

4.9 Partners Help to Smooth

Who is this for?

LEVELS
E–J

Teaching Tips are included with some of the lessons in any instance when I thought that added explanation would help a teacher understand the intention of the lesson, or when I wanted to give other advice, such as how to modify a strategy for students at different reading levels or reading different text types.

Hat Tips I tried to reference authors and books that the strategy may have been inspired by; sometimes I borrowed a lesson title from another book, other times an idea or concept. Never did I borrow the exact language—that came from thinking about how I would explain it to a student. Just as I used my own natural language and phrasing, I invite you to be inspired by my strategies and make them your own, too!

Strategy Partners can help one another read in a smooth voice. When you meet in partner time, put one book between the two of you. Look at the words, listen to yourself, and listen to your partner. Try to read in one voice, pausing at the same places and using the same expression.

Teaching Tip One way to get children to prompt each other in partnerships is to become a “ghost partner.” Whisper into children’s ears a phrase or sentence starter that you want them to repeat to their partner. In no time at all, they will start taking up the language as their own. So, for this strategy you might whisper, “Let’s try that again” or “That sounded choppy, right?” or “Should we try that one more time?” for them to literally repeat to their partner.

Prompts

- What can you tell your partner to help him with his fluency?
- Tell your partner, “Go back and try that again!”
- Tell your partner, “That sounded very smooth.”
- Tell your partner, “The way you read that helped me picture it!”
- What do you think?
- What will you tell your partner?
- Make sure you’re listening carefully and be ready to give your partner advice.

A strategy is a step-by-step how-to. This can be used in a conference, strategy lesson, minilesson, or even during another balanced literacy component such as shared reading or interactive read-aloud. It’s important that you give children a *how-to* to scaffold their practice until they develop automaticity. To read more about strategies, please see page TK.

Partners Help Smooth It Out!

Visuals are included for all lessons. These visuals take many forms such as: a class anchor chart, a tool such as a personalized strategy card or bookmark, student writing, or even photographs of students in action with the strategy. Dozens of teachers from all over this country were involved in piloting the lessons in this book and they have generously shared their work and the work of their students. For more information on creating charts and tools, please see page TK.
