instance the ancient shamans of Mindoro's Hanunoo Mangyans believe that individuals have three souls: A neutral one on the head, a bad one on their left side, and a good one on their right side. In the Hindu culture, this is translated into Vishnu The Preserver, Siva The Destroyer, and Brahma The Creator. Plato in The Republic later calls these elements as the rational side, scholars, the desiring side, the business class, militants, and working class, and the spirited side, shamans, respectively. But in 1923 Sigmund Freud, the Western Father of Psychoanalysis, calls it the mediating Ego, the desiring Id, and the spirited Superego. And as the ancients say, if the scholarly mediating rational side is in control of the two other irrational sides, then there is health, peace, and harmony within the individual. This Middle Way technique may be a bit tricky at first, but with enough practice, it will ensure a happy family, community, country, and Universe.
