living who might assume their place in a family or in society continue their labor or art or thrive from a shared inheritance or an organ donation This is supported by dreams and voices novels television and popular culture the work of clairvoyants and the everyday stories and activities of the living For decades now in the West the dead have been discreet and invisible Today especially as a result of the Covid 19 pandemic Despret suggests that perhaps we will be willing to engage with the dead in ways that bring us happiness despite our loss Despret s unique method of inquiry makes her book both entertaining and instructive Our Grateful Dead offers a new pragmatic approach to social and cultural research and may indeed provide compassionate therapy for those of us coping with death **Poy v.
