The Ten Commandments: Introducing Armageddon Debora Roth Brewer,2006-06-16 THE TEN COMMANDMENTS Introducing Armageddon is Debora Roth Brewer s first published work that details the controversial ten covenant commandments from G D to the Jewish nation of Israel The author makes a distinction between the first spoken articles of the Law of G D and these ten covenant commandments by defining the two Hebrew words mitsvah and dabar that are translated into the English word commandments Taking the reader on an in depth study starting with preparation of the children of Israel to receive G d s Law from Mount Sinai in the book of Exodus chapter Nineteen the secret to unlocking Armageddon is found in scripture The first ten articles of the Law of G d found detailed in Exodus Chapter 20 is what is traditionally accepted by the known Church world as the ten commandments As the reader embarks on a biblical study it is discovered that G D calls another passage of scripture from Exodus the tenets of His covenant with Moses Israel and specifically names these words the ten commandments Without undermining the importance of today s ten commandments Debora Roth Brewer challenges the reader to delve deeper into the word of G d to discover the covenant between G d and the nation of Israel that is just now being revealed by the Spirit of G d Spurred on by a what does it matter attitude from fellow Christians and direct opposition from denominational mind sets the author cried out to GOD for inspiration The LORD took her on a journey through His Word From Moses to Zephaniah and from Jesus to John the Revelator this book will challenge the Biblical novice and also intrigue the doctors of the law This book is not for the lukewarm at heart toward the things of G d but is aimed at those whose opinions are either hot or cold If you have a definite opinion about the nation of Israel about Christianity in general or

about the second coming of CHRIST this book is for you      *The Ten Commandments* ,1848      **The Ten Commandments** ,1947      **Moses, The Ten Commandments, And Me** Hal H. T. S.,1880      **The Ten Commandments** Dennis Prager,2015-04-06 The most important words ever written are the Ten Commandments These words changed the world when they were first presented at Mt Sinai to Israelites and they are changing it now They are the foundation stones of Western Civilization Given their staggering importance you would think that all societies and certainly our educational and religious institutions would be intent on studying them closely Sadly this is not the case Our schools ignore them and our churches and synagogues take them for granted But here s a simple test Who among us can even name all of the Ten Commandments And even among those who can name them how many can explain them in a way that makes sense to the modern eye and ear If you are a person of faith this book will strengthen it if you are agnostic it will force you to rethink your doubts if you re atheist it will test your convictions For people who have thought little about the Ten Commandments as well as for those who have a sophisticated understanding of them it will be a revelation That s a lot to ask of a little book but the only thing that s little here is the length The ideas are very big
