*Pink Triangles* Pam Mitchell, 2018-10-02 Though the interpretations of the interplay between sexism and capitalism between the personal and the political vary across this spectacularly wide ranging collection each essay shares two fundamental premises First that the oppression of gays and lesbians is not an isolated case and therefore their struggle is necessarily part of a larger movement for social liberation And second that the experience of gays and lesbians uphold the basic tenants of a foundational marxism and that they are uniquely placed to contribute to a revitalization of marxist theory

**Feminist Theory** Josephine Donovan, 2000-07-01 This first major study of feminist theory which is revised and completely reset now takes the reader into the twentieth century It chronicles a renaissance of feminist theory through the so called third wave of the present day which follows significant waves of earlier periods the fifteenth through early eighteenth centuries as well as the more widely recognized nineteenth century and the 1960s through the 80s [Pink Triangles](#) Pam Mitchell, 2018-10-02 To link socialism and lesbianism is to link the unpopular with the taboo Though the interpretations of the interplay between sexism and capitalism between the personal and the political vary across this spectacularly wide ranging collection each essay shares two fundamental premises First that the oppression of gays and lesbians is not an isolated case and therefore their struggle is necessarily part of a larger movement for social liberation And second that the experience of gays and lesbians uphold the basic tenants of a foundational marxism and that they are uniquely placed to contribute to a revitalization of marxist theory

**Historical Dictionary of the Lesbian and Gay Liberation Movements** JoAnne Myers, 2013-09-19 Not so long ago hardly anything was said of the Lesbian Liberation Movement and the Gay Liberation Movement indeed the terms gay and lesbian were not even used if some other expression could be found Today by contrast hardly a day passes when something important does not occur and is carried by the major media and disseminated on more personal levels through blogs and the social media If anything there is perhaps too much news and not enough information Obviously a book like this cannot keep up with the news but it can do something equally important when it comes to information by reminding us of the past and what has been going and just how fast events are moving The Historical Dictionary of the Lesbian and Gay Liberation Movements covers the history of this movement through a cross referenced dictionary with over 1000 entries on specific countries and regions influential historical figures laws that criminalized same sex sexuality various historical terms that have been used to refer to aspects of same sex love and contemporary events and legal decisions Including a comprehensive chronology and bibliography this book is an excellent access point for students researchers and anyone interested in learning more about the struggle for equality

Lesbian Teachers Madiha Didi Khayatt, 1992-01-01 Teachers in general are hired to conform with set values of the community which hires them They are expected to reflect conventions which correspond with an ideological model of behavior sanctioned by the state and by the community in which they work In a publicly funded educational system not only are teachers expected to transmit dominant ideologies but as representatives of the state they are assumed to embody the dominant values of the society which hires them The notion of lesbian teachers inevitably contradicts mainstream assumptions about female teachers women whose image stereotypically corresponds with and implicitly conveys traditional

female virtues of purity dedication and nurturance Using an analysis that combines feminist concepts of patriarchy with Gramsci's notion of hegemony this book is an institutional ethnography which begins from the standpoint of lesbian teachers but at the same time locates their experiences in the immediate social organization from which they arise and which gives them meaning Through intensive interviews with nineteen lesbian teachers Khayatt explores these women's lives as they themselves describe them How do they conceal their sexuality How do lesbian teachers cope in the classroom How do they deal with their perceived need to live a double life To whom do they come out Why do they feel unsafe to be out despite the potential protection of legal rights And finally what would they stand to lose if found out Flaming Classics Alexander Doty, 2002-06 This lively opinionated and playful look at the movies is a must read for film buffs and for anyone interested in gender sexuality and popular culture One thing's for sure After reading Flaming Classics you'll know you're definitely not in Kansas anymore **Smash the Church, Smash the State!** Tommi Avicoli Mecca, 2020-09-02 This anthology by former members of the Gay Liberation Front GLF captures the history and spirit of the revolutionary time just after Stonewall when thousands came out of the closet to claim their sexuality and when queer resistance coalesced into a turbulent joyous liberation movement one whose lasting influence would ultimately inform and profoundly shape the LGBT community of today Personal essays explore the philosophy and culture of the stridently anti assimilationist GLF the actions demonstrations and marches views on marriage religion and gender the drugs orgies and communes and GLF's relationship to the hippies the Black Panthers the straight Left the women's movement civil rights and the antiwar struggle The collection includes contributions from Martha Shelley Cei Bell Paola Bacchetta Susan Stryker Tom Ammianno Nikos Diaman Mark Segal Barbara Ruth and Perry Brass Out in Culture Corey K.
