Quest For The Gold Plates Thomas Stuart Fergusons Archaeological Search For The Of Mormon:

Quest for the Gold Plates Stan Larson, 1996 Anyone interested in Book of Mormon archaeology will be fascinated by the amazing story of Thomas Stuart Ferguson The reader accompanies Ferguson on his exploratory journeys to Mexico and Guatemala in search of the remains of Book of Mormon peoples assisted through generous funding by the LDS church He became a closet doubter but made peace with himself and his community without promulgating disbelief **VOLUME II THE CREATION OF MORMONISM: JOSEPH SMITH JR. IN THE 1820S** JOHN J HAMMOND, 2011-07-27 This is Volume II of an epic multi volume work entitled The Quest for the New Jerusalem A Mormon Generational Saga which combines family Mormon and American history focusing upon how the author s ancestors were affected by their conversion to the Mormon religion In Volume I four of the author s ancestral families the Carters Hammonds Knowltons and Spencer s and the ancestors of Mormon Church founders Joseph Smith and Brigham Young are followed from the time they enter the Massachusetts Bay Colony in New England in the 1600s down to the early 1800s Their private lives are described as well as how they are affected by such events and situations as King Philip s War the Salem Witch Trials the institution of black slavery the French and Indian War and the American Revolution Toward the end of Volume I the focus is upon Joseph Smith and his family including their move from Vermont to western New York their religious and magic world views the latter involving astrology ritual magic and treasure seer and treasure digging activities Volume II takes up the narrative at about the year 1820 and involves a detailed comprehensive and critical look at the events in the life of Joseph Smith Jr during the decade in which he purportedly was visited by numerous heavenly messengers received the golden plates translated the writing on the plates to produce the Book of Mormon received priesthood authority from other heavenly messengers published the Book of Mormon and organized the Mormon LDS Church Making use of the most recent historical research the author tackles the controversial issues surrounding the First Vision the supposed appearance to Joseph Jr of God the Father and his Son Jesus Christ in 1820 the Second Vision 1823 to 1827 which produced the Book of Mormon and the Third Vision late 1820s or early 1830s which involved the restoration of priesthood authority The author looks at original sources documents and also compares the perspectives of major loyal Mormon non Mormon and ex Mormon scholars on these controversial questions There is a discussion of the serious lack of congruence between how Joseph Smith Jr described these events officially after 1837 and what was being said by the Smith family their neighbors early Mormon converts and by newspaper accounts during the 1820s and early 1830s There is for example no mention of a First Vision for at least twelve years after it supposedly occurred and there are several conflicting versions of it by Joseph Jr in the 1830s once he started talking about it Primary focus however is upon what the author collectively calls the Second Vision which purportedly involved multiple visitations by an angel spirit between 1823 and 1827 It was from this heavenly messenger that Joseph Jr obtained golden plates and the Book of Mormon was he maintained a translation by him of the ancient American writings on

these plates There is a thorough examination of the complex and contentious issues surrounding the origin of the Book of Mormon and several chapters look closely at the evidence regarding its authenticity the question whether it was written by Joseph Jr or by ancient American prophets scribes The author also thoroughly discusses the testimony in the Book of Mormon of the Three Witnesses and Eight Witnesses and offers an alternative narrative regarding what really transpired with Joseph Jr during the 1820s Later in Volume II several chapters look at how Mormon Church organization went through a significant evolution during its earliest years moving against the American democratic grain toward an increasingly centralized authoritarian structure There is a detailed look at Joseph Jr s claims regarding a restoration of priesthood authority during the late 1820s and early 1830s and the considerable controver

The Mormon Delusion. Volume 2. the Secret Truth Withheld from 13 Million Mormons. Jim Whitefield,2009-06-16

An expos of Joseph Smith s fraud which spawned the Mormon Church The Church of Jesus Christ of Latter Day Saints Conclusive evidence that every aspect of Smith s Church was a hoax and that the modern Mormon LDS Church continues in a conspiracy to deceive rank and file Mormons with lies and suppression of the real historical truth Visit <http://themormondelusion.com> for further information on this and other work

Joseph Smith and the Origins of The Book of Mormon, 2d ed. David Persuitte,2010-07-27 Just as a growing interest in millennialism at the turn of this century has rejuvenated religious debate and questions concerning the fate of the world so did Mormonism develop from millennial enthusiasm early in the nineteenth century Joseph Smith the founder of Mormonism and a provocative even controversial figure in history declared that he had been given the authority to restore the true church in the latter days The primary source of Smith s latter day revelation is The Book of Mormon and to fully understand his role as the founder of the Mormon faith one must also understand The Book of Mormon and how it came to be Unfortunately the literature about Joseph Smith and The Book of Mormon is permeated with contradiction and controversy In the first edition of this impressive work David Persuitte provided a significant amount of revealing biographical information about Smith that resolved many of the controversies concerning his character He also presented an extensive comparative analysis positing that the probable conceptual source for The Book of Mormon was a book entitled View of the Hebrews or the Tribes of Israel in America which was written by an early New England minister named Ethan Smith Now in an expanded and revised second edition incorporating many new findings relating to the origin of The Book of Mormon Mr Persuitte s book continues to shed much new light on the path Joseph Smith took toward founding the Church of Jesus Christ of Latter day Saints

Breaking the Mormon Code Matthew A. Paulson,2000-09 In Provo Utah there exists the Foundation for Ancient Research and Mormon Studies FARMS renowned as a Mormon think tank FARMS is owned and operated by Brigham Young University BYU and the Mormon Church Their mission seeks to repudiate the opposition applaud its supporters and

justify many peculiar Mormon doctrines This book demonstrates that FARMS often twists the truths to justify Mormon doctrines To justify their position they often will utilize inane accusations misquotes and equivocation This collection of deceit from Mormon scholarship is what Matt Paulson has identified as the breaking of the Mormon Code **The Mormon Delusion. Volume 5. Doctrine and Covenants - Deception and Concoctions** Jim Whitefield,2012-02-15 Volume five in The Mormon Delusion series investigates the early Mormon Lectures of Faith comparing the doctrines of the time with the teachings of today which are entirely different It then analyses each Section of the Doctrine and Covenants while searching for Joseph Smith prophecies which are evaluated in terms of any evidence of fulfilment It will come as no surprise to learn that none have any prophetic value or merit whatsoever However there is plenty of evidence of Smith s fraud scattered throughout the D C which is analysed at each stage **The Mormon Delusion. Volume 4. the Mormon Missionary Lessons - A Conspiracy to Deceive.** Jim Whitefield,2012-10-01 The fourth in The Mormon Delusion series tracks the

Mormon Missionary Lesson Manual as taught to investigators and lesson by lesson exposes and explains the truth behind the false teachings At every stage unsuspecting investigators are taught a fictional account of Mormon history and teachings by faithful missionaries who themselves have no idea they are teaching provable fiction This book exposes the underlying truth behind Joseph Smith s original fraudulent claims and modern day fictional Mormon teachings Evidence from within Mormon Church history and Mormon so called scripture proves conclusively that the Mormon Church continues in a conspiracy to deceive its own members missionaries and their investigators alike At the end of a journey through this book there will be nothing left for an investigator to take to the Lord in prayer in order to obtain an answer as to whether what the Mormon Church teaches is true Common sense and reason alone will be enough to determine the truth of the matter **The**

Mormon Delusion Jim Whitefield,2009-03-21 The first in a series of books comprising an expos of the Mormon Church The Church of Jesus Christ of Latter Day Saints This volume concentrates on polygamy and little known polyandry which is hidden from rank and file Mormons Historical evidence proves the Mormon Church has rewritten its own history through lies suppression omission and interpolation such that the truth is so well hidden from members unless they look outside the Church for information they will never know of the continued conspiracy to deceive them Contains over 120 pages of appendices including complete lists and analysis of all the wives and families of Joseph Smith Brigham Young and Heber C Kimball highlighting polyandrous relationships and children born into those unions plus details of over a hundred children born post 1890 to polygamous wives of General Authorities who violated their own canonised Manifesto after they had covenanted to stop the practice Visit www.themormondelusion.com for further information **Excavating Nauvoo**

Benjamin C. Pykles,2010-04-01 This detailed study of the excavation and restoration of the city of Nauvoo Illinois reveals the roots of historical archaeology In the late 1960s the Church of Jesus Christ of Latter day Saints sponsored an archaeology program to authentically restore the city of Nauvoo which was founded along the Mississippi River in the 1840s by the

Mormons as they moved west Non Mormon scholars were also interested in Nauvoo because it was representative of several western frontier towns in this era As the archaeology and restoration of Nauvoo progressed however conflicts arose particularly regarding control of the site and its interpretation for the public The field of historical archaeology was just coming into its own during this period with myriad perspectives and doctrines being developed and tested The Nauvoo site was one of the places where the discipline was forged This well researched account weaves together multiple viewpoints in examining the many contentious issues surrounding the archaeology and restoration of the city of Nauvoo Illinois providing an illuminating picture of the early days of professional historical archaeology [The Mormon Delusion. Volume 3. Discarded Doctrines and Nonsense Revelations.](#) Jim Whitefield,2012-10-01 This is the third in a series of books exposing the truth behind Mormonism In this volume we review doctrines that have been discarded To early Mormons Adam was God and blood atonement was a stark reality These were accepted doctrines which survived for several decades throughout the leadership of several successive prophets Today the Church denies they even existed The origin of the Mormon temple ceremony is established and explained An analysis of changes over the years shows that the rites now enacted bear no resemblance to the original ceremonies Joseph Smith lifted from late eighteenth century Masonic ritual claiming they were restored from the time of Solomon The psychology of a Mormon testimony is explored and explained Sections of the Doctrine and Covenants are exposed as completely unfulfilled nonsense that Mormons simply cannot see through as long as blind faith precludes rational thinking Visit www.themormondelusion.com for further information on this and other volumes **What Every Mormon (And Non-mormon) Should Know** Edmond C Gruss,Lane Thuet,2006-07 **All Abraham's Children** Armand L. Davies,2013-06-28 This book explores Mormon theology in new ways from a scholarly non Mormon perspective Bringing Jesus and Satan into relationship with Joseph Smith the founding prophet

Douglas Davies shows how the Mormon Plan of Salvation can be equated with mainstream Christianity's doctrine of the Trinity as a driving force of the faith Exploring how Jesus has been understood by Mormons his many Mormon identities are described in this book he is the Jehovah of the Bible our Elder Brother and Father probably also a husband he visited the dead and is also the antagonist of Satan Lucifer This book offers a way into the Mormon problem of evil understood as apostasy from pre mortal times to today Three images reveal the wider problem of evil in Mormonism Jesus pre mortal encounter with Lucifer in a heavenly council deciding on the Plan of Salvation Jesus Christ's great suffering engagement with evil in Gethsemane and Joseph Smith's First Vision of the divine when he was almost destroyed by an evil force Douglas Davies well known for his previous accounts of Mormon life and thought shows how renewed Mormon interest in theological questions of belief can be understood against the background of Mormon church organization and its growing presence on the world stage of Christianity

Handbook of Religion and the Authority of Science Jim R. Lewis, Olav Hammer, 2010-11-19 There has been a significant but little noticed aspect of the interface between science and religion namely the widespread tendency of religions to appeal to science in support of their truth claims Though the appeal to science is most evident in more recent religions like Christian Science and Scientology no major faith tradition is exempt from this pattern Members of almost every religion desire to see their truths supported by the authority of science especially in the midst of the present historical period when all of the comforting old certainties seem problematic and threatened The present collection examines this pattern in a wide variety of different religions and spiritual movements and demonstrates the many different ways in which religions appeal to the authority of science The result is a wide ranging and uniquely compelling study of how religions adapt their message to one of the major challenges presented by the contemporary world
