## Quick On The Trigger:

*Hartrampf's Vocabularies* Gustavus A. Hartrampf, 1929      **Western Movies** Michael R. Pitts, 2012-12-13 This revised and greatly expanded edition of a well established reference book presents 5105 feature length four reels or more Western films from the early silent era to the present More than 900 new entries are in this edition Each entry has film title release company and year running time color indication cast listing plot synopsis and a brief critical review and other details Not only are Hollywood productions included but the volume also looks at Westerns made abroad as well as frontier epics north woods adventures and nature related productions Many of the films combine genres such as horror and science fiction Westerns The volume includes a list of cowboys and their horses and a screen names cross reference There are more than 100 photographs      **County** Stanley Marie, 2023-11-10 In the heart of southern hospitality and generosity lies a county stained by the breath and blood of corruption Dylan a product of small town country living embarks on a harrowing journey to confront his dark past of degrading abuse and seeks redemption through peer acceptance social fame and self worth But as he navigates the storms of reality he discovers that his path to salvation leads him behind the walls of jail Imprisoned within the confines of a corrupt and unjust system Dylan is confronted with a web of avarice hypocrisy and moral decay Surrounded by self proclaimed judges and jurors who manipulate power to validate their ethical transgressions he grapples with the twisted perceptions of criminal behavior due process and the human soul Alongside fellow inmates and sympathetic deputies Dylan engages in an emotional struggle for inner peace hope and redemption Together they must confront their demons while challenging the very foundations of the legal empire that engulfs them      *Coal Remining Statistical Support Document* , 2000      **The Argonaut** , 1908      **New Serial Titles** , 1996 A union list of serials commencing publication after Dec 31 1949      *Loaded for Bear* Cheyenne Meadows, 2016-05-11 Shifter Hardball Book Two Polar bear shifter Graham Tundra can't believe his bad luck Not only is he traded to another baseball team midseason but he's also teamed up with Trigger Mallow widely considered the best player in the game but with the worst attitude Trigger is on the fence about Graham As a grizzly bear shifter he's relieved to have another ursine on the team even if they are different species The problem is Trigger is in the middle of his natural mating season and Graham looks too damn good to pass up What begins as friends with benefits shows potential to grow into a deeper connection If only they can put aside their differences learn to trust listen to their feelings and realize it's more than just a bear thing      *The Secret History of Marvel Comics* Blake Bell, Michael J. Vassallo, 2013-11-16 The Secret History of Marvel Comics digs back to the 1930s when Marvel Comics wasn't just a comic book producing company Marvel Comics owner Martin Goodman had tentacles into a publishing world that might have made that era's conservative American parents lynch him on his front porch Marvel was but a small part of Goodman's publishing empire which had begun years before he published his first comic book Goodman mostly published lurid and sensationalistic story books known as pulps and magazines featuring sexually charged detective and romance short

fiction and celebrity gossip scandal sheets And artists like Jack Kirby who was producing Captain America for eight year olds were simultaneously dipping their toes in both ponds The Secret History of Marvel Comics tells this parallel story of 1930s 40s Marvel Comics sharing offices with those Goodman publications not quite fit for children The book also features a comprehensive display of the artwork produced for Goodman s other enterprises by Marvel Comics artists such as Jack Kirby and Joe Simon Alex Schomburg Bill Everett Al Jaffee and Dan DeCarlo plus the very best pulp artists in the field including Norman Saunders John Walter Scott Hans Wesso L F Bjorklund and Marvel Comics 1 cover artist Frank R Paul Goodman s magazines also featured cover stories on celebrities such as Jackie Gleason Elizabeth Taylor Liberace and Sophia Loren as well as contributions from famous literary and social figures such as Isaac Asimov Theodore Sturgeon and L Ron Hubbard

**Pulp Magazine Holdings Directory** Jess Nevins,2024-10-14 Increasing literacy rates and advanced printing technology gave rise to the pulp magazine in the late 19th century Affordable disposable and commercially in demand the fiction magazines remained popular through the mid 20th century and are now frequently cited by researchers as culturally and historically significant documents This work is a comprehensive index of American pulp magazines Entries are organized alphabetically by magazine title and offer bibliographic data including author volume issue numbers dates of publication publisher and a brief categorization Each entry also includes a helpful list of current library holdings if any among American Canadian and European libraries , **Legacy** James H. Schmitz,2018-03-16 This is a classic science fiction novel by James H Schmitz that first appeared in Analog Science Fact and Fiction It tells the story of the beautiful and deadly martial artist Trigger Agree and her quest to find her associate Holati Tate Tate disappeared after discovering the Plasmoids ancient living machines that were banished to a far off part of the galaxy but no one knows why Will she succeed and unravel the mystery Find out in this thrilling tale of adventure This work is part of our Vintage Sci Fi Classics Series a series in which we are republishing some of the best stories in the genre by some of its most acclaimed authors such as Isaac Asimov Marion Zimmer Bradley and Robert Sheckley Each publication is complete with a short introduction to the history of science fiction

Cumulative Paperback Index, 1939-1959 R. Reginald,2009-12-01 This was the first bibliography and guide to the American mass market paperback book and it remains one of the most definitive The major index is by author and lists author title publisher book number year of publication and cover price The title index lists titles and authors only The publisher index provides a history of that imprint with addresses number ranges and general physical description of the books issued This is the place that all study of the American paperback must begin *Homeroom Security* Aaron Kupchik,2012-08-01 Police officers armed security guards surveillance cameras and metal detectors are common features of the disturbing new landscape at many of today s high schools You will also find new and harsher disciplinary practices zero tolerance policies random searches with drug sniffing dogs and mandatory suspensions expulsions and arrests despite the fact that school crime and violence have been decreasing in the US for the past two decades While most educators students

and parents accept these harsh policing and punishment strategies based on the assumption that they keep children safe Aaron Kupchik argues that we need to think more carefully about how we protect and punish students In *Homeroom Security* Kupchik shows that these policies lead schools to prioritize the rules instead of students so that students real problems often the very reasons for their misbehaviour get ignored Based on years of impressive field research Kupchik demonstrates that the policies we have zealously adopted in schools across the country are the opposite of the strategies that are known to successfully reduce student misbehaviour and violence As a result contemporary school discipline is often unhelpful and can be hurtful to students in ways likely to make schools more violent places Furthermore those students who are most at risk of problems in schools and dropping out are the ones who are most affected by these counterproductive policies Schools and students can and should be safe and *Homeroom Security* offers real strategies for making them so

*Guns and Contemporary Society* Glenn H. Utter, 2015-12-01 This three volume set examines various approaches to firearms including constitutional and legal issues public health and criminal justice concerns and perspectives on personal safety and self defense Recent mass shootings have led to renewed calls for additional legislation at the state and federal levels to address gun access and control In this hard hitting compilation experts delve into various aspects of firearms in America from gun control and gun rights to militia movements to school related shootings and to the recent trends in gun ownership by women Authors from varied backgrounds and viewpoints share their perspectives on the pros and cons of firearm ownership as all of the following a constitutional right a key instrument of self defense a guarantee of political freedoms and as a major factor in crime and personal injury The reference is divided into three volumes The first volume covers firearm history legislation and policy the second volume explores public opinion gun ownership trends international laws and self defense and the third considers popular debates about firearm policy including concealed carry of firearms terrorism and the ownership of firearms background checks for purchasing guns and stand your ground laws The work concludes with an informed debate on gun policy between Richard Feldman president of the Independent Firearm Owners and Paul Helmke former president of the Brady Campaign to Prevent Gun Violence

**Population Genetics and Microevolutionary Theory** Alan R. Templeton, 2021-05-04 *Population Genetics and Microevolutionary Theory* Explore the fundamentals of the biological implications of population genetic theory In the newly revised Second Edition of *Population Genetics and Microevolutionary Theory* accomplished researcher and author Alan R Templeton delivers a fulsome discussion of population genetics with coverage of exciting new developments in the field including new discoveries in epigenetics and genome wide studies The book prepares students to successfully apply population genetics analytical tools by providing a solid foundation in microevolutionary theory The book emphasizes that population structure forms the underlying template upon which quantitative genetics and natural selection operate and is a must read for future population and evolutionary geneticists and those who wish to work in genetic epidemiology or conservation biology You ll learn about a wide array of topics including

quantitative genetics the interactions of natural selection with other evolutionary forces and selection in heterogeneous environments and age structured populations Appendices that cover genetic survey techniques and probability and statistics conclude the book Readers will also benefit from the inclusion of A thorough introduction to population genetics including the scope of the subject its premises and the Hardy Weinberg Model of Microevolution An exploration of systems of mating including a treatment of the use of runs of homozygosity to show pedigree inbreeding in distant ancestors A practical discussion of genetic drift including the use of effective sizes in conservation biology with a discussion of African rhinos as an example A concise examination of coalescence including a treatment of the infinite sites model Perfect for graduate students in genetics and evolutionary biology programs and advanced undergraduate biology majors Population Genetics and Microevolutionary Theory will also earn a place in the libraries of students taking courses in conservation biology human genetics bioinformatics and genomics

*Unfuck Your Anger* Faith G. Harper, PhD, LPC-S, ACS, ACN, 2020-01-14 If you've ever been so pissed off that you did things that you regretted or ruined your own day and some other people's too this book is for you Or if you feel angry every single day and it's affecting your health and sleep and love of life Or if you've got very good reasons to be mad as hell and you aren't going to take it anymore Or if you've repressed your anger all your life and now it's all coming out at once Microcosm Publishing bestseller Dr Faith explains here what the hell is going on in your brain and how to retrain yourself to deal with enraging situations more productively and without torpedoing your relationships This is *Your Brain on Anger* gives you a heady dose of neuroscience and cultural explanation of what anger is and what it does to you and then gives you a handy four step checklist to help you deal with maddening situations after or before the fact guidance on getting over things and a chapter on forgiveness Your brain actually knows what it's doing and anger can be a good thing sometimes just not if it's ruining your life
