Africa Study Bible, NLT John Jusu, 2017 The Africa Study Bible

brings together 350 contributors from over 50 countries providing a unique African perspective It s an all in one course in biblical content theology history and culture with special attention to the African context Each feature was planned by African leaders to help readers grow strong in Jesus Christ by providing understanding and instruction on how to live a good and righteous life Publisher To Believe or Not to Believe Jack Perkins, DMin. LADC,2022-10-12 Research has shown there is a great divide between the church and the unaffiliated to include those who tend toward atheism This concern inspired the author to step away from full time ministry to work as a counselor in a state owned and operated residential facility to better understand the thought processes of those who are not invested in Christianity He became aware of an us versus them mindset held by some Christians this attitude has resulted in Christians drawing a tight circle around themselves that has created a barrier for reaching those not affiliated with the church There are several consequences First it has resulted in a deep decline in baptisms and church affiliation for churches less than 50 percent of Americans surveyed are members of a church Second it has resulted in Christians believing there is no hope for those outside the church Third the gospel presentation utilized by many is to continually make jabs at the unaffiliated bordering on a scare tactic Too many churches have attempted to use revival era styles of evangelism contemporary approaches and or a social perspective however the chasm has widened This book takes an in depth look at the philosophical systems that keep people from embracing Christianity The author also provides a theological model for helping others understand a theological base for the Christian worldview The greatest contribution of the book is the way it offers hope for reaching the unaffiliated and provides practical ways of connecting with those outside the church *I Love the Word Impossible* Ann Kiemel,1978 *The Congregationalist and Christian World* ,1915 **No Ordinary Work** Larry Snyder,2021-06-17 With so many church planters seeking to be successful many of the ways we measure success can lead to personal disappointment frustration comparisons and even depression This can result in church planters who quit and churches that close even before they really get started potentially ruining a witness to an entire community What if we redefined and clarified the biblical metrics for church planting in a way that replaces frustration with fire and replaces disappointment with direction What if we stopped the comparisons to steroid growth and replaced them with a better understanding of kingdom growth In this lighthearted and encouraging book we will highlight each extraordinary aspect to church planting and detail the biblical metrics that can infuse in each planter a better understanding of success *Unity* ,1923 **Ordinary Discipleship** Jessie Cruickshank,2023-05-09 God wired your brain for transformation Jesus told his followers Go and make disciples of every nation but a lot of us stop before we start because we feel like we don t have what it takes But Jesus didn t ask spiritual superstars to make disciples He invited ordinary people into the adventure of following Him Jessie Cruickshank learned how to be a disciplemaker in the wilderness When she connected her training in outdoor adventure ministry with her Harvard degree in neuroeducation God showed her a pathway for ordinary disciples of Jesus to experience profound spiritual growth You can help someone choose to go somewhere they

have never gone before and to be brave enough to choose to change You can model a new way of living And you can share your own hard fought wisdom on the journey of faith Jessie Cruickshank will help you navigate the terrain be inspired by the vast sky and move toward the hope to which you are called With Joseph Campbell s iconic hero s journey framework as a guide you ll discover how a spirit of adventure brain science and passionate faith can equip you for the greatest adventure of all
