**The Scattered Gods** Dan Bune, 2025-07-12 The Scattered Gods Complete Saga Volume I Illustrated Edition

Rebirth of Gaia Awakening of the Crystal Keepers Recycling Vulcan By Dan Bune When gods fall the universe trembles When they rise again everything changes Long ago Earth was not just a planet it was a nexus of cosmic power But when Atlantis fell and the Borg s assimilation grid silenced humanity s higher consciousness the gods vanished or so it seemed In truth they were reborn scattered across the modern world as mortals their divine memories locked away This is their story The beginning of their return Collected here for the first time in one illustrated volume The Scattered Gods Complete Saga Volume I is a mythic trilogy of awakening remembrance and resistance

PART ONE Rebirth of Gaia The awakening begins As strange visions psychic flares and forgotten relics surface across the globe six seemingly ordinary humans are drawn to one another by dreams of a golden city A marine biologist hears the ocean whisper her name A musician channels forgotten frequencies A healer finds light in her hands But these are not mere gifts they are echoes of lives once lived as divine Astraeans And as their powers resurface so too does a buried enemy the Borg a ruthless artificial hive from another timeline still feeding on planetary consciousness To save Earth they must remember who they are Before the illusion consumes them all

PART TWO Awakening of the Crystal Keepers The gathering begins Now aware of their divine origins the Astraeans face new tests both inner and cosmic Each carries a shard of the Atlantean crystal core and each must undergo personal trials to harmonize their light bodies reclaim soul memories and unlock hidden codes within their DNA But unity is not guaranteed Old wounds bleed into new lifetimes Hidden forces infiltrate from within And not all the gods have chosen the side of light As the crystal keepers converge they must learn to merge their frequencies or watch Gaia fall again

PART THREE Recycling Vulcan The rebuilding begins With the Borg s illusions unraveling and humanity waking up en masse the Astraeans launch a

final mission to reclaim the dimensional nexus known as Vulcan a planetary forge now turned recycling prison Within Vulcan lies the heart of the multiversal control system and the key to rebuilding Edenic timelines But time is fracturing Memories of betrayal love and cosmic contracts all converge as the Astraeans face their greatest challenge yet integrating their divine power without repeating the mistakes of the old gods The question is no longer who are we It s what kind of creators will we become The Scattered Gods Complete Saga Volume I is a visionary illustrated epic for readers of cosmic sci fi mythic fantasy and spiritual fiction For fans of Stargate The Eternals The Celestine Prophecy and Final Fantasy If you ve ever felt like this life is just one layer of your purpose If you ve ever felt ancient powerful or misplaced This story is your mirror This story is your call to rise     Book of Oneder Cheryl Ann McDowell,2011-05-23 The natural things of life are the truest to my heart like going outside as a young child to play in the fresh air and sunshine Other joys were receiving gifts of children s adventure books and choosing a large fairey tale book for coming second in class at our Rural School Writing from the heart is a natural joy This heart of mine loves being in nature because it is one with the heart of Mother Earth Nature form is art and music breathing is life and this book is like glowing natural fresh air Enjoy the light
