Native Americans on Network TV Michael Ray FitzGerald,2013-12-24 The American Indian has figured prominently in many films and television shows portrayed variously as a villain subservient friend or a hapless victim of progress Many Indian stereotypes that were derived from European colonial discourse some hundreds of years old still exist in the media today Even when set in the contemporary era novels films and programs tend to purvey rehashed tropes such as Pocahontas or man Friday In Native Americans on Network TV Stereotypes Myths and the Good Indian Michael Ray FitzGerald argues that the colonial power of the U S is clearly evident in network television s portrayals of Native Americans FitzGerald contends that these representations fit neatly into existing conceptions of colonial discourse and that their messages about the Good Indian have become part of viewers understandings of Native Americans In this study FitzGerald offers close examinations of such series as The Lone Ranger Daniel Boone Broken Arrow Hawk Nakia and Walker Texas Ranger By examining the traditional role of stereotypes and their functions in the rhetoric of colonialism the volume ultimately offers a critical analysis of images of the Good Indian minority figures that enforce the dominant group s norms A long overdue discussion of this issue Native Americans on Network TV will be of interest to scholars of television and media studies but also those of Native American studies subaltern studies and media history
