Ollendorff's new and easy method of learning the German language, tr. by H.W. Dulcken [With] Key Heinrich Godefroy Ollendorff, 1866 German Grammar Made Easy Lisa Kahlen, 2014-02-04 The Grammar Made Easy series is ideal for beginners wanting to advance quickly and effortlessly to a higher level and for intermediate students wishing to consolidate their grammar skills It is designed to guide the learner through the language in plain English demystifying terms such as conjunction and preposition The books consist of seven units that present basic grammar topics in an accessible and non patronising manner The interactive CD ROM provides extensive interactive grammar practice it contains around 220 activities those included in the book plus extra ones covering all the language in German Grammar Made Easy Learners work at their own pace and move through the different sections with ease Numerous grammar tips are at hand if needed All the correct answers will be recorded so that learners can practise their listening and pronunciation skills The CD ROM can be used with the book or on its own as a revision tool Dictionary of the English and German and German and English Languages Newton Ivory Lucas, 1868 **The Open Court** Paul Carus, 1915 **The Open Court** ,1915 **Peenemunde: The German Experimental Rocket Center-Introduction** David Myhra PhD, 2013-09-28 This is the story and details of Peenemunde the German military rocket development and test site during World War II It was one of the most modern technological facilities in the world in the years between 1936 and 1945 The first launch of a missile into space took place here in October 1942 In the nearby air force testing area rocket engineers tested numerous flight objects equipped with revolutionary technology From the start this research was directed toward one goal only achieving military superiority through advanced technology Slave laborers concentration camp inmates and prisoners of war provided the work that enabled the construction of the test sites and the later serial production of the rockets which the Nazi propaganda referred to as Vergeltungswaffe 2 or Vengeance Weapon 2 in so short a period of time Both the inhumane labor conditions and the attacks on Belgian British and French cities using the supposed wonder weapon claimed thousands of lives **RAF & East German Fast-Jet Pilots in the Cold War** Nigel Walpole, 2020-11-23 You will learn what these pilots went through knowing that their actions or reactions could trigger a global nuclear war Historic Aviation RAF and East German Fast Jet Pilots in the Cold War is the result of ten years of research involving many visits to the former German Democratic Republic by a small Anglo German team of military specialists Their purpose was to explore the lives of RAF and East German fighter and bomber pilots in the air and on the ground at work and play during the Cold War in North Germany The book is based largely on personal testimony from these pilots coupled with facts drawn from official archives and comment from other historical sources Where possible political considerations have been avoided and no outright criticism has been intended readers being left to draw their own conclusions on the thinking strategies equipment and tactics discussed Far from being an intellectual polemic on the Cold War the text and photographs merely record a slice of history as seen through the eyes of a select few

who took up arms in the defense of their respective homelands and faced each other daily across the Iron Curtain In an insightful conclusion Nigel Walpole reassess the threat that both sides believed was genuine during those tense decades of the Cold War and examines the possible course and nature of a conflict which neither NATO nor the Warsaw Pact wanted but both actively planned for The writer has avoided politics where possible and in doing so reassesses the threat and uncertainty and ultimately the fears both air forces faced It s truly fascinating!
