Entries for literary terms, movements and genres serve to complement these commentaries and an extensive bibliography points the way for further reading. The comprehensive view and detailed information obtained from all these elements will make this book of use to the general interest reader, Latin American studies students and the academic specialist. Ágnes Cselik, 2002. *En diálogo* Jorge Luis Borges, Osvaldo Ferrari, 2005. En los últimos años de su vida Jorge Luis Borges mantuvo inolvidables diálogos en los encuentros radiales con el escritor Osvaldo Ferrari. No fueron reportajes o entrevistas sino estrictamente conversaciones nacidas del placer de tratar temas con los que ambos a pesar de las diferencias de edad tenían afinidades. Los tomos *En diálogo I* y *En diálogo II* recogen estas conversaciones tan elogiadas a través de los años.

Sur John King, 1986-12-04. This book tells the story of *Sur*, Argentina's foremost literary and cultural journal of the twentieth century. Victoria Ocampo, its founder and lifelong editor, and Jorge Luis Borges, a regular and influential contributor, feature prominently in the story while the contributions of other major writers including Eduardo Mallea, William Faulkner, André Breton, Virginia Woolf, Alfonso Reyes, Octavio Paz, Waldo Frank, Aldous Huxley and Graham Greene are discussed. Politically speaking, *Sur* represented a certain brand of liberalism, a resistance to populism and mass culture and an attachment to elitist values which offended against the more dominant phases of Argentine thought from Peronism to the varied forms of nationalism, socialism and Marxism. Dr King examines the journal's roots, its development and its demise, relating it to other journals circulating at the time and highlighting vital issues debated in its pages such as Argentine attitudes towards fascism during the Second World War. **Diario de un artista suicida** Antonio

La figura en el tapiz Sonia Mattalia,1990 Onetti s fiction is concerned with the depersonalization of human beings in the modern world This book analyzes the theory behind his literature The Representation of the Political in Selected Writings of Julio Cortázar Carolina Orloff,2013 Orloff shows that Cort zar did not become a political writer as a result of the Cuban Revolution as is often claimed but rather that the representation of the political was present in Cort zar s very first writings The book analyses the evolution of the representation of distinct political elements throughout Cort zar s writings mainly with reference to the novels and the so called collage books which have so far received only limited critical attention The author also alludes to some short stories and refers to many of Cort zar s non literary texts Through this chosen corpus the book follows a thematic thread showing that politics was present in Cort zar s fiction from his very first writings and not as he himself tended to claim only following his conversion to socialism The study aims to show that contrary to what many critics have argued this political conversion did not divide the writer into an irreconcilable before and after the apolitical versus the political but rather it simply shifted the emphasis of the representation of the political that already existed in Cort zar s writings Carolina Orloff is an independent scholar working on research projects in the UK and in Argentina
