*Pilgrimage of Faith: A Centennial History of Wesley Theological Seminary, 1882-1982.* By DOUGLAS R. CHANDLER. Edited by C. C. GOEN. Cabin John, Maryland: Seven Locks Press, 1984. xiii + 296 pp. \$19.95.

Over the last century the "house" seminary history gradually has developed a well-earned reputation for being one of the dreariest forms of literature in American church history. All too often these works are conceived and executed as ventures in "public relations," commemorative volumes designed for an anniversary or as a prelude to a funds campaign. Consequently, the needs of the current institution and a haze of nostalgia often hover over both author and reader.

Yet every now and then a new seminary history reminds us of the latent possibilities of this genre. This book is one of those happy exceptions. In *Pilgrimage of Faith*, Douglas R. Chandler (ably assisted by C. C. Goen) traces the evolution of Westminster Theological Seminary. Founded in 1882 in Westminster, Maryland as the only seminary of the Methodist Protestant Church, it became Wesley Theological Seminary in Washington, D.C., where the school has been located since 1958. While enjoying the author's nicely paced narrative as it moves easily from era to era, the reader also catches glimpses of the larger history of the Methodist denominations to which the seminary has related in its first one hundred years. Chandler is at his best in watching the passing parade of presidents, faculty, and trustees. Long a student of biography, he knows how to bring forgotten figures to life. His description of one trustee, G. Bromley Oxnam, makes for especially memorable reading. In just a few years Bishop Oxnam, a "moral bulldozer" at the height of his career, managed to help replace one president with another, move the school from rural Maryland to the nation's capital, and raise substantial funds for the new campus.

*Pilgrimage of Faith* reflects the characteristic failings of the usual seminary history in only two respects. First, the students remain largely in the background, faceless and anonymous. Likewise, Chandler could have made a rich story even richer by relating the school's varying fortunes to the transformations which have overtaken American higher education in the last century.

I hope that in the near future there will be fresh resources available to help historians see the links between a single theological school and its appropriate social context. In the meantime, we can praise Douglas R. Chandler for his
