Machiavelli The Chief Works And Others Vol 1:

Machiavelli Nicollò di Bernado dei Machiavelli,2013-07-27 From praise for the 1965 edition Allan Gilbert is unquestionably the most accurate and reliable translator of Machiavelli into English the publication of this edition is an altogether happy occasion Students of the history of political thought owe a particular debt of gratitude to Allan Gilbert Dante Germino The Journal of Politics A most remarkable achievement Felix Gilbert Renaissance Quarterly **Machiavelli** Nicollò di Bernado dei Machiavelli,2013-07-12 From praise for the 1965 edition Allan Gilbert is unquestionably the most accurate and reliable translator of Machiavelli into English the publication of this edition is an altogether happy occasion Students of the history of political thought owe a particular debt of gratitude to Allan Gilbert Dante Germino The Journal of Politics A most remarkable achievement Felix Gilbert Renaissance Quarterly Machiavelli's Prince Erica Benner,2013-11 This book gives a radical new chapter by chapter reading of Machiavelli s The Prince arguing that it is an ironic masterpiece with a moral purpose It outlines Machiavelli s most important ironic techniques a normatively coded use of language *The Quotable Machiavelli* Niccolò Machiavelli,2025-04-29 A collection of insightful and revealing quotations on a wide range of subjects from the father of modern politics Niccol Machiavelli 1469 1527 is the father of modern political thought but he is also one of the greatest writers of the Renaissance and his wisdom and style extend far beyond politics to encompass a compelling philosophy of life as well In The Quotable Machiavelli Maurizio Viroli one of the world s leading Machiavelli scholars offers a rich collection of the Florentine s most memorable words on a wide range of subjects including politics the human condition religion love and happiness antiquity and history patriotism and virtue Drawing on Machiavelli s entire body of writings and including little known quotations as well as famous passages the book shows the full scope of his thought and belies the clich that he was a Machiavellian cynic In addition to Machiavelli s own words on dozens of subjects of perennial interest the book includes some almost unknown texts in which his contemporaries describe him Complete with a biographical introduction the book serves as a handy reference and a smart and lively introduction to a masterly thinker and writer Includes a rich collection of Machiavelli s most memorable words on a wide range of subjects from politics to the human condition almost 700 quotations in all Edited and introduced by one of the world s leading Machiavelli scholars Serves as a smart and lively introduction to Machiavelli s life and works Draws on the complete body of Machiavelli s writings Features a brief biography of Machiavelli a chronology of his life suggestions for further reading and an index

Philosophy of the Encounter Louis Althusser,2006-06-17 From Althusser s most prolific period this book is destined to become a classic *Spinoza's Authority Volume II* A. Kiarina Kordela,Dimitris Vardoulakis,2017-12-28 Spinoza s political thought has been subject to a significant revival of interest in recent years As a response to difficult times students and scholars have returned to this founding figure of modern philosophy as a means to help reinterpret and rethink the political present Spinoza s Authority Volume II makes a significant contribution to this ongoing reception and utilization of Spinoza s

1670s Theologico Political and Political treatises By taking the concept of authority as an original framework this books asks How is authority related to law memory and conflict in Spinoza s political thought What are the social historical and representational processes that produce authority and resistance And what are the conditions of effective resistance Spinoza s Authority Volume II features a roster of internationally established theorists of Spinoza s work and covers key elements of Spinoza s political philosophy

Spinoza, the Epicurean Vardoulakis Dimitris Vardoulakis,2020-05-28 Through a radical new reading of the Theological Political Treatise Dimitris Vardoulakis argues that the major source of Spinoza s materialism is the Epicurean tradition that re emerges in modernity when manuscripts by Epicurus and Lucretius are rediscovered This reconsideration of Spinoza s political project set within a historical context lays the ground for an alternative genealogy of materialism Central to this new reading of Spinoza are the theory of practical judgment understood as the calculation of utility and its implications for a theory of democracy that is resolutely positioned against authority

Machiavelli's Ethics Erica Benner,2009-10-26 Machiavelli s Ethics challenges the most entrenched understandings of Machiavelli arguing that he was a moral and political philosopher who consistently favored the rule of law over that of men that he had a coherent theory of justice and that he did not defend the Machiavellian maxim that the ends justify the means By carefully reconstructing the principled foundations of his political theory Erica Benner gives the most complete account yet of Machiavelli s thought She argues that his difficult and puzzling style of writing owes far more to ancient Greek sources than is usually recognized as does his chief aim to teach readers not how to produce deceptive political appearances and rhetoric but how to see through them Drawing on a close reading of Greek authors including Thucydides Xenophon Plato and Plutarch Benner identifies a powerful and neglected key to understanding Machiavelli This important new interpretation is based on the most comprehensive study of Machiavelli s writings to date including a detailed examination of all of his major works The Prince The Discourses The Art of War and Florentine Histories It helps explain why readers such as Bacon and Rousseau could see Machiavelli as a fellow moral philosopher and how they could view The Prince as an ethical and republican text By identifying a rigorous structure of principles behind Machiavelli s historical examples the book should also open up fresh debates about his relationship to later philosophers including Rousseau Hobbes and Kant

Simone Luzzatto's Scepticism in the Context of Early Modern Thought ,2024-03-04 Much of the most recent research on Jewish scepticism was inspired by the work of the early modern Venetian rabbi Simone Luzzatto the first thinker in the history of Jewish thought to declare himself a sceptic and a follower of the New Academy This collected volume shines new light on the intimate relationship between Luzzatto s sceptical thinking and an era marked by paradoxes and contrasts between religious devotion and scientific rationalism as well as between the rabbinic biblical Jewish tradition and the open tendency towards engagement with non Jewish philosophical literary scientific and theological cultures It plots out an original path along which to understand Luzzatto s scepticism by pointing to the various facets of being a Jewish sceptic in seventeenth century Italy

Machiavelli and Epicureanism Robert J. Roecklein, 2012-10-05 This book investigates the influence of Epicurean physics on the argument developed in Machiavelli's Discourses on Livy Towards this end the full philosophical history and origins of atomist philosophy are investigated during the first three chapters Plato's critique of the atomist philosophy from his dialogue the Parmenides is a part of that investigation In fact Plato provides a refutation of the atomist philosophy in the Parmenides A significant amount of scholarship has been accomplished that demonstrates the currents of Lucretian atomism in Machiavelli's Florence Evidence is supplied as to Machiavelli's exposure to the Lucretian text and the book then proceeds to investigate the transformational arguments of the Discourses On Livy itself Machiavelli's Discourses are saturated with terminology that is borrowed from physics *materia* Matter *corpo* body *forma* form *accidente* accident English translators have usually employed some theory as to which tradition of physics Machiavelli is relying upon in order to conduct their translations By borrowing the terminology of Lucretian physics Machiavelli becomes able to conceive of the people in a political society as something less than human as matter or *materia* without form In my analysis of Machiavelli's deployment of the concepts from Lucretian physics it is attempted to unveil the brutality that is inherent in Machiavelli's new definitions of the elements of politics and the general hostility of his political science to the Aristotelian concept of the human being as political animal The classical physics of Aristotle which Machiavelli has rejected for a model indicates the forward looking momentum of natural beings For Aristotle nature intends human political society as the arena for human fulfillment In Aristotelian physics nature aims at an end in generation i.e. at a culmination of the natural being in its proper condition of excellence For human beings this is justice the quality of relationships that makes happiness possible In Machiavelli a new politicized physics is revealed In Machiavelli's model the human beings of formed matter are repeatedly sent through new institutions and methods of government back to their beginnings i.e. to a condition of isolation destitution injury and pain The last chapter of the book concludes with an examination of the particular institutions and methods that Machiavelli holds out to us for employment if his new vision of a republic is to be realized

Virtuous Imbalance Francesca Pasquali, 2016-02-24 Which kind of methodology should political philosophy endorse to jointly meet its theoretical and practical commitments Virtuous Imbalance Political Philosophy between Desirability and Feasibility assesses three paradigmatic cases to explore and explain political philosophy's attempts to answer this important question Rawls's realistic utopianism Machiavelli's realism and Plato's utopianism are examined and explored as Francesca Pasquali presents the proper methodology political philosophy should endorse when attempting to attain equilibrium between the practical and the theoretical These models are investigated with reference to desirability and feasibility the former concerning the adequacy of normative principles the latter the practical possibility of enacting them Both realism and utopianism are shown to perform important and relevant functions with utopianism providing the criteria for judging political practices and realism developing principles for orienting political actors conduct An innovative version of realistic utopianism develops avoiding the shortfalls detected in previous

formulations whilst presenting a methodological strategy that enables political philosophy to play a proper public role without dismissing theoretical concerns

Diplomatic Style and Foreign Policy Jeffrey Robertson, 2016-05-20 The book explores diplomatic style and its use as a means to provide analytical insight into a state's foreign policy with a specific focus on South Korea Diplomatic style attracts scant attention from scholars It is dismissed as irrelevant in the context of diplomacy's universalism misconstrued as a component of foreign policy alluded to perfunctorily amidst broader considerations of foreign policy or wholly absented from discussions in which it should comprise an important component In contrast to these views practitioners maintain a faith-like confidence in diplomatic style They assume it plays an important role in providing analytical insight giving them advantage over scholars in the analysis of foreign policy This book explores diplomatic style and its use as a means to provide analytical insight into foreign policy using South Korea as a case study It determines that style remains important to diplomatic practitioners and provides analytical insight into a state's foreign policy by highlighting phenomena of policy relevance which narrows the range of information an analyst must cover The book demonstrates how South Korea's diplomatic style which has a tendency towards emotionalism and is affected by status generational change cosmopolitanism and estrangement from international society can be a guide to understanding South Korea's contemporary foreign policy This book will be of much interest to students of diplomacy studies foreign policy Asian politics and International Relations in general

Machiavelli, Marketing and Management Phil Harris, Andrew Lock, Patricia Rees, 2000-04-20 This cutting edge text provides insight into the meaning and interpretation of Machiavelli and highlights the particular relevance to today's manager of his works for management marketing and political thought It addresses a number of common themes relating to his influences and arguments and includes topics such as modern management governance

Imagining The State Neocleous, Mark, 2003-09-01 In this book Mark Neocleous explores such questions through a critique of what he describes as the statist political imaginary Unpicking this imaginary while also avoiding traditional approaches to state power the book examines the way that the state has been imagined in terms traditionally associated with human subjectivity body mind personality and home

Machiavelli's Discourses on Livy: New Readings Diogo Pires Aurélio, Andre Santos Campos, 2021-10-11 Machiavelli is chiefly known for *The Prince* but his main considerations on politics are found in his later work *Discourses on Livy* Despite this book's historical and theoretical importance its complexity length and style have often discouraged new readers and interpreters of Machiavelli from engaging with it For this reason the *Discourses* has not been given the attention it deserves This volume of newly commissioned essays by some of the world's leading Machiavelli experts seeks to remedy this deficiency It is the first collective volume dedicated specifically to this profound work covering topics such as Machiavelli's republicanism the relation between liberty and tyranny the role of religion Machiavelli's conception of history his writing style his view of society as a plural and conflictive body his suggestion of how a free state should be organized and his notions of people and virtue Contributors Jérémie Barthas Thomas Berns

Alessandro Campi J Patrick Coby Marie Gaille Marco Geuna Mark Jurdjevic Cary J Nederman Gabriele Pedull Diogo Pires Aurlio Fabio Raimondi Andre Santos Campos Miguel Vatter and Camila Vergara Selected Political Writings Niccolò Machiavelli, David Wootton, 1994-01-01 Here are The Prince and the most important Discourses newly translated into spare vivid English by one of the most gifted historians of his generation Why a new translation Machiavelli was never the dull worthy pedantic author who appears in the pages of other translations says David Wootton in his Introduction In the pages that follow I have done my best to let him speak in his own voice And indeed Wootton s Machiavelli literally does so when the occasion demands Renderings of that most problematic of words virt are in each instance followed by the Italian Notes a map and an altogether remarkable Introduction no less authoritative for being grippingly readable help make this edition an ideal first encounter with Machiavelli for any student of history and political theory Amoral Politics Ben-Ami

Scharfstein, 2016-02-24 This is a study of how and why politics is amoral It deals especially with what the author terms Machiavellism the disregard of moral scruples for political ends that leads to the justification and use of deception and force in all aspects of political life A comparative cultural study it examines the theory and practice of politics in ancient China ancient India Renaissance Italy and modern Europe as well as tribal cultures in order to test how widespread such political amorality has been throughout history Scharfstein concludes that political or ethical theories that do not view Machiavellism as inseparable from political life are inadequate to human affairs and of doubtful relevance to politics In reaching this conclusion he explores such topics as why people readily accept political violations of truthfulness and fairness whether decisive philosophical arguments have been advanced against Machiavellism whether the use of deception in politics is in politicians own best interests and whether the prevalence of Machiavellism rules out the likelihood of a better political future

Sebastiano Serlio on Architecture: Books VI-VII of 'Tutte l'opere d'architettura et prospetiva' with 'Castrametation of the Romans' and 'The Extraordinary book of doors' Sebastiano Serlio, 1996-01-01 Sebastiano Serlio was the most important architectural writer and theorist of the sixteenth century The author of the first wide ranging illustrated book on architecture he produced a complete set of model designs as well as practical solutions for everyday design problems This volume the second in a two volume series of Serlio s entire works presents the previously unpublished sixth book the seventh book and as well as The Extraordinary Book of Doors his little known Castrametation of the Romans each of which demonstrates Serlio s sophisticated design theories This is the first translation of Serlio s later works and the first time that the long lost sixth volume has been united with its companion works and restored to its intended position The book also includes an introduction and notes by translators Vaughan Hart and Peter Hicks that demonstrate Serlio s significance within the history of architecture and the importance of these neglected texts to our understanding of Serlio s work **Classical Myths and Legends in the Middle Ages and Renaissance** H. David Brumble, 1998-02-01 While

numerous classical dictionaries identify the figures and tales of Greek and Roman mythology this reference book explains the

allegorical significance attached to the myths by Medieval and Renaissance authors Included are several hundred alphabetically arranged entries for the gods goddesses heroes heroines and places of classical myth a **Violence and Politics** Antonios Ampoutis, Marios Dimitriadis, Sakis Dimitriadis, 2018-12-21 In this volume a new generation of researchers explore and demonstrate the interaction between politics and violence in the context of Greek and European history In terms of focus the articles here extend over a time span stretching from the Greek classical period to the twentieth century The ancient Greek polis medieval and early modern Europe Byzantium and the Ottoman Empire nineteenth century Britain and the Greek society of the 1940s are some of the historical periods in which the relationship between violence and politics is examined At the same time the authors tackle important themes concerning this relationship such as legitimate and illegitimate violence violence from above and from below resistance and revolt authority and subordination and gendered and political violence
