Pilgrim In Ireland A Quest For Home:

A Pilgrim in Ireland Frances Greenslade, 2002 **Memory Ireland** Oona Frawley, 2012-03-29 In the second volume of a series that will ultimately include four the authors consider Irish diasporic memory and memory practices While the Irish diaspora has become the subject of a wide range of scholarship there has been little work focused on its relationship to memory The first half of the volume asks how diasporic memory functions in different places and times and what forms it takes on As an island nation with a history of emigration Ireland has developed a rich diasporic cultural memory one that draws on multiple traditions and historiographies of both home and away Native traditions are not imported wholesale but instead develop their own curious hybridity reflecting the nature of emigrant memory that absorbs new ways of thinking about home How do immigrants remember their homeland How do descendants of immigrants remember a land they rarely visit How does diasporic memory pass through families and how is it represented in cultural forms such as literature festivals and souvenirs In its second half this volume shifts its attention to the concept of memory practices ways of cultural remembering that result from and are shaped by particular cultural forms Many of these cultural forms embody memory materially through language music and photography and because of their distinctive expressions of culture give rise to distinctive memory practices Gathering the leading voices in Irish studies this volume opens new pathways into the body of Irish cultural memory demonstrating time and again the ways in which memory is supported by the negotiations of individuals within wider cultural contexts Contributors include Aidan Arrowsmith Hasia Diner Joep Leerssen Paul Muldoon Nuala N Dhomhnaill **Saskatchewan Writers** University of Regina. Canadian Plains Research Center, 2004 The more than 175 biographies in this volume together tell the story of writing in Saskatchewan As David Carpenter notes in his Introduction to the volume The writers whose lives are told in these pages are part of an extraordinary cultural community that has touched and been touched by the people and landscape of this province **Multiculturalism and Integration** Vera Regan, Isabelle Lemée, Maeve Conrick, 2011-02-19 Multiculturalism and Integration provides new insights into the important issues of diversity reasonable accommodation and identity construction in multicultural societies by examining the experiences of Canada and Ireland While these two societies share many historical and cultural links their differences help reveal the range of possible approaches to these important issues Multicultural and multilingual diversity in contemporary Ireland are fairly recent phenomena whereas Canada's policies and practices addressing cultural and linguistic diversity are several decades old This basic difference has influenced their laws language policies education systems cultural creations and national identities as they have worked to accommodate multiculturalism The volume brings together an international group of scholars working in a variety of fields including politics law sociolinguistics literature philosophy and history Their interdisciplinary approach addresses the complex factors influencing integration and multiculturalism painting detailed and accurate portraits of these issues in Canada and Ireland *Pilgrimage in Ireland* Peter Harbison, 1995-06-01 The landscape

of Ireland is rich with ancient carved stone crosses tomb shrines Romanesque churches round towers sundials beehive huts Ogham stones and other monuments many of them dating from before the 12th century The purpose and function of these artifacts have often been the subject of much debate Peter Harbison proposes in this book a radical hypothesis that a great many of these relics can be explained in terms of ecclesiastical pilgrimage He has constructed a fascination theory about the palace of pilgrimage in the early Christian period placing it right at the center of communal life The monuments themselves make much better sense if it looked at in this light as having come into existence not through the practices of ascetic monks but because of the activities of pilgrims He begins by searching the historical sources in detail for evidence of early pilgrimage sites By examining their monuments he projects the findings to other locations where pilgrimage has not been documented He goes on to describe monument types of every kind and to identify pilgrims in sculpture surviving from before AD 1200 The Dingle Peninsula in Kerry proves to be a microcosm of pilgrimage monuments enabling the author to reconstruct a tradition of maritime pilgrimage activity up and down the west coast of Ireland Indeed the famous medieval traveler's tale of the fabulous voyage of the St Brendan the Navigator can now be seen as the literary expression of a longstanding maritime pilgrimage along the Atlantic seaways of Ireland and Scotland reaching Iceland Greenland and even North America

Literacy and Identity in Early Medieval Ireland Elva Johnston, 2013-08-15 Much of our knowledge of early medieval Ireland comes from a rich literature written in a variety of genres and in two languages Irish and Latin Who wrote this literature and what role did they play within society What did the introduction and expansion of literacy mean in a culture where the vast majority of the population continued to be non literate How did literacy operate in and intersect with the oral world Was literacy a key element in the formation and articulation of communal and elite senses of identity This book addresses these issues in the first full inter disciplinary examination of the Irish literate elite and their social contexts between ca 400 1000 AD It considers the role played by Hiberno Latin authors the expansion of vernacular literacy and the key place of monasteries within the literate landscape Also examined are the crucial intersections between literacy and orality which underpin the importance played by the literate elite in giving voice to aristocratic and communal identities

Pilgrim Paths in Ireland John G. O'Dwyer, 2017-03-01 In recent times the popularity of the Camino de Santiago has prompted renewed interest in pilgrim walks in Ireland Increasing numbers now follow ancient Irish pilgrim paths to such holy places as Glencolumbkille Croagh Patrick Lough Derg and Glendalough John G O Dwyer has walked or in the case of Clonmacnoise cycled the pilgrim trails of Ireland from Slieve Mish in the northeast where Christianity may have had its first dawning in Ireland to Skellig Michael in the southwest where the known world once ended Each walk description has directions the degree of difficulty estimated time and a map The paths are varied and suited to a range of abilities from casual ramblers to committed walkers In each route the author recounts his feelings and experiences and describes the entertaining and insightful characters he meets along the way

Knowing One's Place in Contemporary Irish and Polish Poetry Magdalena Kay,2012-02-23 Are we allowed to choose where we belong What pressures make us feel that we should belong somewhere This book brings together four major poets Heaney Mahon Zagajewski and Hartwig who ask themselves these questions throughout their lives They start by assuming that we can choose not to belong but know this is easier said than done Something in them is awry leading them to travel emigrate and return dissatisfied with all forms of belonging Writer after writer has suggested that Polish and Irish literature bear some uncanny similarities particularly in the 20th century but few have explored these similarities in depth Ireland and Poland with their tangled histories of colonization place a large premium upon knowing one s place What happens though when a poet makes a career out of refusing to know her place in the way her culture expects This book explores the consequences of this refusal allowing these poets to answer such questions through their own poems leading to surprising conclusions about the connection of knowledge and belonging roots and identity

Empire and Pilgrimage in Conrad and Joyce Agata Szczeszak-Brewer,2017-06-27 Original and significant This book shows us how Conrad and Joyce manipulate representations of imperialist belief in the sacred to indict Western culture for its racist colonization This striking reading of modernism emphasizes Conrad s and Joyce s use of chaos in general and pilgrimage in particular in terms of mapmaking racial denigration and strategies of power Szczeszak Brewer makes spectacular connections between sacred language nation building and literary representation Georgia Johnston author of *The Formation of Twentieth Century Queer Autobiography* Though they were born a generation apart Joseph Conrad and James Joyce shared similar life experiences and similar literary preoccupations Both left their home countries at a relatively young age and remained lifelong expatriates *Empire and Pilgrimage in Conrad and Joyce* offers a fresh look at these two

modernist writers revealing how their rejection of organized religion and the colonial presence in their native countries allowed them to destabilize traditional notions of power colonialism and individual freedom in their texts Throughout Agata Szczeszak Brewer ably demonstrates the ways in which these authors grapple with the same issues the grand narrative paralysis hegemonic practices the individual's pilgrimage toward unencumbered self definition within the rigid bounds of imperial ideologies and myths The result is an engaging and enlightening investigation of the writings of Conrad and Joyce and of the larger literary movement to which they belonged **The Potter's House** Isabel Constance Clarke,1921

Bunny's House E. M. Walker,1922 **Book Review Digest** ,2003 **The Home Virtues** Francis X. Doyle,1925
