Revelations Of A Russian Diplomat

Dmitrii I. Abrikossow

Revelations Of A Russian Diplomat:

Revelations of a Russian diplomat. The Memoirs of Dmitrii I. Abrikossov. Ed. by George Alexander Lensen. [Illustr.] (1. ed.) Dmitrii Ivanovich Abrikosov, 1964 Karl W. Ryavec, 2005 This unique study provides an original nitty gritty view of the true nature and operation of Russia's state bureaucracy from the imperial period to the present including the Putin presidency The only book length exploration of the problems and deficiencies of Russian bureaucracy since tsarist times this detailed work sheds important new light on Russian public administration an often overlooked but key barrier to Russian normalization and democratization Revelations of a Russian Diplomat Dmitrii I. Abrikossov, 1968-02

Revelations of a Russian Diplomat. Edited by George Alexander Lensen Dmitrii Ivanovich Abrikosov, George Alexander Lensen, 1964 *Revelations of a Russian diplomat: the memoirs of Dmitrii I. Abrikossov, ed* Dmitrii I. Abrikossov, George Alexander Lensen, Russian and Soviet Diplomacy, 1900-39 Alastair Kocho-Williams, 2011-12-13 Addressing the impact of the Russian Revolution and change and continuity in diplomacy during the transition from Empire to Soviet Union this book examines how Russia's diplomacy was conducted the diplomats behind it the establishment of the Soviet diplomatic corps and the steps taken to integrate the Soviets into the diplomatic world **How Russia Lost Bulgaria, 1878-1886** Mikhail S. Rekun, 2018-11-23 How Russia Lost Bulgaria looks at the rapid breakdown in Russo Bulgarian relations in the years following the Russian liberation of Bulgaria in the Russo Turkish War of 1877 1878 Initially the Russian Empire and the Principality of Bulgaria were close allies bound together by sentiment by geopolitical reality and by strong administrative links the Bulgarian Minister of War was a Russian general on detached duty from the Imperial Army to pick just one example Yet by 1886 only eight years later relations degenerated to such a point that a Russian backed coup overthrew the Bulgarian monarch The two countries would cut diplomatic relations for years How Russia Lost Bulgaria argues that the behavior of Russian military and diplomatic agents in Bulgaria caused this rapid turnabout These agents acted in a tactless obnoxious fashion that offended the pride and sensibilities of both local Bulgarian politicians and of the German born Russian appointed Prince Alexander von Battenberg Having a Russian Consul General refer to the leader of Bulgaria's majority party as an unwashed uncombed country bumpkin did not improve relations certainly But to write off Russia's agents in Bulgaria as bunglers and imbeciles is neither accurate nor intellectually satisfying Underlying their actions is the fact that the Russian Ministry of Foreign Affairs was a weak and disorganized institution and it failed to either develop a coherent policy approach to relations with Bulgaria or to force its agents to carry out an approach once it was developed Left to their own devices Russian agents in Bulgaria fell back on their own ideas of how to advance the Russian Empire's position and in so doing they drove Russia's relationship with a vital client state straight into the ground Revelations of a Russian Diplomat Dmitrii Ivanovich Abrikosov, 1964 M moires d un diplomate sovi tique qui a servi plus particul ierement en Chine et au Japon En 1945 il gagne les Etats Unis d Am rique ne voulant plus servir l Union Sovi tique **Manchurian**

Railways and the Opening of China: An International History Bruce Elleman, Stephen Kotkin, 2015-01-28 The railways of Manchuria offer an intriguing vantage point for an international history of northeast Asia Before the completion of the Trans Siberian railway in 1916 the only rail route from the Imperial Russian capital of St Petersburg to the Pacific port of Vladivostok transited Manchuria A spur line from the Manchurian city of Harbin led south to ice free Port Arthur Control of these two rail lines gave Imperial Russia military economic and political advantages that excited rivalry on the part of Japan and unease on the part of weak and divided China Meanwhile the effort to defend and retain that strategic hold against rising Japanese power strained distant Moscow Control of the Manchurian railways was contested in the Russo Japanese War of 1904 5 Japan s 1931 invasion and establishment of the puppet state of Manchukuo the second Sino Japanese War and World War II in Asia and the Chinese civil war that culminated in the Communist victory over the Nationalists Today the railways are critical to plans for development of China s sparsely populated interior This volume brings together an international group of scholars to explore this fascinating history

Imperial Rivals Sarah C.M. Paine, 2023-05-31 Based on archival research this is a history of the Russo Chinese border which examines Russia s expansion into the Asian heartland during the decades of Chinese decline and the 20th century paradox of Russia s inability to sustain political and economic sway over its domains

Cracking the Crab James D.J. Brown, 2025-05-12 Richard Sorge is one of history s most famous spies This hard drinking womanising motorcycle crashing Soviet officer penetrated the German embassy in Tokyo during the 1930s and gathered intelligence credited with changing the course of the Second World War It is an intriguing tale but Sorge s spy ring was just one chapter in a much longer history of Russian and Soviet espionage in and against Japan *Cracking the Crab* tells the extraordinary full story of Russian intrigue targeting Japan from first encounters in the eighteenth century to the Soviet declaration of war in August 1945 Colourful episodes include Gojong King of Korea being smuggled into the Russian legation dressed as a woman in 1896 the 1927 Tanaka Memorial an infamous forgery purporting to be Japan s hidden plan for world domination and the secret intelligence of Nero a Soviet agent supplying invaluable insight into Japanese strategy during the Second World War From Russians murdered in broad daylight in Meiji Tokyo to Soviet honey traps and white magic at the Battle of Nomonhan this is a landmark history of the covert struggle between two great powers of the modern age

Asymmetric Conflicts T. V. Paul, 1994-03-10 This book examines a question generally neglected in the study of international relations why does a militarily and economically less powerful state initiate conflict against a relatively strong state T V Paul analyses this phenomenon by focusing on the strategic and political considerations domestic and international which influence a weaker state to initiate war against a more powerful adversary The key argument of deterrence theory is that the military superiority of the status quo power coupled with a credible retaliatory threat will prevent attack by challengers The author challenges this assumption by examining six twentieth century asymmetric wars from the Japanese offensive against Russia in 1904 to the Argentine invasion of the Falkland Islands in 1982 The book s findings have wide

implications for the study of war power deterrence coercive diplomacy strategy arms races and alliances Politics of Hybrid Warfare Jakub Eberle, Jan Daniel, 2023-06-23 This is a first book long analysis showing how the notion of hybrid warfare was used to transform security policies and discourses in an EU NATO country Building on current debates in International Political Sociology Critical Security Studies and Critical Geopolitics it provides a novel account of how crisis geopolitics uncertainty and expertise are intertwined in the social construction of threats Based on extensive and original empirical research of large textual archive and elite interviews in the Czech Republic and Brussels the book shows how officials bureaucrats journalists activists and experts all participate in the reshaping of security in a new geopolitical environment Zooming on the case of Czechia and its specific Central European context it complements the predominantly Western centric studies of insecurity with an account of how the liminal position on an East West boundary influences security politics As a first study of its kind and scope it will be of interest to academics and students interested in Central European politics practices and discourses of hybrid warfare as well as critical approaches to security and geopolitics

Railways and the Russo-Japanese War Felix Patrikeeff, Harry Shukman, 2007-02-06 This book explores the nexus between railways and the Russo Japanese War 1904-05 the first modern war and one in which the railways played a key part Felix Patrikeeff and Harry Shukman examine some of the key dimensions of the Russo Japanese War most notably how uncomfortably technological and human dimensions of Russia's war effort interleaved in the course of the conflict They demonstrate how advantages that might have been built upon were squandered blunt traditional forms and habits were applied in politically tortuous contexts and technological edge negated by the internal turmoil of a country unable to tame a process of modernization Illustrating the vital role railways played in the Russo Japanese War generally considered to be the first modern technological conflict and a precursor to the First World War Railways and the Russo Japanese War will appeal to students of the Russo Japanese War Russian history military history and international history in general *The Eurasian Triangle* Hiroaki Kuromiya, Georges Mamoulia, 2016-04-25 Even the best books on international history are ignorant of the secret war against the Russian Empire and the Soviet Union waged jointly by the Caucasian peoples and Japan in the first half of the twentieth century This book explores and exposes previously unknown passages in Eurasian international history Although the secret war ultimately failed in liberating the Caucasian peoples the lessons of this Eurasian collaboration were not lost on the United States which after World War II confronted the Soviet Union just as Japan had earlier Washington copied the strategy of its former enemy and developed it further The Eurasian triangle of Russia the Caucasus and Japan is a forgotten history of cardinal importance that stretching from the Russo Japanese War to World War II influenced Western Cold War strategies This book is also the story of a friendship rare in international politics between two unlikely partners unspoiled by political vicissitudes *Britain, Russia and the Road to the First World War* Dr Marina Soroka, 2013-07-28 For much of the later nineteenth century Britain regarded Russia as its main international rival particularly as regarded the

security of its colonial possessions in India Yet by 1907 Russia's political revolution financial collapse and military defeat by Japan transformed the situation resulting in an Anglo Russian rapprochement As this book makes clear whilst international affairs lay at the root of this new relationship personal factors also played an important role in reversing many years of mutual animosity and suspicion In particular the study explores the influence of the liberal anglophile Count Aleksandr Benckendorff the Russian ambassador in London between 1903 and 1916 By 1905 Russia's multiple weaknesses required a prolonged period of external peace by eliminating frictions with the principal rival powers Britain and Germany while France and Britain realised that a British rapprochement with Russia would be necessary to counter Germany's power Benckendorff as one of the most important figures in the Russian diplomatic service persuaded Nicholas II and his Foreign Minister V N Lamsdorff to drop their objections to various long standing British demands in order to pave the way for a Triple Entente Although the overarching Russian strategy was conceived as balancing the imperial rivalries of Britain and Germany numerous factors not least Benckendorff's energetic pro British stance upset the scales and resulted in a stand off with the Central Powers Demonstrating how Benckendorff's fear of losing Britain's friendship made him oppose all Russia's efforts at improving Russo German relations this book underlines the pro Entente policy's role in setting Russia on the road to war For when the Sarajevo crisis struck there was now no hope of appealing to German goodwill to help defuse the situation Instead Russia's status within the Entente depended on a show of determination and strength which lead inexorably to a disaster of the Great War

Alliance in Decline Ian Nish, 2013-12-17 Following his earlier account of The Anglo Japanese Alliance from 1894 to 1907 Dr Nish's book studies the renewal of the alliance in 1911 and the working relationship between the two countries until the alliance ended in 1923 First published in 1972 this title is part of the Bloomsbury Academic Collections series

Britain, Russia and the Road to the First World War Marina Soroka, 2016-04-15 For much of the later nineteenth century Britain regarded Russia as its main international rival particularly as regarded the security of its colonial possessions in India Yet by 1907 Russia's political revolution financial collapse and military defeat by Japan transformed the situation resulting in an Anglo Russian rapprochement As this book makes clear whilst international affairs lay at the root of this new relationship personal factors also played an important role in reversing many years of mutual animosity and suspicion In particular the study explores the influence of the liberal anglophile Count Aleksandr Benckendorff the Russian ambassador in London between 1903 and 1916 By 1905 Russia's multiple weaknesses required a prolonged period of external peace by eliminating frictions with the principal rival powers Britain and Germany while France and Britain realised that a British rapprochement with Russia would be necessary to counter Germany's power Benckendorff as one of the most important figures in the Russian diplomatic service persuaded Nicholas II and his Foreign Minister V N Lamsdorff to drop their objections to various long standing British demands in order to pave the way for a Triple Entente Although the overarching Russian strategy was conceived as balancing the imperial rivalries of Britain and Germany numerous factors not least

Benckendorff's energetic pro British stance upset the scales and resulted in a stand off with the Central Powers Demonstrating how Benckendorff's fear of losing Britain's friendship made him oppose all Russia's efforts at improving Russo German relations this book underlines the pro Entente policy's role in setting Russia on the road to war For when the Sarajevo crisis struck there was now no hope of appealing to German goodwill to help defuse the situation Instead Russia's status within the Entente depended on a show of determination and strength which lead inexorably to a disaster o

Imperial Japan and National Identities in Asia, 1895-1945 Robert Cribb, Narango Li, 2020-08-26 Between 1895 and 1945 Japan was heavily engaged in other parts of Asia first in neighbouring Korea and northeast Asia later in southern China and Southeast Asia During this period Japanese ideas on the nature of national identities in Asia changed dramatically At first Japan discounted the significance of nationalism but in time Japanese authorities came to see Asian nationalisms as potential allies especially if they could be shaped to follow Japanese patterns At the same time the ways in which other Asians thought of Japan also changed Initially many Asians saw Japan as a useful but distant model but with the rise of Japanese political power this distant admiration turned into both cooperation and resistance This volume includes chapters on India Tibet Siberia Mongolia Korea Manchukuo China Taiwan Vietnam Thailand the Philippines and Indonesia Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1968 Includes Part 1 Number 1 Books and Pamphlets Including Serials and Contributions to Periodicals January June

Revelations Of A Russian Diplomat Book Review: Unveiling the Magic of Language
