The Academy, 1901 The Critic, 1851 Queen Anne and the Arts Cedric D. Reverend II, 2014-12-18 The cultural highlights of the reign of Queen Anne 1702-1714 have long been overlooked However recent scholarship including the present volume is demonstrating that Anne has been seriously underestimated both as a person and as a monarch and that there was much cultural activity of note in what might be called an interim period coming after the deaths of Dryden and Purcell but before the blossoming of Pope and Handel after the glories of Baroque architecture but before the triumph of Burlingtonian neoclassicism The authors of *Queen Anne and the Arts* make a case for Anne's reign as a time of experimentation and considerable accomplishment in new genres some of which developed some of which faded away The volume includes essays on the music drama poetry quasi-operas political pamphlets and architecture as well as on newer genres such as coin and medal collecting hymns and poetical miscellanies all produced during Anne's reign

Texts from the Querelle, 1521-1615 Pamela Joseph Benson, Betty Travitsky, Anne Lake Prescott, 2008 Misogyny and its opposite philogyny have been perennial topics in Western literature from its earliest days to the present day but only at certain historic periods have pro-woman authors challenged fundamental negative assumptions about women by engagi

Academy, with which are Incorporated Literature and the English Review, 1876 **The Centrality of Crime Fiction in American Literary Culture** Alfred Bendixen, Olivia Carr Edenfield, 2017-06-26 This collection of essays by leading scholars insists on a larger recognition of the importance and diversity of crime fiction in U.S. literary traditions Instead of presenting the genre as the property of Dashiell Hammett and Raymond Chandler this book maps a larger territory which includes the domains of Mark Twain F. Scott Fitzgerald William Faulkner Richard Wright Flannery O'Connor Cormac McCarthy and other masters of fiction The essays in this collection pay detailed attention to both the genuine artistry and the cultural significance of crime fiction in the United States It emphasizes American crime fiction's inquiry into the nature of democratic society and its exploration of injustices based on race class and/or gender that are specifically located in the details of American experience Each of these essays exists on its own terms as a significant contribution to scholarship but when brought together the collection becomes larger than the sum of its pieces in detailing the centrality of crime fiction to American literature This is a crucial book for all students of American fiction as well as for those interested in the literary

treatment of crime and detection and also has broad appeal for classes in American popular culture and American modernism

"The" Athenaeum, 1893

The Letters of Charlotte Brontë Margaret Smith, 2004-01-22 This final volume of

Charlotte Brontë's letters covers the period from 1852 when she eventually completed *Villette* to March 1855 when she died at the early age of 38. Published in January 1853, *Villette* reflects experiences and moods conveyed with sharp immediacy in the correspondence of the preceding years. In December 1852 one of her most dramatic letters described the crucial event in her private life: Arthur Nicholls's proposal of marriage. When shaking from head to foot he made her feel what it costs a man to declare affection where he doubts response. Mr Brontë's furious opposition to the match was not overcome until 1854 the year of Charlotte's marriage on 29 June. In the all too few months before her death she came to love and trust Nicholls her dear boy and her tenderest nurse during her final illness. The letters in this volume include on the one hand Charlotte's brief curt note to George Smith on his engagement to Elizabeth Blackway and on the other a newly discovered letter describing with cheerful briskness Charlotte's purchase of her own wedding trousseau. Complete texts of letters previously published inaccurately or in part provide valuable insight into her other friendships. Those to Elizabeth Gaskell in particular have an important bearing on our interpretation and assessment of her *Life of Charlotte* published early in 1857 and the inclusion of Harriet Martineau's angry comments on the *Life*. Hallucination Friendship was never attained enhances our understanding of Charlotte's break with Martineau after her review of *Villette*. The redating of a letter has shown that the long estrangement between Charlotte and her oldest friend Ellen Nussey caused by Ellen's hostility to the idea of Charlotte's marriage with Nicholls lasted without a break from July 1853 until late February 1854. The volume includes some of the touching notes from Charlotte's bereaved husband and father written in response to condolences on her death. Mrs Gaskell's graphic account of her visit to Haworth in 1853 forms one of the appendices; others provide the texts of fragmentary letters, identify known forgeries and list addenda and corrigenda for volumes 1 and 2.

Geopolitical Shakespeare Erica Sheen, 2024-03-13

Geopolitical Shakespeare: Western Entanglements from Internationalism to Cold War examines the entanglement of Shakespearean culture in the geopolitical dynamics of the post-war West. Taking its cue from a speech given by Albert Einstein in London in 1933 in which Shakespeare is cited as an example of the Western value of personal and intellectual freedom, this book explores a series of events between 1945 and 1955 featuring key historical figures: scientists, international lawyers, diplomats and politicians, writers, actors and filmmakers who experienced the tensions of the early Cold War through Shakespeare or called on him to articulate this new post-war world. Erica Sheen examines political, diplomatic, cultural and economic interactions within core Western power relations: the USA, UK and Europe, with particular reference to Germany in which Shakespeare or the idea of Shakespeare was entangled in the struggle for new ideas and social structures. The subjects of this book include John Humphrey and the drafting of the Universal Declaration of Human Rights, the Nuremberg Trials and the foundation of West Germany, Noel Annan and the Berlin Elizabethan Festival, an American production of *Hamlet* in

Elsinore Laurence Olivier David Selznick and the Shakespeare film in post war Hollywood Graham Greene and *The Third Man* and Carl Schmitt and Salvador de Madariaga on Hamlet in post war Europe In each of these case studies Sheen discovers a Shakespeare for our time engaged in contestations of territoriality in cultures of international law and human rights theatre film and literature **Notes and Queries** ,1872 **A Research Guide to Gothic Literature in English** Sherri L.
