Luther's Works Martin Luther, 1961 **Luther's Works** Jaroslav Pelikan, 1958 Global Migration and Christian Faith M. Daniel Carroll R., Vincent E. Bacote, 2021-12-29 Human history is the history of migration Never before however have the numbers of people on the move been so large nor the movement as global as it is today How should Christians respond biblically theologically and missiologically to the myriad of daunting challenges triggered by this new worldwide reality This volume brings together significant scholars from a variety of fields to offer fresh insights into how to engage migration What makes this book especially unique is that the authors come from across Christian traditions and from different backgrounds and experiences each of whom makes an important contribution to current debates How has the Christian church responded to migration in the past How might the Bible orient our thinking What new insights about God and faith surface with migration and what new demands are placed now upon God's people in a world in so much need *Global Migration and Christian Faith* points in the right direction to grapple with those questions and move forward in constructive ways

Making Room, 25th anniversary edition Christine D. Pohl, 2024-01-16 Hospitality is the heart of Christian ministry To the early Christians hospitality was central to the gospel mission This hospitality did not consist of entertaining neighbors but welcoming the stranger especially those who could not return the favor Yet despite urgent need hospitality has fallen by the wayside Christine Pohl's classic work *Making Room* first spoke to this issue in 1999 And it is just as relevant today with the refugee crisis the rise in homelessness and growing loneliness and isolation This revitalized edition with a new foreword and afterword by the author introduces the theology of hospitality to a new generation Pohl combines rich biblical and historical research with experience in contemporary Christian communities including the Catholic Worker L Abri Good Works Inc and others Pragmatic and thoughtful Pohl deals frankly with both the blessings and the boundaries of hospitality Readers will find a wealth of wisdom to revive authentic hospitality in their ministry **Debating James White: Shocking Failures of the "Undefeatable" Anti-Catholic Champion** Dave Armstrong, 2013-11-01 The anti Catholic is one who thinks that Catholicism is not a Christian system of theology and that to be a good Christian and get saved one must be a bad Catholic that is reject several tenets of Catholicism James White Reformed Baptist is the leading and most influential anti Catholic today He specializes in debates preferring moderated oral debates I prefer written debate This book features twelve back and forth debates with James White and also critiques or refutations of his writings For those who agree with me that written back and forth substantive exchanges are worthy of the name debate this book will be a hopefully helpful close examination of the flawed theology of James White and his critiques of Catholicism I'm happy as always to present both sides and let the reader judge This is the beauty of dialogue Readers may take in the arguments and data of both proponents in a dispute and exercise critical faculties in order to decide where the truth is to be found Beyond Integrity Scott Rae, Kenman L. Wong, 2012-02-21 Integrity is essential to Judeo Christian business ethics But today's business environment is complex Those

in business and those preparing to enter the business world need to grapple with the question of how integrity and biblical ethics can be applied in the workplace They need to go beyond integrity in their thinking Beyond Integrity is neither excessively theoretical nor simplistic and dogmatic Rather it offers a balanced and pragmatic approach to a number of concrete ethical issues Readings from a wide range of sources present competing perspectives on each issue and real life case studies further help the reader grapple with ethical dilemmas The authors conclude each chapter with their own distinctly Christian commentary on the topic covered This Zondervan ebook of the third edition has been revised to provide the most up to date introduction to the issues Christians face in today s constantly changing business culture Revisions include 30 new case studies 13 new readings 50% substantially revised sidebars that reflect the issues in the news and business press summaries and material for discussion

Homosexuality: How Should Christians Respond? Richard F. Lovelace,2002-04-30

In recent times the question of homosexual rights has burst upon the scene becoming a burning emotional controversy Many church leaders have become embroiled in debate and entire denominations are sharply divided over this issue Though the church has traditionally served as a moralistic commentator on the sidelines it now finds itself in the middle of this controversy Should self affirmed sexually active homosexuals be ordained as ministers Should they even be welcomed as fellow believers How should the Bible be interpreted and what is its role in ethical guidance of reason experience and the Holy Spirit Should the church tolerate a diversity of convictions and life styles in its sexual ethic In Homosexuality How Should Christians Respond Dr Richard F Lovelace deals with these questions from an evangelical point of view He presents the historic church position from Augustine to Theilicke and surveys and analyzes the literature of recent decades which challenges the historic position Biblical texts that speak specifically on homosexual behavior are studied extensively and brought into sharp focus by corollary Scripture passages This is an intensely practical book sensitively written to help the church reach out to the needs of homosexuals in constructive and compassionate ways

The Word of God for the People of God ,2010-01-04 This book fills a real need for pastors and students Though there is currently a large body of material on the theological interpretation of Scripture most of it is highly specific and extremely technical J Todd Billings here provides a straightforward entryway for students and pastors to understand why theological interpretation matters and how it can be done A solid constructive theological work The Word of God for the People of God presents a distinctive Trinitarian participatory approach toward reading Scripture as the church Billings s accessible yet substantial argument for a theological hermeneutic is rooted in a historic vision of the practice of scriptural interpretation even as it engages a wide range of contemporary issues and includes several exegetical examples that apply to concrete

The Doctrine of Good Works Thomas H. McCall, Caleb T. Friedeman, Matt T. Friedeman, 2023-07-25 Christianity Today 2024 Book Award Academic Theology In Titus Paul says Christ redeemed a people zealous for good works Despite this declaration and others like it the doctrine of good works has fallen on hard times in contemporary Protestant theology and practice At best it s neglected as in most systematic theologies and in too much church teaching At worst it s viewed with suspicion as a threat to salvation by grace alone through faith alone In this important work addressing a significant gap in current theological literature the authors argue that by jettisoning a doctrine of good works the contemporary church contradicts historical Protestantism and more importantly biblical teaching They combine their areas of expertise exegesis systematic and historical theology and practical theology to help readers recover and embrace a positive doctrine of good works They survey historical Protestant teaching to show the importance of the doctrine to our forebears engage the scriptural testimony on the role of good works formulate a theology of salvation and good works and explore pastoral applications
