Sacrifice We Offer Tridentine Dogma And Its Reinterpretation

James F. Keenan, Joseph J. Kotva

Sacrifice We Offer Tridentine Dogma And Its Reinterpretation:

The Sacrifice We Offer David Noel Power, 1987 Sacrifice in Pagan and Christian Antiquity Robert J.

Daly, 2019-08-22 Robert J. Daly S.J. examines the concept of sacrifice in the ancient Mediterranean world and discusses how the rise of bloodless Christian sacrifice and the use of sacrificial language in reference to highly spiritualized Christian lives would have seemed unsettling and radically challenging to the pagan mind. Acknowledging the difficulties posed by an overwhelmingly Christian scholarly narrative around the topic of sacrifice, Daly specifically sets out to tell the non-Christian side of this story. He first outlines the pagan trajectory and then the Jewish-Christian trajectory before concluding with a representative series of comparisons and contrasts. Covering the concept of sacrifice in relation to prayer, ethics, and morality, the rhetoric and economics of sacrificial ceremonies, and heroes and saints, Daly finishes with an estimation of how this study might inform further study of sacrifice.

Sacrifice and Community Matthew Levering, 2008-04-15 This book explores the character of the Eucharist as communion in and through sacrifice. It will stimulate discussion because of its controversial critique of the dominant paradigm for Eucharistic theology, its reclamation of St. Thomas Aquinas's theology of the Eucharist, and its response to Pope John Paul II's *Ecclesia de Eucharistia*. Argues that the Eucharist cannot be separated from sacrifice and rediscovers the biblical connections between sacrifice and communion. Timed to coincide with the Year of the Eucharist proclaimed by Pope John Paul II, it reclaims the riches of St. Thomas Aquinas's theology of the Eucharist, which had recently been reduced to a metaphysical defence of transubstantiation.

The Morally Divided Body Michael Root, James J.

Buckley, 2012-09-01 At the same time as Catholic and evangelical Christians have increasingly come to agree on issues that divided them during the sixteenth-century reformation, they seem increasingly to disagree on issues of contemporary morality and ethics. Do such arguments doom the prospects for realistic full communion between Catholics and evangelicals? Or are such disagreements a new opportunity for Catholics and evangelicals to convert together to the triune God's word and work on the communion of saints for the world? Or should our hope be different than simple pessimism or optimism? In this volume, eight authors address different aspects of these questions, hoping to move Christians a small step further toward the visible unity of the church.

Eucharist and Receptive Ecumenism Kimberly Hope Belcher, 2020-10-15 All doctrinal development and debate occurs against the background of Christian practice and worship. By attending to what Christians have done in the Eucharist, Kimberly Belcher provides a new perspective on the history of Eucharistic doctrine and Christian divisions today. Stepping back from the metaphysical approaches that divide the churches, she focuses on a phenomenological approach to the Eucharist and a retrieval of forgotten elements in Ambrose's and Augustine's work. The core of the Eucharist is the act of giving thanks to the Father for the covenant and for the world. This unitive core allows for significant diversity on questions about presence, sacrifice, ecclesiology, and ministry. Belcher shows that the key is humility about what we know and what we do not, which gives us a willingness to receive differences in Christian teachings as gifts that will allow us to move

forward in a new way **Christian Faith** B. A. Gerrish, 2015-08-24 At the beginning of Christian Faith B A Gerrish reminds us that dogmatics involves critical transmission of the Christian heritage The dogmatic theologian must interpret and assess the traditional beliefs of the church while also considering the new and changing conditions in which that tradition is being embodied With that Gerrish goes on to outline the various presuppositions and affirmations of the Christian faith before ultimately offering a powerful and compelling restatement of Christian faith for the twenty first century As part of his framework Gerrish includes a critical comparison of Calvin s Institutes of the Christian Religion and Schleiermacher s Christian Faith while still paying close attention to the great cloud of theological witnesses from across the spectrum of Christian traditions Gerrish s book provides a robust and penetrating revisioning of Christian theology one that is thoroughly grounded in the classical traditions of the church God Encountered: Understanding the Christian faith Frans Jozef van Bree, 1997 God Encountered A Contemporary Catholic Systematic Theology Volume One **Received by Christ** Celine S.
