcare systems worldwide We highlight the challenges and opportunities faced by midwives in diverse settings from rural communities to urban centers and celebrate their unwavering commitment to providing high quality woman centered care This book is a testament to the enduring legacy of midwifery a profession that has stood the test of time gently shepherding countless lives into the world It is an invitation to honor the invaluable contributions of midwives to maternal and child health and to envision a future where midwifery is fully recognized respected and integrated into healthcare systems around the globe Join us on this captivating journey as we explore the world of midwifery celebrating the extraordinary work of these dedicated professionals and shedding light on the transformative power of their care May this book inspire educate and empower readers to recognize the vital role of midwives in ensuring the health and well being of women families and communities If you like this book write a review on google books What Loss Can Teach Us Beth Taulman Miller, 2021-02-01 After a significant loss many people rush to get back a sense of normalcy without allowing themselves time to heal and learn from that loss Our loving and compassionate God longs to walk with individuals on a transformational journey through loss toward becoming more emotionally and spiritually whole This book shows readers that God offers an on ramp to the process of tending to their pain What Loss Can Teach Us provides readers with stepping stones for getting through loss and pain while discovering the lessons they can learn through that process Including her own story of loss the author guides us in spiritual practices that helped her heal While nothing changes its reality loss can lead to an important juncture where readers will decide if they can trust God to take them through the hard process of growth and healing by allowing themselves to be shaped by the lessons they learn through their recovery What Loss Can Teach Us can serve as a road map for that transformational journey *Hospital Ministry* Lawrence E. Holst, 2006-07-01 The contributors include twelve staff chaplains of the Division of Pastoral Care Lutheran General Hospital Park Ridge Illinois in addition to a church historian an ethicist a research psychologists and an expert on substance abuse Book jacket
