

The background of the entire cover is a stylized American flag. The top half features a blue field with white stars, and the bottom half features red and white horizontal stripes. In the center, the Statue of Liberty is depicted from the waist up, holding a torch aloft in her right hand. The statue is positioned against the stripes of the flag, with the stars above her head.

Rediscovering America:

Rediscovering America Scott S. Powell, 2022-03-08 Ever wonder why everyone wants to immigrate to America Rediscovering America answers that question and it's like no other history you have ever read More than an account of people dates and events this story is about the hidden hand of a purposeful historical development where the main actors are colorful characters participating in an American drama of little known but remarkable events where overcoming incredible odds of failure is more unbelievable and engaging than fiction And while each chapter is a stand alone tale some quite wild about what is behind each of the American holidays the page and chapter turning appeal of Rediscovering America is in the narratives that link the holiday stories together revealing an account of progress and redemption in America covering over four hundred years never before told in a concise and readable book

Rediscovering America's Sacred Ground Barbara A. McGraw, 2012-02-01 Returning to the ideas of John Locke and the Founders themselves Barbara A McGraw examines the debate about the role of religion in American public life and unravels the confounded rhetoric on all sides She reveals that no group has been standing on proper ground and that all sides have misused terminology religion secular dichotomies public private and concepts separation of church and state in ways that have little relevance to the original intentions of the Founders She rediscovers a theology underlying the founding documents of the nation that is neither anyone's particular religion nor one requiring religion Instead it justifies freedom of conscience for all and provides a two tiered public forum a civic public forum and a conscientious public forum for the debate itself and the actions that debate inspires America's Sacred Ground this theology and its public forum determines the meaning of freedom and the ways in which Americans can pursue the good good government good communities good families good relations between individuals and good individuals from a plurality of perspectives By exploring our past McGraw answers the critical question Who are we as a people and what do we stand for

Rediscovering America's Hidden Wilderness Pasquale De Marco, 2025-08-08 Embark on an extraordinary journey through America's hidden wilderness with Rediscovering America's Hidden Wilderness the ultimate guide to the breathtaking public lands that lie beyond our national parks Discover a world of towering mountains serene lakes ancient forests and vibrant deserts each offering a unique tapestry of natural wonders and cultural heritage From the rugged peaks of the Sierra Nevada to the tranquil shores of Lake Superior from the sun kissed canyons of the Colorado Plateau to the verdant islands of the Pacific Northwest this comprehensive guide showcases the diverse ecosystems and breathtaking vistas that define America's public lands Whether you are an experienced hiker an aspiring photographer or simply a nature enthusiast seeking solace Rediscovering America's Hidden Wilderness offers something for every outdoor enthusiast Uncover hidden trails that lead to secluded waterfalls ascend majestic mountains that offer panoramic views and immerse yourself in tranquil forests that rejuvenate the soul Beyond its aesthetic appeal Rediscovering America's Hidden Wilderness also serves as a call to action reminding us of the importance of protecting and preserving our public lands for

future generations Through responsible recreation and advocacy we can ensure that these natural treasures remain unspoiled providing a legacy of adventure inspiration and ecological balance for years to come Join Pasquale De Marco on an extraordinary journey through America s hidden wilderness where every chapter promises a new discovery every trail leads to a breathtaking vista and every encounter with nature leaves an enduring mark on your soul If you like this book write a review *Rediscovering America* Scott S. Powell,2022-02-01 The only book ever written in the history genre that succinctly tells the progressive and redemptive course of America as revealed in the stories behind the American holidays Ever wonder why everyone wants to immigrate to America *Rediscovering America* answers that question and it s like no other history you have ever read More than an account of people dates and events this story is about the hidden hand of a purposeful historical development where the main actors are colorful characters participating in an American drama of little known but remarkable events where overcoming incredible odds of failure is more unbelievable and engaging than fiction And while each chapter is a stand alone tale some quite wild about what is behind each of the American holidays the page and chapter turning appeal of *Rediscovering America* is in the narratives that link the holiday stories together revealing an account of progress and redemption in America covering over four hundred years never before told in a concise and readable book

Querverbindungen **Philosophical Theory and the Universal Declaration of Human Rights** William Sweet,2003 *Philosophical Theory and the Universal Declaration of Human Rights* examines the relations and interrelations among theoretical and practical analyses of human rights Edited by William Sweet this volume draws on the works of philosophers political theorists and those involved in the implementation of human rights The essays although diverse in method and approach collectively argue that the language of rights and corresponding legal and political instruments have an important place in contemporary social political philosophy Published in English Taking Religious Pluralism Seriously Barbara A. McGraw,Jo Renee Formicola,2005 The clash between the religious right and the secular left undermines any serious debate about the role of religion in American public life Such strident cultural rhetoric often ignores the positive contributions of

America's many religions By contrast this volume celebrates America's religious diversity demonstrating that religious pluralism is actually one of democracy's basic building blocks Taking Religious Pluralism Seriously expands on Barbara A McGraw's framework for understanding religious participation in public life a two tiered public forum consisting of the civic public forum and the conscientious public forum The chapters explore how diverse religious communities and traditions including newer and marginalized religions can make a meaningful contribution to American society and politics **The Artisan**, 1921 America Needs Human Rights Anuradha Mittal, Peter Rosset, 1999 The time has come to stand up for what's right in America We may be in the middle of economic recovery but millions of Americans are not sharing the benefits The growing ranks of those without adequate food jobs shelter or health care challenge our fundamental notions of right and wrong America Needs Human Rights makes a powerful case that both the letter and spirit of universally recognized human rights are routinely violated in America by government policies that safeguard profits rather than people Topics includes understanding human rights basic needs and human rights the new American crisis poverty in America welfare reform and human rights policy options and movement building
