Lugbara Religion John Middleton,1969 *Lugbara Religion* John Middleton,1989 *LUGBARA RELIG PB* John Middleton,1987 Lugbara Religion John Middleton,1999 **Lugbara Religion** John Middleton,1960 *Lugbara Religion* John Middleton (Writes on economics),1960 **Witchcraft and Sorcery in East Africa** John Middleton,E. H. Winter,2013-11-05 Containing ten essays by anthropologists on the beliefs and practices associated with witches and sorcerers in Eastern Africa the chapters in this book are all based on field research and new information which is studied within its wider social context First published in 1963 *The African Husbandman* William Allan,2004 The African Husbandman helped a generation of scholars and officials to appreciate that Africans agricultural practices were both more complex and more malleable than was often thought Allan s work also pioneered research methods that wedded ethnographic and ecological fieldwork in ways that demonstrated the inextricable links between social arrangements environmental conditions and land use patterns If certain facets of Allan s analysis have now come under scrutiny his general tenet that to improve agricultural prospects in Africa one first has to understand it from the cultivators point of view has only been strengthened with time As long as there are individuals struggling to make sense of African agricultural productivity The African Husbandman will remain a classic Politics, Law and Ritual in Tribal Society Max Gluckman,2017-09-04 What can we learn from tribal societies about the ways in which in a variety of social settings groups of men resolve their conflicts with other men In order to answer this question Politics Law and Ritual in Tribal Society compares nearly forty case study societies most of them in Africa in their reconstructed pre colonial tribal condition comparing their small scale social relations to their large scale social context At the outset Gluckman explains to the reader that custom is the focus of interest of all types of anthropology Yet his approach manifests a strong interest in economy politics and social relationships In the volume Max Gluckman offers a succinct version of a lifetime of opinionated analysis This material is organized by theme and the ethnographic examples appear as brief illustrations of theoretical questions Discussed here also is the relation between disputes and struggles for power within the context of mechanisms of social control and stability In addition Gluckman presents a step by step survey of the cumulative development of the anthropological analysis of tribal institutions from the nineteenth century to the present and supports the argument that anthropology is a science rather than an art The new masterful introduction by Sally Falk Moore along with a new postscript of Gluckman s professional activities and publications provides newcomers to the work of Gluckman with deep insights into the contents as well as contexts within which the great anthropologist worked The East African Revival Kevin Ward,2016-03-23 From the 1930s the East African Revival influenced Christian expression in East Central Africa and around the globe This book analyses influences upon the movement and changes wrought by it in Uganda Rwanda Burundi Kenya Tanzania and Congo highlighting its impact on spirituality political discourse and culture A variety of scholarly approaches to a complex and changing phenomenon are

juxtaposed with the narration of personal stories of testimony vital to spirituality and expression of the revival which give a sense of the dynamism of the movement Those yet unacquainted with the revival will find a helpful introduction to its history Those more familiar with the movement will discover new perspectives on its influence **Sacred Paths of the West**

Theodore M Ludwig, 2015-08-07 This text combines study of the dynamic historical development of each religious tradition with a comparative thematic structure Students are encouraged to discover and explore the nature of religious experience by comparing basic themes and issues common to all religions finding connections with their own personal experiences By sensitively introducing descriptive material within a comparative thematic structure this text helps students to understand how each religion provides for its adherents patterns and meanings that make up a full way of life **Understanding**

Hill/Hageman, Hageman, Jon B, 2016-03-23 Contributors to this landmark volume demonstrate that ancestor veneration was about much more than claiming property rights the spirits of the dead were central to domestic disputes displays of wealth and power and status relationships Case studies from China Africa Europe and Mesoamerica use the evidence of art architecture ritual and burial practices to explore the complex roles of ancestors in the past Including a comprehensive overview of nearly two hundred years of anthropological research The Archaeology of Ancestors reveals how and why societies remember and revere the dead Through analyses of human remains ritual deposits and historical documents
