## 1. Can you walk me through your experience with compensation and benefits planning and implementation?

During my time as an HR Business Partner for Company X, I played a critical role in revamping the company's compensation and benefits package. I worked closely with the leadership team to conduct market research, analyze industry trends, and identify areas where we could improve our offerings.

1. First, I led a comprehensive review of our current benefits package to identify any gaps or areas for improvement. I worked with our broker to negotiate better rates with our carriers, resulting in a 12% reduction in health care costs for the company.
2. Next, I conducted a thorough benchmarking analysis to understand how our compensation packages compared to our competitors. I presented my findings to the executive team, which ultimately led to a 7% increase in average salaries across the company.
