## **Pilgrimage Past Present In The World:**

**Pilgrimage** Simon Coleman, John Elsner, 1995 From the Great Panathenaea of ancient Greece to the hajj of today people of all religions and cultures have made sacred journeys to confirm their faith and their part in a larger identity This book is a fascinating guide through the vast and varied cultural territory such pilgrimages have covered across the ages The first book to look at the phenomenon and experience of pilgrimage through the multiple lenses of history religion sociology anthropology and art history this sumptuously illustrated volume explores the full richness and range of sacred travel as it maps the cultural imagination The authors consider pilgrimage as a physical journey through time and space but also as a metaphorical passage resonant with meaning on many levels It may entail a ritual transformation of the pilgrim's inner state or outer status it may be a quest for a transcendent goal it may involve the healing of a physical or spiritual ailment Through folktales narratives of the crusades and the firsthand accounts of those who have made these journeys through descriptions and pictures of the rituals holy objects and sacred architecture they have encountered as well as the relics and talismans they have carried home Pilgrimage evokes the physical and spiritual landscape these seekers have traveled In its structure the book broadly moves from those religions Judaism Christianity and Islam that cohere around a single canonical text to those with a multiplicity of sacred scriptures like Hinduism and Buddhism Juxtaposing the different practices and

experiences of pilgrimage in these contexts this book reveals the common structures and singular features of sacred travel from ancient times to our own *Making the Invisible Real* Catherine Hartmann, 2025-05-09 How can a person learn to see a mountain as a divine mandala especially when to the ordinary eye the mountain looks like a pile of rocks and snow This is the challenge that the Tibetan pilgrimage tradition poses to pilgrims who are told to overcome their ordinary perception to see the hidden reality of the holy mountain Drawing on multiple genres of Tibetan literature from the 13th to 20th centuries including foundational narratives of holy places polemical debates about the value of pilgrimage written guides to holy sites advice texts and personal diaries this book investigates how the pilgrimage tradition tries to transform pilgrims' perception so that they might experience the wondrous sacred landscape as real and materially present Catherine Anne Hartmann argues that the pilgrimage tradition does not simply assume that pilgrims experience this sacred landscape as real but instead leads pilgrims to adopt deliberate practices of seeing ways of looking at and interacting with the world that shape their experience of the holy mountain *Making the Invisible Real* explores two ways of seeing the pilgrim's ordinary perception of the world and the fantastic vision believed to lie beyond this ordinary perception As pilgrims move through the holy place they move back and forth between these two ways of seeing weaving the ordinary perceived world and extraordinary imagined world together into a single experience Hartmann shows us how seemingly fantastical religious worldviews are not simply believed or taken for granted but actively constructed and reconstructed for new generations of practitioners **The Oxford**

**Handbook of Early Christian Ritual** Risto Uro, Juliette Day, Rikard Roitto, Richard E. DeMaris, 2019 The Handbook provides

an indispensable account of the ritual world of early Christianity from the beginning of the movement up to the end of the sixth century

**Medieval European Pilgrimage c.700-c.1500** Diana Webb,2017-03-14 Medieval pilgrimage was above all an expression of religious faith but this was not its only aspect Men and women of all classes went on pilgrimage for a variety of reasons sometimes by choice sometimes involuntarily They made both long and short journeys to Rome Jerusalem and Santiago on the one hand to innumerable local shrines on the other The routes that they followed by land and water made up a complex web which covered the face of Europe and their travels required a range of support services including the protection of rulers who were themselves often pilgrims Pilgrimage left its mark not only on the landscape but also on the art and literature of Europe Diana Webb's engaging book offers the reader a fresh introduction to the history of European Christian pilgrimage in the twelve hundred years between the conversion of Emperor Constantine and the beginnings of the Protestant Reformation As well as exploring this multi faceted activity it considers both the geography of pilgrimage and its significant cultural legacy

Global Development of Religious Tourism Alaverdov, Emilia,Bari, Muhammad Waseem,2020-10-30 Modern religious tourism is a main segment of the tourism business The main goal of religious tourism is aimed at developing human

spirituality spiritual healing and culture where a person receives the experience of cooperation or involvement with the place in which he resides his people culture and religion This type of tourism is able to play a significant role in the overall goals of society and to promote the establishment of trusting relationships between people of all cultures and religions Global Development of Religious Tourism is a crucial reference book that contains research on the current religious situation as well as the tourism industry and provides insights on their joint development It is not possible to study any religious field without understanding the religion itself and its impact on any country's political and social system Therefore the work also examines the impact of religion and tourism on economic and social developments across the world Highlighting topics that include sanctuary cities religious tourism management and religious tourism in regions that span Europe Africa the Middle East and more this book is targeted to managers executives planners and other professionals in the tourism and hospitality industry government officials religious leaders and researchers academicians and students working in the fields of tourism management business management information and communication sciences administrative sciences and management education and social and political sciences *Flows of Faith* Lenore Manderson, Wendy Smith, Matt Tomlinson, 2012-02-18 Unique local transformations of the practice of established religions in Asia and the Pacific are juxtaposed with the emergence of new religious movements whose incidence is growing across the region In *Flows of Faith* the contributing authors take as their starting point questions of how religions manifest outside their cultural boundaries and provide the basis for new social identities political movements and social transformations With fresh insights into the globalization of beliefs their local inflections and their institutionalization the authors explore how old and new religions work in different settings and how their reception and membership challenge orthodox understandings of religion and culture The chapters set in Asia the Pacific Australia and the US illustrate the contrasts and commonalities of these belief systems and their allegiances and networks in the region and beyond They include new religious movements Falun Gong Brahma Kumaris the Hare Krishna movement based in East and South Asia with outreach posts in Australia and the U S and established old religions Christianity Buddhism Hinduism and Islam that are revitalized and recreated in different settings and places *Flows of Faith* describes the transnational reaches of faith Religious practices and their local manifestations track the movement of peoples through mission outreach flight migration and pilgrimage In each new setting religions are shaped by and in turn shape political and cultural forces proving that they are resilient and generative originary and distinctive The volume is a major contribution providing readers with a fresh and creative approach into the living experience of religious communities in a contemporary globalised world **Religious Innovation in a Global Age** George N. Lundskow, 2017-02-10 Certain timeless questions rise and fall through changing social conditions scientific advances and cultural variation who am I How should I live What happens when I die In modern society traditions no longer integrate the individual into a larger spiritual community and so movements have risen to address the crisis of meaning in a rapidly changing world This collection of

essays while considering variables of work class race and gender theoretically and empirically examines how diverse groups are trying to restore a sense of meaning through religious innovation The first group of essays considers new developments in theory framing critical inquiry into recent developments in religion and the larger quest for meaning The second section examines grass roots emancipation movements which seek an expanded role for the individual in both belief and practice Topics addressed include the dialectic between religious and secular values and norms anti-Semitism new evangelism Neopaganism on the internet Max Horkheimer's critical theory of religion Christian speed thrash metal music Islamic fundamentalism modernity and the role of women French tourist destination Rocamadour's competition between the Catholic shrine and secular attractions developments within the Polish Roman Catholic Church the Finnish Satanism scare of 1999 and Islam and politics in Turkey A bibliography completes each essay Instructors considering this book for use in a course may request an examination copy here      **Keywords for Travel Writing Studies** Charles Forsdick,Zoë Kinsley,Kathryn Walchester,2019-04-22 Keywords for Travel Writing Studies draws on the notion of the keyword as initially elaborated by Raymond Williams in his seminal 1976 text Keywords A Vocabulary of Culture and Society to present 100 concepts central to the study of travel writing as a literary form Each entry in the volume is around 1 000 words the style more essayistic than encyclopaedic with contributors reflecting on their chosen keyword from a variety of disciplinary perspectives The emphasis on travelogues and other cultural representations of mobility drawn from a range of national and linguistic traditions ensures that the volume has a comparative dimension the aim is to give an overview of each term in its historical and theoretical complexity providing readers with a clear sense of how the selected words are essential to a critical understanding of travel writing Each entry is complemented by an annotated bibliography of five essential items suggesting further reading

*Tourism, Religion and Spiritual Journeys* Dallen Timothy,Daniel Olsen,2006-09-27 Religion and spirituality are still among the most common motivations for travel many major tourism destinations have developed largely as a result of their connections to sacred people places and events Providing a comprehensive assessment of the primary issues and concepts related to this intersection of tourism and religion this revealing book gives a balanced discussion of both the theoretical and applied subjects that destination planners religious organizations scholars and tourism service providers must deal with on a daily basis Bringing together a distinguished list of contributors this volume takes a global approach and incorporates substantial empirical cases from Hinduism Islam Judaism Roman Catholicism Mormonism New Ageism Sikhism Buddhism and the spiritual philosophies of East Asia On a conceptual level it considers amongst other topics contested heritage the pilgrim tourist dichotomy secularization of pilgrimage experiences religious humanism educational aspects of religious tourism commodification of religious icons and services A vibrant collection of essays this outstanding book discusses many important practices paradigms and problems that are currently being examined and debated It raises an array of significant and interesting questions and as such is a valuable resource for students scholars and researchers of tourism religion and

cultural studies      The Camino de Santiago in the 21st Century Samuel Sánchez y Sánchez, Annie Hesp, 2015-08-11 The Spanish Camino de Santiago a pilgrimage rooted in the Medieval period and increasingly active today has attracted a growing amount of both scholarly and popular attention With its multiple points of departure in Spain and other European countries its simultaneously secular and religious nature and its international and transhistorical population of pilgrims this particular pilgrimage naturally invites a wide range of intellectual inquiry and scholarly perspectives This volume fills a gap in current pilgrimage studies focusing on contemporary representations of the Camino de Santiago Complementing existing studies of the Camino s medieval origins it situates the Camino as a modern experience and engages interdisciplinary perspectives to present a theoretical framework for exploring the most central issues that concern scholars of pilgrimage studies today Contributors explore the contemporary meaning of the Camino through an interdisciplinary lens that reflects the increasing permeability between academic disciplines and fields bringing together a wide range of theoretical and critical perspectives cultural studies literary studies globalization studies memory studies ethnic studies postcolonial studies cultural geographies photography and material culture Chapters touch on a variety of genres blogs film graphic novels historical novels objects and travel guides and transnational perspectives Australia the Arab world England Spain and the United States      *Uprooting Geographic Thoughts in India* Rana Singh, David Sopher, Oskar Spate, 2009-03-26 Under the cultural turn and transformation the new intellectual discourses started in the 21st century to search the roots have cross cultural comparison and to see how the old traditions be used in the contemporary worldviews This book is the first attempt dealing with roots of Indian geographical thoughts since its beginning in 1920 It emphasises identity of India and Indianness and consciousness among dweller geographers in India development and status of geography and its recent trends Gaia theory and Indian context in search of cosmic integrity ecospirituality and global message towards interrelatedness Hindu pilgrimages and its contemporary importance Mahatma Gandhi and his contribution to sustainable environmental development for global peace and humanism and new vision to see meeting grounds of the East and the West on the line of reconstruction and reconciliation in the globalising world These essays are selective and thematic therefore overall view of comprehensiveness is lacking But this book is not the end obviously it is a beginning as already other volumes in sequence and continuity are in progress At the end the lead essays representative of the three eras by Spate 1956 Sopher 1973 and Mukerji 1992 are reprinted with a view to assessing the relevance of their challenging message even today      **Myths in Stone** Jeffrey F. Meyer, 2001-02-13 This is an examination of Washington DC as a secular pilgrimage site Meyer argues that the city was conceived and executed along various axes of power and influence that suggest the central and continually contested values that inform religious and civic beliefs      **Creating the Sacred Landscape** Darius Liutikas, 2025-05-19 This book explores the enduring significance of sacred landscapes in an increasingly globalized world with a particular focus on the Christian sacred landscape and its connection to pilgrimage and rituals Drawing on the latest research it examines the

interplay between global societal changes and historical traditions offering a rich analysis of how sacred spaces shape and reflect cultural and social identities Through a multidisciplinary lens encompassing cultural geography anthropology sociology of tourism and religious geography the book illuminates the role of pilgrimage in fostering community identity and preserving historical continuity By comparing sacred sites and practices across diverse cultural contexts it provides readers with a deeper understanding of their universal and localized meanings This work also offers a comprehensive historical perspective tracing the evolution of sacred landscapes over time and across regions Accessible and thought provoking it invites readers from various disciplines to engage with the cultural social and spiritual dimensions of these powerful spaces

**Refuge in Crestone** Aaron Thomas Raverty, 2014-06-18 As globalization proceeds at an ever increasing and more unrelenting pace relations among the world's religions are taking on both a new visibility and a new urgency Christian theologians and others intent on innovative formulations in the theology of religions are making interreligious dialogue with non Christians a priority One way to promote creative scholarship in this quest is to tap into interdisciplinary resources and the author of this volume is uniquely qualified to do so since he holds graduate degrees in both theology and cultural anthropology Aaron Thomas Raverty's *Refuge in Crestone A Sanctuary for Interreligious Dialogue* elucidates how the praxis of interreligious dialogue as outlined in key Vatican documents in the Catholic Church could be better served by attending to the qualitative ethnographic methods of sociocultural anthropology Because the material behavioral and cognitive aspects of dialogue as revealed in daily life common social and political action religious experience and theological exchange are embedded in culture they are amenable to ethnographic analysis Using the unique multi religious Colorado site of Crestone and its environs as a fieldwork laboratory and self described Refuge for World Truths the ethnographic data gleaned from this project exemplify the creative interdisciplinary contributions of anthropology to theologizing It seeks to demonstrate using an empirical multi religious community as its focus how anthropology can support interreligious dialogue The results of such dialogue could not only assist the scholarly community by helping theologians arrive at new formulations in the burgeoning area of the theology of religions but might also serve the more practical goal of promoting peace as an alternative to violence in today's complex and sorely troubled world
