**Mohamed Awad Osman**

## **Pilgrimage For Peace A Secretary Generals Memoir:**

The UN Secretary-General and Secretariat Leon Gordenker, 2009-05-07 This is a sharp insight into the heart of the United Nations Behind the public face of its Secretary General Kofi Annan is a core of advisors and officials this book examines them in close detail This UN is facing tremendous pressures from today's world and is a crucial part of its future The office of UN Secretary General and the Secretariat exercise policy functions that are the closest we have to a central point for responding to global interests Recent incumbents such as Boutros Boutros Ghali and Kofi Annan have had a profound political impact on the global stage This book explains the history structure functions and the new challenges faced by the institution in the core of the UN This book gives special attention to policy development by the Secretary General makes clear the strengths and weaknesses of the organisation details the solid and substantive work of the UN by avoiding its debating functions Written by a world authority on the subject this is the ideal introduction for students of the UN international organisations and global governance

**Pilgrimage for Peace** Javier P'Rez De Cu'llar, 1997 During his two terms Perez de Cuellar worked side by side with the most powerful world leaders of the day including Ronald Reagan George Bush Margaret Thatcher Mikhail Gorbachev Francois Mitterrand Saddam Hussein Nelson Mandela F W de Klerk and others In Pilgrimage for Peace he shares his impressions of these people the roles they played and their abilities to lead

**The United Nations in the Twenty-first Century** Marcus F. Franda, 2006 The United Nations is confronting a severe crisis at the beginning of the twenty first century Its capabilities have been called into question amid a rash of recent scandals and charges of leadership mismanagement bureaucratic ineptitude and corrupt activities Current world opinion seems to express elevated concern about the organization's ability to deal with the complexity of international relations in the new millennium Despite six decades of survival its membership still appears unable to maintain a consistent focus or set of practices to pursue common goals The United Nations in the Twenty First Century analyzes the significance of the many forces and events affecting the UN's efforts at reform It provides a detailed examination of these processes for all of the major UN organs and agencies including chapters on the Secretaries General the Secretariat the General Assembly the Security Council and ECOSOC The chapters on the Secretaries General are the only detailed discussion that compares contrasts and evaluates the tenures of the seven people who have headed the UN The book's concluding chapters focus on Kofi Annan's reform agenda as it relates to previous UN reform experiences and assess the future impact of recent UN related scandals and charges of mismanagement

The Oxford Handbook on the United Nations Thomas G. Weiss, Sam Daws, 2018-06-28 This Handbook provides in one volume an authoritative and independent treatment of the UN's seventy year history written by an international cast of more than 50 distinguished scholars analysts and practitioners It provides a clear and penetrating examination of the UN's development since 1945 and the challenges and opportunities now facing the organization It assesses the implications for the UN of rapid changes in the world from technological innovation to shifting foreign policy

priorities and the UN's future place in a changing multilateral landscape Citations and additional readings contain a wealth of primary and secondary references to the history politics and law of the world organization This key reference also contains appendices of the UN Charter the Statute of the International Court of Justice and the Universal Declaration of Human Rights

**Peace Maintenance** Jarat Chopra, 2012-10-12 This book is invaluable in identifying the necessary ingredients for long term legitimate and effective peace maintenance at a time when it is needed most

**Understanding Conflict Resolution** Peter Wallensteen, 2018-12-29 Understanding Conflict Resolution is a comprehensive introduction to the study of peace and conflict studies It explores both the historical roots of the study of conflict management as well as the contemporary settings and the tools available to states regional and global organizations where these core ideas apply Drawing on cutting edge research and examples from around the world the fifth edition includes Three new chapters on the key threats and hopes emerging post 2010 one sided violence including genocide and terrorism gendering international affairs and climate challenges stemming from global warming and the danger of nuclear war Brand new case studies focusing on contemporary events and issues ISIS Brexit Nuclear Arms Race Refugees as a weapon of war Learning features such as graphs data sets a glossary annotated further reading lists and access to a companion website full of online resources This is an essential text for all students lecturers and researchers of peace and conflict resolution in international relations global politics and political science

**Making War and Building Peace** Michael W. Doyle, Nicholas Sambanis, 2011-04-22 Making War and Building Peace examines how well United Nations peacekeeping missions work after civil war Statistically analyzing all civil wars since 1945 the book compares peace processes that had UN involvement to those that didn't Michael Doyle and Nicholas Sambanis argue that each mission must be designed to fit the conflict with the right authority and adequate resources UN missions can be effective by supporting new actors committed to the peace building governing institutions and monitoring and policing implementation of peace settlements But the UN is not good at intervening in ongoing wars If the conflict is controlled by spoilers or if the parties are not ready to make peace the UN cannot play an effective enforcement role It can however offer its technical expertise in multidimensional peacekeeping operations that follow enforcement missions undertaken by states or regional organizations such as NATO Finding that UN missions are most effective in the first few years after the end of war and that economic development is the best way to decrease the risk of new fighting in the long run the authors also argue that the UN's role in launching development projects after civil war should be expanded

**Mixed Messages** Edward C. Luck, 2010-12-01 At the turn of the century the United States is on the verge of losing its vote in the General Assembly for non payment of its arrears There are eerie parallels between the domestic debate over the United Nations in 1999 and the struggles over the League of Nations in 1919 Why many ask are Americans the first to create international organizations and the first to abandon them What is it about the American political culture that breeds both the most ardent supporters and the most vocal detractors of international organization And why can't they

find any common ground In seeking to uncover the roots of American ambivalence toward international organization this political history presents the first major analysis of U S attitudes toward both the United Nations and the League of Nations It traces eight themes that have resurfaced again and again in congressional and public debates over the course of this century exceptionalism sovereignty nativism and racism unilateralism security commitments reform and burden sharing It assesses recent domestic political trends and calls for the development of two interactive political compacts one domestic and one international to place U S UN relations on a new footing A Century Foundation Book      **Leveraging for Success in United Nations Peace Operations** Jean Krasno, Bradd C. Hayes, Donald C. Daniel, 2003-09-30 Peacekeeping has become one of the most important tasks of the United Nations with more than 55 missions created since 1948 Peacekeeping is one of the only multilateral tools that the member states have to address conflicts in all parts of the world Over 44 000 troops from 90 countries are deployed today Drawing on first hand accounts of participants in past peacekeeping successes and failures this study focuses on how better to ensure success through the use of leverage as a central tool While the threat of military force can be used to compel compliance other sources of leverage such as the threat of sanctions or the withdrawal of loans can also be effective Economic incentives also provide vital leverage Moral suasion and leadership skills are critical as well The choice of key personnel particularly in the role of the Special Representatives of the Secretary General as in the utilization of Jacques Kline in Eastern Slavonia has also proved be key These case studies carefully examine how a confluence of tools have been brought to bear in circumstances ranging from East Timor and Namibia      *Seeking Peace in El Salvador* D. Negroponte, 2012-01-17 The resolution of the civil war in El Salvador coincided with the end of the Cold War After two years of negotiations and a decade long effort to implement the peace accords this work examines how peace was made and whether it has endured      *Gendered Agency in War and Peace* Maria O'Reilly, 2017-11-03 This book examines how gendered agency emerges in peacebuilding contexts It develops a feminist critique of the international peacebuilding interventions through a study of transitional justice policies and practices implemented in Bosnia Herzegovina and local activists responses to official discourses surrounding them Extending Nancy Fraser s tripartite model of justice to peacebuilding contexts the book also advances notions of recognition redistribution and representation as crucial components of gender just peace It argues that recognising women as victims and survivors of conflict achieving a gender equitable distribution of material and symbolic resources and enabling women to participate as agents of transitional justice processes are all essential for transforming the structural inequalities that enable gender violence and discrimination to materialise before during and after conflict This study establishes a new avenue of analysis for understanding responses and resistances to international peacebuilding by offering a sustained engagement with feminist social and political theory      **The Transformation of the World of War and Peace Support Operations** Kobi Michael, David Kellen, Eyal Ben-Ari, 2009-03-20 With the end of the Cold War the euphoria of the Gulf War of the 1990s and the avowal of a New World Order peace operations were declared as

the recipe for a better world through international intervention in conflict arenas However the debacles and failures in Cambodia Somalia or the Balkans led to disillusionment and a sense of strategic helplessness among leaders experts and scholars in the industrial democracies While these arguments have been the focus of intense criticism and discussion they nevertheless underscore the fact that since the end of the Cold War the armed forces of the industrial democracies have undergone very significant transformations This is the first work linking the changes in armed forces to Peace Support Operations PSOs those operations with major state building components that demand broad and coherent cooperation between military forces and civilian entities The Transformation of the World of War and Peace Support Operations is timely as the recent debates over PSOs continue to take center stage This work embodies a new set of ideas and concepts that aid in grasping and interpreting the transformations taking place in the world of war and in PSOs It seeks to understand how social economic political and organizational transformations around the globe are related to the complex links between armed forces and PSOs Additionally this work addresses issues that continue to define the character and makeup of modern warfare and the missions of PSOs for coming decades

**The United Nations and Peace Enforcement** Mohamed Awad Osman, 2018-02-06 This title was first published in 2002 This original text studies the UN system for the maintenance of international peace and security in the face of threats to the peace breaches of the peace and acts of aggression It assesses the Security Council attempts to employ enforcement measures under Chapter VII of the UN Charter in response to inter state and intra state conflicts paying attention to the effect of the Council s increasing involvement in internal situations both on the development of the system and on the outcome of conflicts Filling a notable lacuna in contemporary literature Mohamed Osman studies peace enforcement on its own and within an independent theoretical and empirical framework The book will appeal both to students of the UN and humanitarian intervention but also to international lawyers and political philosophers concerned with questions of intervention and sovereignty In addition its detailed case studies make the volume an excellent reference tool

*Peacekeeping Intelligence* Robert David Steele, 2003

**Persian Gulf War Encyclopedia** Spencer C. Tucker, 2014-08-20 Ideal for high school and college level readers as well as students attending military academies and general audiences this encyclopedia covers the details of the Persian Gulf War as well as the long term consequences and historical lessons learned from this important 20th century conflict This encyclopedia provides a rich historical account of the Persian Gulf War examining the conflict from a holistic perspective that addresses the details of the military operations as well as the social political economic and cultural aspects of the war The alphabetically arranged entries chart the events of the war provide cross references and sources for additional study and identify the most important individuals and groups associated with the conflict In addition it includes primary source documents that will provide readers with valuable insights and foster their critical thinking and historical reasoning skills The Persian Gulf War served as the first live combat test of much of the United States then new high tech weaponry The war also held many lessons about the play of

national interests the process of coalition building the need for effective communication and coordination and the role of individuals in shaping history This book addresses all key battles the nations involved strategies employed by both sides weapon systems used the role of the media the role played by women and environmental and medical issues associated with the conflict     The Official History of the Falklands Campaign, Volume 2 Lawrence Freedman,2004-06-01 In this official history of the Falklands Campaign Lawrence Freedman provides a detailed and authoritative account of one of the most extraordinary periods in recent British political history and a vivid portrayal of a government at war After the shock of the Argentine invasion of the Falklands in April 1982 Margaret Thatcher faced the crisis that came to define her premiership as she determined to recover the islands Freedman covers all aspects of the campaign economic and diplomatic as well as military and demonstrates the extent of the gamble that the government took There are important accounts of the tensions in relations with the United States concerns among the military commanders about the risks they were expected to take the problems of dealing with the media and the attempts to reach a negotiated settlement This definitive account describes in dramatic detail events such as the sinking of the Belgrano the battle of Goose Green and the final push to Stanley Special attention is also paid to the aftermath of the war including the various enquiries and the eventual restoration of diplomatic relations with Argentina     *The Normative Position of International Non-Governmental Organizations under International Law* Rephael Harel Ben-Ari,2012-05-07 The activities of International Non Governmental Organizations give rise to multifaceted questions of legality and legitimacy The normative position of INGOs within the international community has proved to be acutely controversial demanding a fundamental reconsideration of the concepts of the nation state and of international organizations of all kinds There is manifestly a crying need for a comprehensive framework against which the capacity of international law to comprehend these complex issues can be measured This book explores contemporary approaches towards INGOs those based on criticism of the doctrine of international legal personality as well as those adopting a functional constitutional perspective It engages in a stimulating and thorough interdisciplinary evaluation of the theoretical and practical potential of these theories to generate solutions for the problems produced by the exercise of unregulated authority outside the state system The book investigates the main concepts put forward by international lawyers within postmodern discourse among them global civil society globalization and governance and examines their consistency with existing institutional arrangements and the century old attempts to standardize the status of INGOs     **Managing World Order** Richard Alqaq,2009-02-28 Since the end of the Cold War United Nations peace operations have become an established and prominent feature of world politics From Liberia to East Timor the UN now carries out extensive governance related functions and is a significant political force in Southern states and societies Here Richard Al Qaq leads us to a radical new understanding of the UN and its role in international politics He uncovers the political and socio economic import of such peace activities for subject societies and raises important questions about the functioning and dynamics of the global

political order A critical view of the internal process of programmatic reform within the UN is elaborated by detailed studies of the politics of UN peace operations in three seminal cases of the 1990s in Somalia Rwanda and Angola This book is essential for understanding the new role of the UN especially in Africa and the politics of so called humanitarian intervention and peace building

*The United Nations and peacekeeping, 1988-95* Chen Kertcher, 2016-06-17 Using more than 600 UN documents that analyse the discussions in the UN Security Council General Assembly and Secretariat The United Nations and peacekeeping 1988 95 presents innovative explanations on how after the Cold War UN peacekeeping operations became the dominant response to conflicts around the globe This study offers a vivid description of these changes through the analysis of the evolution in the concept and practice of United Nations peacekeeping operations from 1988 to 1995 The research is anchored primarily in United Nations documents which were produced following the diplomatic discussions that took place in the General Assembly the Security Council and the UN Secretariat on the subject of peacekeeping in general and in the cases of Cambodia Former Yugoslavia and Somalia in particular These large and complex operations were the testing ground for the new roles of peacekeeping in democratisation humanitarian aid resettlement of refugees demobilisation of armed forces economic development and advancement of good government

**The Iran-Iraq War** Nigel John Ashton, Bryan R. Gibson, 2013 This volume offers a wide ranging examination of the Iran Iraq War 1980 88 featuring fresh regional and international perspectives derived from recently available new archival material Three decades ago Iran and Iraq became embroiled in a devastating eight year war which served to re define the international relations of the Gulf region The Iran Iraq War stands as an anomaly in the Cold War era it was the only significant conflict in which the interests of the United States and Soviet Union unwittingly aligned with both superpowers ultimately supporting the Iraqi regime The Iran Iraq War re assesses not only the superpower role in the conflict but also the war s regional and wider international dimensions by bringing to the fore fresh evidence and new perspectives from a variety of sources It focuses on a number of themes including the economic dimensions of the war and the roles played by a variety of powers including the Gulf States Turkey France the Soviet Union and the United States The contributions to the volume serve to underline that the Iran Iraq war was a defining conflict shaping the perspectives of the key protagonists for a generation to come This book will be of much interest to students of international and Cold War history Middle Eastern politics foreign policy and International Relations in general
