Over the Teacups Oliver Wendell Holmes, Sr., 2018-08-07 Over the Teacups Large Print By Oliver Wendell Holmes This series of papers was begun in March 1888 A single number was printed when it was interrupted the course of events and not resumed until nearly years later in January 1890 The plan of the series was not formed in my mind when I wrote the number In returning to my task I found that my original plan had shaped itself in the underground laboratory of my thought so that some changes had to be made in what I had written As I proceeded the slight story which formed a part of my programme eloped itself without any need of much contrivance on my part Given certain characters in a writer s conception if they are real to him as they ought to be they will act in such or such a way according to the law of their nature It was pretty safe to assume that intimate relations would spring up between some members of our mixed company and it was not rash conjecture that some of these intimacies might end in such attachment as would furnish us hints at least of a love story As to the course of the conversations which would take place very little could be guessed beforehand Various subjects of interest would be likely to present themselves without definite order oftentimes abruptly and as it would seem capriciously Conversation in such a mixed company as that of The Teacups is likely to be suggestive rather than exhaustive Continuous discourse is better adapted to the lecture room than to the tea table There is quite enough of it I fear too much in these pages But the reader must take the reports of our talks as they were jotted down A patchwork quilt is not like a piece of Gobelin tapestry but it has its place and its use We are

delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience
